

3M

**Goodbye dust.
Hello profits.**

powered by

FESTOOL
Automotive Systems

Introducing the Total Automotive Sanding System

**Engineered to support the ongoing
need for cleaner, safer, more efficient
and profitable shops.**

Best-in-class 3M abrasives combined with premium Festool Automotive Systems power tools and dust extraction solutions. Behold the power of collaboration.

Profitability + efficiency

Improved dust extraction and workstation organization can help reduce rework and wasted time, boosting your bottom line.

Health + safety

Designed with the technician's safety in mind, including improved ergonomics. Something we can all feel good about.

SERVICE all-inclusive

Every tool system comes with an industry-leading package of service and support. For service at the same caliber as your tools.

Body repair system

Less dust. More efficiency.

Body repair system recommended tools:

Goodbye dust. Hello service.

Meet SERVICE all-inclusive Available for Festool Automotive Systems Tools

To go with the most comprehensive system the industry has ever seen, the most impressive service and support program available.

SERVICE all-inclusive applies to all machines registered within 30 days after purchase which were purchased on or after July 5th, 2016.

36-Month Comprehensive Warranty

The most comprehensive warranty in the industry provides coverage from 36 months of the date of purchase.

30-Day Money Back Guarantee

Customers are provided with a no-risk, 30-day money-back guarantee. If they are not completely satisfied, they can return the tool for a refund.

10-Year Parts Availability

Spare parts availability is guaranteed for 10 years, providing long-term repair support.

48-Hour Standard Repair

Most tools are repaired and ready to ship back to the customer within 48 hours of the tool being received by the service department.

3-Year Free Shipping

Festool Automotive Systems will cover the cost of shipping tools to the service department and back to the customer for the first three years with our online repair form.

Dedicated Service Hotline

Factory-trained service professionals are available for troubleshooting and questions about repairs at 888-337-8600.

24/7 Online Service Hub

Access spare parts catalogs and product manuals, fill out repair forms and mailing labels, and review video content online anytime.

The Total Automotive Sanding System is engineered to support the ongoing need for cleaner, safer, more efficient and profitable shops.

Profitability + efficiency

- Reduces the amount of dust in the air from sanding, leading to less rework, driving improved cycle time and process efficiency.
- Reduces cleanup time.
- Enhances workplace efficiency by reducing time spent searching for tools and materials.
- Workcenter enables the use of abrasives to end of life, leading to reduced material spend.
- Increases technician mobility.

The Total Automotive Sanding System incorporates the benefits of 3M high performing abrasives, such as:

- 3M™ Cubitron™ II abrasives that cut 30% faster and last up to twice as long as other premium abrasives.
- 3M™ Trizact™ abrasives that leave a finer, more uniform finish.
- 3M™ Perfect-It™ Paint Finishing System, designed to provide a fast, swirl-free finish every time.

Health + safety

- Designed with the technician's safety in mind.
- Integrated dust extraction system reduces dust.
- Anti-static hose.
- Ergonomic, non-slip tool design.
- Pad brake means less tool free spin.
- Improves shop cleanliness.

⚠WARNING

Before using any of the listed products, it is important to read all applicable product user instructions and warnings for health and safety information. **Misuse or failure to follow instructions or warnings may result in serious injury or death.** Note: the Festool mobile dust extractor is not approved for use with aluminum dust.

⚠WARNING

Respiratory Products

These respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the *User Instructions* provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including, but not limited to, training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. **Misuse may result in sickness or death.**
