3M Silver Weather-Resistant Masking Tape 225

Product Description	3M [™] Silver Weather-Resistant Masking Tape 225 is used for masking when outdoor weather resistance is needed for up to one month.				
Product Construction	Backing	Adhesive	Color	Standard Roll Length	
	Silver colored smooth crepe paper treated with a moisture and light resistant saturant	Rubber adhesive with good holding power	Silver	55 m (60.15 yds.)	
Typical Physical Properties	Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.				
	Important Notice: 3M has recently changed the backing and adhesive of this product and the facility manufacturing this product. The following technical data is from tests conducted on samples taken from limited production runs of the tape at the new facility. 3M will continue to test samples from additional production runs and will issue a new technical data sheet if the test results change. 3M recommender you test this revised product to make sure it is fit for your particular purpose and suitable for your application.				
				ASTM Test Method	
	Adhesion to Steel:	33 oz./in. width (36 N/100 m	,	D-3330	
	Tensile Strength:	21 lbs./in. width (368 N/100	mm width)	D-3759	
	Elongation at Break:	9% 5.0 mile (0.45 mm)		D-3759	
	Tape Thickness: Temperature Use Range:	5.8 mils (0.15 mm) Up to 200°F (93°C) for up to Removes cleanly	30 min.	D-3652	
Features	• Rubber adhesive provides instant adhesion that sticks easily to most surfaces.				
	• Resists lifting and curling due to the good holding power of the adhesive.				
	• Saturated crepe backing provides conformability for easy handling and application.				
	• Tears easily to reduce waste and provide ease of application and handling.				
	• Tears easily to reduce wa	ste and provide ease of ap	plication a	nd handling.

3M[™] Silver Weather-Resistant Masking Tape 225

Storage	Store under normal conditions of 70°F (21°C) and 50% R.H. in the original carton.		
Shelf Life	To obtain best performance, use this product within one year from date of manufacture.		
Product Use	All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.		
Warranty and Limited Remedy	Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. 3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNES FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price.		
Limitation of Liability	Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.		
	This Industrial Adhesives and Tapes Division product was manufactured under a 3M quality system registered to ISO 9001:2000 standards.
