SPEED WITHOUT COMPROMISE.

Upgrade to the Scotch-Brite™ Clean and Strip XT Pro or XT Pro Extra Cut for rust and coatings removal.

Delivering uncompromising results metalworkers have expected from Scotch-Brite™ Clean and Strip for nearly 40 years with a faster speed rating, convenient quick-change threaded hub and extended life.

FLEXIBILITY WITHOUT WEAKNESS.

With reengineered fiber, Scotch-Brite™ Clean and Strip discs offer increased conformability without undercutting strength.

Rated for high speeds, both the Scotch-Brite™ Clean and Strip XT Pro and XT Pro Extra Cut spin easily onto your angle grinder with a quick-change threaded hub – no accessories needed. A strengthening resin bond reveals new high-strength fibers and sharp mineral as it breaks down to deliver a consistent cut over time.

- Quickly removes rust, paint, adhesives and other coatings
- High conformability provides a larger contact patch for faster removal rates
- High-strength fiber reduces chunking and disc performs well on edges
- Reduced loading and smearing*
- Increased speed rating and low vibration
- Now available with a quick-change hub for right angle tools

*When compared to coated abrasives.

CHOOSE YOUR CUT.

The new Scotch-Brite™ Clean and Strip discs were designed with conformable, high-strength fibers that deliver quick and consistent performance. But, each has its own unique place in your metalworking operations. **Which one is right for you?**
