

**3M** Science.  
Applied to Life.™

# Perfect Utility, Ultimate Versatility.

**It's not metal, but it sure acts like it.**

Our mission is to **take the pain OUT** of painting — that means cleaning and maintenance — and it's got to be done **without sacrificing performance.**

We added extra atomizing air holes to the new 1.2 mm and 1.3 mm atomizing heads to ensure you're getting the premium performance you expect out of your metal guns, while making cleaning quick and easy with see through atomizing heads.

With five sizes of atomizing heads, make Accuspray™ ONE Spray Gun your ultimate utility gun and *the perfect complement to your collection.*

## Built for Bumpers

With the new 1.2 mm and 1.3 mm atomizing heads, you can go from start to finish on bumpers: primer, sealer, basecoat and clearcoat.

## Shoot 'N' Share

New prepper, helper or painter in the shop? The utility gun you can feel confident sharing, no matter the application. New head = new gun.

## Small Parts Made Simple

Every job, no matter the size, means cleaning. Make the small ones quick and painless with see-through, replaceable atomizing heads.

## ONE Gun = ONE Trip Into the Paint Booth

Multiple parts in the booth? With five sizes to choose from, go from primer-to-clear and never leave the booth! Choose the preferred size for your application, or follow paint company spray gun setup recommendations.
