SPRING 2020

FULL LINE CATALOG, ISSUE 45

A.T.L.A.S.

PURPOSE-BUILT APPAREL AND GEAR FOR
LIFE'S MOST DEMANDING MISSIONS

We are innovators who make
purpose-built technical
apparel and gear for life's
most demanding missions.

5.11 ®

In 2003, we founded 5.11 Tactical® to provide purpose-built clothing and gear for the first responder and military communities. It has been our honor and privilege to serve you ever since. Today, we outfit and equip professionals and enthusiasts around the world. It's an incredibly exciting time at 5.11—filled with both product and operational innovations.

We also always listen to you. You are our primary design partner. You have to be. We work hand-in-glove with the input of top tactical professionals and the most serious technical end-users. The technologies and materials we create as a function of this partnership process are incorporated across our merchandise collection—into our clothing, our footwear, our gear—indeed, into our very brand. Our products and processes are tailored to solve mission-critical challenges and tough use cases, so what's good enough for our professional end-user is good enough for the zealous amateur.

This Spring 2020 Full Line Catalog, is packed with both core and new products, engineered to last, to look good, and to help you perform better—whatever you do. It includes the ground-breaking A.T.L.A.S. Boot System, the Prime Plate Carrier and more. We are also excited to introduce two new men's Defender-Flex pants and Apex™, ABR™ Pro and 5.11 Stryke® pants built for women.

5.11 also knows that great product is only half the equation. The other is service. So, we've invested heavily in our infrastructure and operations, including a new state-of-the-art Ops Center in Manteca, California, that raises the bar on operational excellence. The 404,000-square-foot facility is also home to The 5.11 Custom Shop, where a dedicated embellishment team customizes 5.11 uniforms to spec and delivers them ready for duty.

Respectfully,

A handwritten signature in black ink that reads "F. J. Morales".

Francisco J. Morales
CEO, 5.11 Tactical

5.11 FABRIC FEATURES

Fabric is engineered to avoid snagging for long-term durability and easy wear while retaining its ability to move and stretch.

Achieved through fabrics that offer both stretch characteristics and durability.

Provides superior evaporation and heat management for comfort in hot and humid conditions.

Achieved through fabrics and construction methods that allow greater airflow and breathability.

FAVORITE FEATURES

STRETCH Our favorite feature. Fabrics engineered for flexibility and movement to keep you comfortable and always ready.

READY POCKET™ 5.11's patented chest pocket design (internal or external). Store your phone, notebook, plane tickets or other essentials within easy reach.

PHONE POCKET Pockets built for easy carry of your phone or other items, perhaps even a rifle or pistol magazine or two.

RAPIDDRAW Designed and built with features to allow the fast presentation of a concealed sidearm.

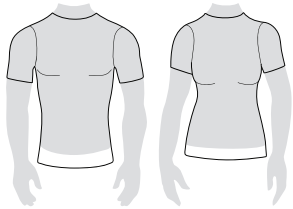

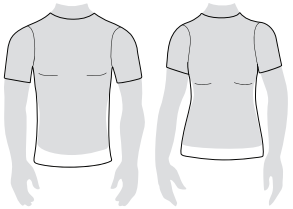

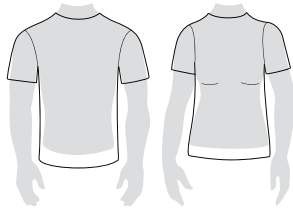

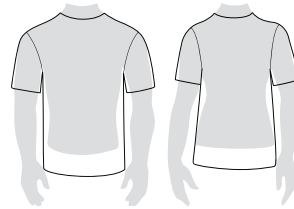

ID PANELS Built with customizable ID panels that can be stowed away or shown for agency identification.

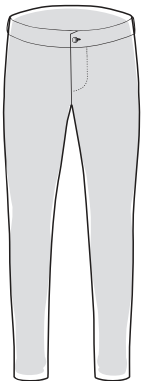

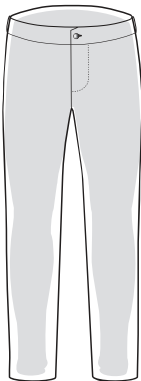

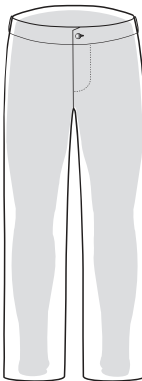

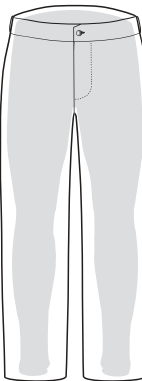

PACKABLE Jackets that pack into their own pockets. Stow away in your vehicle or luggage to be ready for changing weather.

SIZING INSTRUCTIONS

Using a measuring tape, measure your body (not over clothing) and refer to these body charts to determine the best size. If you fall between sizes, we recommend ordering the larger size.

Men: Use your chest, arm length and neck measurements to determine the proper size for tops and outerwear; use your waist measurement (where you wear your pants) for bottoms and belts.

Women: Use your chest measurement to determine the proper size for tops and outerwear; use your waist (smallest point) and hip measurements for bottoms; use your waist measurement (where you wear your pants) for belts.

HOW TO MEASURE YOUR BODY

Chest: Measure under arms and around the fullest part of your chest with measuring tape parallel to the floor.

Waist: Measure around the natural part of your waist (Men - where you wear your pants / Women - the smallest part of your waist).

Neck: Measure around the base of your neck.

Hip: Stand with your feet together and measure around the fullest part of your hip with the measuring tape parallel to the floor.

Arm Length: Slightly bend elbow and measure from center back neck, over top of shoulder and down to wrist.

Inseam: Measure inside of leg from crotch to ankle or desired length.

MEN'S BODY MEASUREMENTS

Alpha Size	XS		S		M		L		XL		2XL		3XL		4XL		5XL		6XL

DEFENDER FLEX URBAN PANT

SLIM FIT

The Defender-Flex Urban Pant incorporates needs and wants expressed after the success of the Defender-Flex Jean series. It gives you a pant with all the features that made its predecessors so successful, but with a look that makes it more appropriate for office wear or an enjoyable evening out (jacket, no tie).

Flex-Tac® stretch twill means you can move in them; the stain- and soil-resistant Teflon™ finish eliminate worries about what you'll get into when you do. The Defender-Flex Urban Pant has five pockets, plus two extra back mag pockets in case you're called upon to do work. The belt loops are reinforced for durability, as are the front hand pockets.

- + 7.3-oz., 68% polyester / 32% cotton Flex-Tac® twill, rinse washed
- + Teflon™ finish for stain and soil resistance
- + 5-pocket denim styling plus back yoke pockets
- + Fitted waistband

5.11 RECON® POWER TRACK PANT SLIM FIT

You don’t have to run a crazy-fast 40-yard dash to wear the RECON Power Track Pant. You just have to prefer casual, yet streamlined style with light utility built in. Stretchy, snag-resistant fabric means this pant will stand up to your workout or day out, for as long as you want to push it. The front hand pockets are built with a welded zipper closure to keep your keys, phone or ID from flying away while you’re running in the fast land or outmaneuvering the competition. No matter what your day entails, your look will last, with the draw cord waistband to keep the pant in place. Imported.

- + 8.8-oz., 90% polyester / 10% elastane terry

**NEW****CARSON SHORT-SLEEVE SHIRT**

REGULAR FIT

The Carson Short-Sleeve is a CCW classic (or will be). Clean lines and a classic casual snap-front style present a relaxed look while reducing the print of your sidearm and standing by for any eventuality...in no small part thanks to the RAPIDDraw™ placket it has aboard. Happily, Carson comes in a sufficient variety of solid colors and plaids to keep you dressed every day of the week.

- + 3.1-oz., 60% cotton / 40% polyester poplin, rinse wash
- + Left chest patch pocket

NEW
VENTURE SHORT-SLEEVE SHIRT **REGULAR FIT**

Validate your wardrobe before you venture forth - can it handle whatever you might encounter? Does it let you move without discomfort? You'll be answering in the affirmative if you're wearing this stylish short-sleeve collared shirt. It's made with a 5.3 oz. 55/45 blend of Pima cotton/ polyester fabric with an enzyme finish and features side seam vents for air circulation. A pen guide at the chest pocket and another on the left sleeve provide utility, and the button front placket give the shirt a relaxed but semi-professional air.

- + 5.3-oz., 55% pima cotton / 45% polyester jersey knit with an enzyme finish
- + Left chest patch pocket and pen pocket on wearers left sleeve

41233 Venture Short-Sleeve Shirt | Black 019, Blueblood 622 | XS-2XL |

NEW
TANGO SHORT-SLEEVE SHIRT **REGULAR FIT**

Conspicuous. Perceptible. Prominent. None of these are words you want associated with a weapon carried casually or off duty. The choice of a good cover garment is paramount, which is why we've added the Tango Short-Sleeve Shirt to our lineup. The Vent-Tac™ fabric falls naturally and allows airflow, while the colors of the shirt themselves help reduce printing. There's also a RAPIDraw™ placket gives the wearer fighting functionality. Note chest pocket with flap and pen guide and branded metal case buttons and snaps.

- + 2.3-oz., 76% polyester / 24% nylon with Vent-Tac™ properties and a moisture-wicking finish
- + Left chest pocket with button flap closure

71397 Tango Short-Sleeve Shirt | Volcanic 098, Ranger Green 186, Patina 900 | XS-2XL |

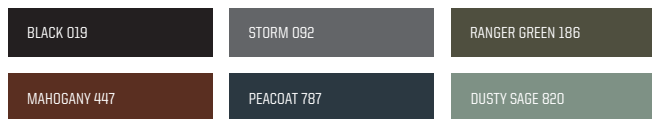

FREEDOM FLEX™ SHORT-SLEEVE SHIRT REGULAR FIT

Built for any task, anywhere, this shirt delivers ultimate comfort with mechanical stretch fabric, wicking finish and perforated sections throughout. RAPIDDraw™ placket and chest pockets complete its tactical purpose. Imported.

- + 3.3-oz., 100% polyester mechanical stretch fabric with Enduro-Flex™ properties and a moisture wicking finish
- + Front chest pockets and pen pocket on left sleeve

71340 Freedom Flex™ Short-Sleeve Shirt | Black 019, Storm 092, Ranger Green 186, Mahogany 447, Peacoat 787, Dusty Sage 820 | S-2XL |

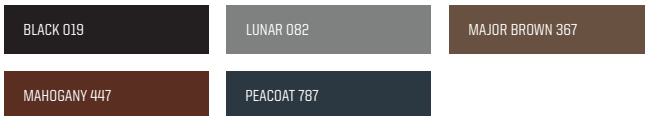

FLEX-TAC TWILL SHORT-SLEEVE SHIRT REGULAR FIT

You want a shirt that stands up to the day in front of you, and even more? You need our Flex-Tac® Twill shirt with Teflon™ finish. It's unquestionably durable, but also remarkably comfortable. Our Flex-Tac® Twill is an ideal blend of cotton and polyester that feels great to the touch. The perforated side panels are made of 5.11's signature woven Freedom Flex fabric with wicking technology to keep you cool and dry. The casual look of a regular fit and dual chest patch pockets add to the finish and style of this tactical shirt. Imported.

- + Main fabric is 5.8-oz., 73% poly / 37% cotton Flex-Tac® twill with Teflon™ finish and rinse wash. Vent-Tac™ inserts are 3.3-oz., 100% poly
- + Teflon™ finish for stain and soil resistance

71390 Flex-Tac® Twill S/S Shirt | Black 019, Lunar 082, Major Brown 367, Mahogany 447, Peacoat 787 | XS-2XL |

PARAMOUNT POLO REGULAR FIT

Don't be fooled by the Paramount Polo's feather-light, 4.5-oz 100% polyester fabric. Sure, it's made for ultimate comfort, we'll give you that. But its snag-resistant knit fabric, moisture-wicking capabilities and anti-odor performance come together to give you a true performance edge. This polo offers high-end professional construction in a shirt with a casual look and feel. You're sure to find the pen pocket at the left sleeve and underarm gussets for freedom of movement particularly useful, especially on days that start off at the office and end on the range. Imported.

- + 4.5-oz., 100% polyester jersey knit with Enduro-Flex™ properties plus moisture wicking and odor-control
- + Pen pocket on left sleeve

**NEW****CAMS SHORT-SLEEVE BASE LAYER****COMPRESSION FIT**

The CAMS base layer tee is an outstanding concealed carry alternative to IWB or appendix-carry. It's built with a tee style upper body using a 4.1 oz. 60% cotton/40% polyester jersey above a compression-fit lower body. Both are moisture wicking, but the top looks like a typical, everyday t-shirt - perfect to wear beneath a collared shirt or similar garment.

A body pocket on either side for firearm and/or accessories provides a quick, comfortable, extremely low visibility solution for a firearm in any sort of casual or off-duty environment. The integral odor-control fabric and 4mm ultralite Ortholite® padding will keep you comfortable while fighting the funk of sustained activity.

- + Upper body is 4.1-oz., 60% cotton / 40% polyester jersey with moisture wicking; lower body is 5.1-oz., 86% poly / 14% elastane jersey with moisture wicking and odor-control
- + Pocket features 4mm Ortholite™ padding and 8.8-oz., 92% polyester / 8% elastane spacer mesh with moisture wicking and odor-control

No matter how rugged your adventure or work gets, you have options with the Reversible Jacket. The poly/cotton ripstop outer jacket reverses to show its inner fleece jacket. Talk about adapting on the fly. And when you need to act quickly, zip hand pockets with internal RAPIDraw™ pass through give you seamless access to your CCW. The rib-knit collar, sleeve cuffs and waistband give this jacket the subtle contrasts you need to wear it just about anywhere. Imported.

- + Outer Jacket: 6.2-oz., 65% polyester / 35% cotton ripstop with Teflon™ finish for stain and soil resistance
- + Inner Jacket: 5.9-oz., 100% polyester anti-pilling micro fleece

SURPLUS JACKET

Military styling matches up with our mechanical-stretch Flex-Tac® canvas for durability, versatility and distinct style.

SURPLUS JACKET REGULAR FIT

Classic military styling, advanced utility, and modern comfort converge in the Surplus Jacket. The materials that make up this beast are worth kicking it off. A bi-swing back adds freedom of movement, and smart pockets provide outstanding utility and a Teflon™ treatment repels stain and soil. ReadyPocket™ compartments on the chest are topped off with patch pockets. Front cargo pockets feature hidden snap closures, and side entry YKK® zipper pockets include internal RAPIDDraw™ pass through. The Surplus' hood rolls up and zips into the collar when you don't need it. Timeless lines, progressive functionality, and all-important tactical capability: The Surplus has plenty of extras built-in. Imported.

+ 6.4-oz., 67% polyester / 33% cotton mechanical stretch Flex-Tac® canvas, Teflon™ finish for stain and soil resistance

CRUISER HOODIE REGULAR FIT

This lightweight hoodie is heavy on style and features. Built for working out or just hanging out, the moisture wicking material in the Cruiser Hoodie helps your body breathe. The kangaroo pocket is handy for quickly stowing your keys or phone and the flexible, self-fabric draw cords add warmth when you need it. Contrast thread at the bottom hem adds a unique accent, while the tonal 5.11 logo on the front right shoulder and Scope logo on the upper left sleeve round out this athletic, tactical look. Imported.

+ 4.1-oz., 60% cotton / 40% polyester jersey with moisture wicking

5.11 STRYKE® PDU SHIRT REGULAR FIT

5.11's Stryke PDU Shirt (available in Class A or Class B) delivers comfort, durability, and high-performance utility in any field environment. Crafted from 4.8-oz., 78% polyester / 22% cotton Flex-Tac® mechanical stretch fabric, featuring triple-needle stitching, bartacking at key seams and stress points, a Teflon™ finish for stain and soil resistance, and sturdy melamine buttons, this shirt is built to last. It's also built to work. The Stryke PDU Shirt includes a camera/radio loop, pass-through wire access, a badge tab, and epaulettes. Imported.

Class B features our patented ReadyPocket™ on the left and right chest.

STRETCH READY POCKET™

5.11 STRYKE® PDU RAPID SHIRT FITTED

When responsiveness, readiness, range of motion, and tactical utility have to be at equally high levels, the 5.11 Stryke® Rapid Shirt checks all the boxes. It features dual-fabric construction with two types of finishes: Teflon™ and wicking/odor-control, for optimal comfort and protection. So bring on the sprints, the sweat, and the stress, the high-tech 5.11 Stryke® Rapid, complete with permanently stitched creases, keeps your clean, professional look intact. Imported.

+ Upper body is 4.8-oz., 78% polyester / 22% cotton Flex-Tac® mechanical stretch ripstop fabric with a Teflon™ finish for stain and oil resistance

+ Lower body is 4.5-oz., 100% polyester jersey with a moisture wicking and odor-control finish

5.11 S.A.F.E.™ BADGES

S.A.F.E.™ badges are a lightweight and flexible badge solution that appears to be metallic, providing a traditional look of authority superior to embroidery that is laundry-safe, easier to care for than metal badges and protected against unauthorized duplication. Through 5.11's S.A.F.E.™ technology, we can offer a custom badge solution for your department.

- + Home laundry and dry cleaner friendly
- + Will outlast the garment they are applied to
- + Template based and full customization options available

HEXGRID® UNIFORM OUTER CARRIERS

The HEXGRID Uniform Outer Carrier provides a versatile, customizable platform for attaching MOLLE or web pouches, and supports a wide range of third-party soft body armor panels. Front panels feature 5.11's own HEXGRID system, with the body of the carrier constructed in our fade-resistant 7.2-oz., 100% nylon canvas with reinforced zones for durability. The elastic cummerbund promotes comfort and a secure fit. A Teflon® finish resists the inevitable stains and soiling that comes with a day in your boots. In addition to regular fit, this carrier is available in an expanded range of sizes for men and women. Imported.

- + Loop patch panel at upper front and back
- + User guide included
- + Body: 7.2-oz., 100% nylon plain weave with a Teflon® finish
- + HEXGRID®: 19.2-oz., 100% nylon Cordura® plain weave, TPU, water-resistant finish

5.11 STRYKE[®] TDU

5.11 STRYKE® TDU® SHIRTS

The 5.11 Stryke TDU Shirt offers unparalleled maneuverability, durability, and utility in any demanding environment. The shirt is built from our Flex-Tac® mechanical stretch fabric and features reinforced, articulated elbows with a Teflon™ finish for stain and soil resistance. Adjustable cuffs, a mandarin collar, and a full-zip front ensure a secure fit; and a badge tab, loop patch platform, and epaulettes allow complete uniform integration. With canted chest pockets, vertical sleeve pockets, and forearm pen pockets. Also available in our Rapid Assault style with moisture-wicking knit body. Imported.

5.11 STRYKE® TDU® PANT

STRAIGHT FIT

5.11's Stryke TDU Pant provides the high-performance maneuverability, durability, and utility required in high-activity, tactical environments. Built from our Flex-Tac® mechanical stretch fabric featuring bartacked construction finish, the 5.11 Stryke TDU Pant is built for hard use. With double-layered, articulated knees, a fully-gusseted crotch, and stretch panels at the waist and knees, you'll have a secure and flexible fit even when you're on the move. Ergonomic cargo pockets, hip pockets, and knee pockets for available 5.11 kneepads keep you squared away. It's time to roll. Imported.

QUANTUM TDU

QUANTUM TDU® SHIRT REGULAR FIT

We took a page out of the 5.11 operator playbook and came up with the Quantum TDU® Shirt. It's made with the kind of fabric engineered for high-level performance, where the smallest detail can make a world of difference. We built the body with FlexLite ripstop fabric with Teflon™ to give you freedom of movement and protection from water, oil, grease and dirt. The shoulders are Fast-Tac® fabric for flexibility and the rear panel is abrasion-resistant jersey for stretch and next-to-skin comfort. Imported.

- + Ready Pocket™ at left and right chest
- + Main Fabric: 5.6-oz., FlexLite Ripstop 71% polyester / 29% cotton, Teflon™ finish
- + Contrast Fabric: 4.7-oz., Fast-Tac® Ripstop 100% polyester, DWR finish
- + Contrast Fabric: 4.5-oz., full dull yarn jersey, 100% polyester, moisture wicking and odor-control finish

STRETCH READY POCKET™

Zippered placket with hook and loop cover.

Hook and loop wrist closures.

QUANTUM TDU® PANT STRAIGHT FIT

Take one giant leap ahead in tactical style and essential functionality in the Quantum TDU® Pant. Constructed with three distinct stretch fabrics for maximum flexibility and durability, you may find yourself wearing this pant often, and for a lot of different purposes. It has 8 pockets to store your portable essentials, and the comfort waistband and stretch gusset construction promote ultimate ease of movement. The Quantum is also Kneepad Ready and comes with blousing straps. Imported.

- + Ergonomic cargo pockets
- + Comfort waistband
- + Main Fabric: 5.6-oz., FlexLite Ripstop 71% polyester / 29% cotton. Teflon™ finish.
- + Contrast Fabric: 4.7-oz., Fast-Tac® Ripstop 100% polyester, DWR finish,
- + Contrast Fabric: 4.5-oz., 4-way stretch fabric, 87% polyester / 13% elastane, DWR finish

STRETCH

Four-way stretch panels at strategic locations for maximum comfort, breathability and ease of movement.

Three purpose-built fabrics are used throughout the Quantum TDU uniforms.

TDU[®] SHIRT

CLASSIC FIT

Available in a range of fabrics and colors, our TDU Shirt is an ideal choice for tactical duty use. Rugged and fade-resistant, Teflon[®] treated for stain- and soil-resistance, and featuring bi-swing shoulders, reinforced elbows, the shirt is as comfortable as it is tough. Patented 5.11 Ready Pocket[™] at left and right chest. Imported.

READY POCKET[™]

RAPID ASSAULT SHIRT

FITTED

The body of the Rapid Assault Shirt is built from moisture-wicking poly/cotton/spandex for durability, breathability, and stretch. The shoulders and sleeves are made of poly/cotton ripstop and feature angled sleeve pockets, just in case the shirt wasn't tough enough. With a zip-up collar, flat-lock seams for comfort, and saddle-shoulder design, you'll be ready for anything. Imported.

EMS PANTS

5.11 STRYKE® EMS PANT

RELAXED FIT

Constructed with our mechanical stretch 80% polyester / 20% cotton Flex-Tac® ripstop fabric with a Teflon™ finish for stain and soil resistance. The 5.11 Stryke EMS Pant raises the bar for functionality and comfort. A gusseted construction frees you up to move through the most challenging situations. But don't worry, the comfort waistband with stretch panels are not only flexible; it's set high in the back to help you maintain a professional appearance. Every pocket has a purpose, including the mission-specific, thigh-mounted cargo pockets with internal compartments, outer pockets with retention straps and welted rear pockets. Double layered knees are compatible with our D30® ENDO-K kneepads. Imported.

EMS PANT & EMS SHORT

RELAXED FIT

Our popular EMS Pant and Short are engineered with features, comfort, and performance you won't find anywhere else. Available in a 7.3-oz. twill or 6.2-oz. Taclite® ripstop (65% polyester / 35% cotton) with Teflon™ finish for stain and soil resistance, the EMS Pant and Short feature compartmentalized cargo pockets, secondary cargo pockets at the calf, and double-time belt loops for enhanced accessory anchorage. The reinforced knees accept kneepads, and a self-adjusting waist and gusseted construction ensure comfort and mobility. Imported.

The Taclite® EMS Short features an 11" inseam.

ABOUT 5.11

A FOUNDATION BUILT ON PURE GRANITE

The name "5.11" derives from the most difficult rock-climbing level listed in the Yosemite Decimal System during the 1970s. The rating system was developed by legendary rock climber Royal Robbins and his group of fellow climbers. Robbins pioneered free climbing, preferring to scale grueling routes without hammering pitons into the rock.

5.11 Climbing Difficulty: "After thorough inspection, you conclude this move is obviously impossible; however, occasionally someone actually accomplishes it."

THE ORIGINAL 5.11 PANT

Using his climbing experiences in Yosemite, Royal Robbins began manufacturing technical climbing pants and shorts in 1968. Robbins, along with his wife Liz, founded the outdoor apparel company Royal Robbins, Inc. and later introduced the official 5.11 Pant which became a favorite among climbing and outdoor enthusiasts.

THE FBI CONNECTION

In 1993, the FBI Academy in Quantico, VA chose the 5.11 Pant as its standard-issue training pant. FBI New Agents and FBI National Academy Students were issued 5.11 pants, now known as the 5.11 Tactical Pant. The FBI Academy trains FBI employees as well as US Federal, State and Local Agencies and Law Enforcement Executives from allied countries around the world. Attendees of the FBI Academy are still issued 5.11 Pants and Polos as part of their training uniforms.

5.11® IS A PROUD DIAMOND SPONSOR OF THE FBNA

5.11 AT A GLANCE

READY TODAY AND FOR TOMORROW

5.11 remains dedicated to solving the challenges of professionals and elite end-users around the world. We push through traditional product development boundaries, bringing to market new technologies and purpose-built gear that lives up to our heritage and your expectations.

We never rest. Fueled by a passion for innovation, we are always developing new product solutions to help you tackle your toughest challenges head on.

5.11 

FOOTWEAR

Breaching doors, 12 hour patrol shifts, outdoor adventures or serious workout routines? We have purpose-built footwear for all of those missions, and more.

WHEN YOU CARRY ALL OF THIS... (AND MORE)

YOU NEED A.T.L.A.S.

The All Terrain Load Assistance System (A.T.L.A.S.) has been created for operators who routinely carry heavy loads - for long durations. A.T.L.A.S. boots feature a high level of built-in structure and layered cushioning and support to help keep you focused on your mission, not on your feet.

5.11® A.T.L.A.S. SYSTEM

We designed the All Terrain Load Assistance System (A.T.L.A.S.) to provide a more structured supportive and cushioning boot. If you're reading this, chances are you throw on a substantial amount of gear before you start doing work. Agility, stability and durability are essential footwear performance features, and they're reduced by carrying all the gear essential in law enforcement work. We've listened, learned and put our time and attention into a footwear system that enhances your agility, stability and provides a durable platform.

A.T.L.A.S. boots feature a high level of built-in structure and layered cushioning to provide an exceptionally supportive boot for you and other end users like you. A new Ortholite® footbed and an axis plate for torsion and stability control help manage the weight. So too does the echo foam/force foam midsole, which enhances rebound with heavy loads.

NEW

5.11® A.T.L.A.S. TRAINER

Ortholite®

Get your physical training off on the right foot. All the features of the All Terrain Load Assistance System are available in a shoe designed to help you undergo every kind of workout punishment you can stand. And some you can't. The 5.11 A.T.L.A.S. Trainer offers comfort, agility, flexibility, and durability for your cross training, functional fitness and heavy workouts. Imported.

- + High abrasion mesh with welded support for structure
- + Echo Lite high rebound EVA outsole

12429 5.11 A.T.L.A.S. Trainer | Black 019, Dark Coyote 106 | Regular 4, 5, 6-12, 13, 14, 15 |

KEY A.T.L.A.S. Features:

- + Structured upper for support
- + Welded mesh for lightweight performance
- + Robust lacing system with locking ankle eyelet for secure all-day fit
- + Ortholite® footbed
- + Echo Foam high rebound PU and Force Foam lightweight cushioning footbed
- + 5.11 Axle plate torsion board for stability
- + Aggressively treaded outsole with high-traction compound

NEW

5.11® A.T.L.A.S. MID

Ortholite®

This is the 5.11 A.T.L.A.S. Mid Boot. That's mid-height, not mid-night, though it will find favor on that shift to be sure. Featuring 3D molded TPR toe and heel protection, a welded/mesh upper, and high performance, high traction outsole, the All Terrain Load Assistance System will mitigate the rigors of a heavy load bearing job (and in no small way, either). Work longer, with less stress even when you're loaded down with All. The. Things. Imported.

- + 5.11 A.T.L.A.S. Plate
- + Echo Foam high rebound PU and Force Foam lightweight PU cushioning
- + Ortholite® footbed

12430 5.11 A.T.L.A.S. Mid Boot | Black 019, Dark Coyote 106 | Regular 4, 5, 6-12, 13, 14, 15 | Wide 7-12, 13, 14 |

NEW

5.11® A.T.L.A.S. 8" SZ

Ortholite®

The 5.11 A.T.L.A.S. 8" Side Zip is a performance boot built from the sole up to increase performance. The All Terrain Load Assistance System is a force multiplier for those who carry heavy weight on long shifts. This boot is constructed of nylon with high abrasion air mesh, a water resistant leather upper, and because so many arduous jobs demand it - a polishable toe. Additional features include a YKK® side zipper and a locking ankle eyelet, and a slip- and oil-resistant outsole so you can take those corners in a foot pursuit or run headlong into whatever challenge you're up against. Imported.

- + 5.11 A.T.L.A.S. Plate
- + Echo Foam high rebound PU and Force Foam lightweight PU cushioning
- + Ortholite® footbed

12431 5.11 A.T.L.A.S. 8" Side Zip Boot | Black 019 | Regular 4, 5, 6-12, 13, 14, 15 | Wide 7-12, 13, 14 |

NEW

5.11® A.T.L.A.S. 8" NZ

Ortholite®

The 8 in. 5.11 A.T.L.A.S. is a performance boot built from the sole up to increase performance. The All Terrain Load Assistance System is a force multiplier for those who carry heavy weight on long shifts. This boot is constructed of nylon with high abrasion air mesh, a water resistant suede upper. Additional features include a YKK® side zipper and a locking ankle eyelet, and a slip- and oil-resistant outsole so you can take those corners in a foot pursuit or run headlong into whatever challenge you're up against. Imported.

- + 5.11 A.T.L.A.S. Plate
- + Echo Foam high rebound PU and Force Foam lightweight PU cushioning
- + Ortholite® footbed

12422 5.11 A.T.L.A.S. 8" Non-Zip Boot | Black 019, Dark Coyote 106 | Regular 4, 5, 6-12, 13, 14, 15 | Wide 7-12, 13, 14 |

APEX™ 8" WATERPROOF

The Apex WP 8" Boot is ready when you are with its waterproof full grain leather upper. The Vibram® MegaGrip outsole formula keeps you sure footed and stable and the boot is resoleable. Inside, you'll have total support and cushioning hour after hour with the D30® Lite EVA midsole and D30® Support foot bed maximum comfort and heel/arch support. And with eVent® BBP waterproof membrane lining and a high abrasion reinforced heel, braving the elements is like a walk in the park. Imported.

- + Waterproof full grain leather upper
- + eVent® waterproof, breathable, BBP resistant membrane
- + D30® Lite midsole, fiberglass shank

12374 Apex Waterproof 8" Boot | Black 019, Dark Coyote 106 | Reg: 7-12, 13, 14, 15; Wide: 7-12, 13, 14 |

APEX™ 8"

Tough as nails and amazingly comfortable Apex 8" looks to be your new favorite boot. From the base to the exterior, superior quality materials set the tone for maximum performance. We built this boot on a resoleable Vibram® Maltese outsole and added Vibram's Megagrip compound for excellent traction on dry or wet terrain. The Apex 8" also features a D30® Support footbed and D30® Lite EVA midsole for unbeatable support and all-day comfort. An 8" full grain leather upper with a high abrasion reinforced heel seals the deal. Imported.

- + Full grain leather upper
- + D30® Lite midsole, fiberglass shank

12381 Apex 8" Boot | Black 019 | Reg: 7-12, 13, 14, 15; Wide: 7-12, 13, 14 |

APEX™ 6" WEDGE

The Apex 6 Wedge is built with a D30® support footbed for revolutionary shock absorption, all day comfort, and lasting heel and arch support. Its lightweight Vibram® Christy resoleable outsole gives all day stability and comfort.. The outsole also features Vibram Newflex to maximize your grip and enhance your energy. The APEX wedge is ready to put some in serious miles in over all kinds of territory. Count on it. Imported.

- + Full grain leather upper
- + D30® footbed for all-day cushioning & support

12413 Apex 6" Wedge | Rust 140 | Reg: 7-12, 13, 14, 15; Wide: 7-12, 13, 14 |

A.T.A.C.® 2.0 COLLECTION

The boot worn by the world's leading public safety personnel, the 5.11® A.T.A.C., just got promoted. It's lighter and more comfortable, yet maintains its reputation for toughness and durability. A new air flow tongue and full-length dual durometer Ortholite® footbed work to keep your feet cool, dry and comfortable all day, every day. Another new feature, the Achilles heel flex zone, gives a critical part of your foot more range of motion without compromising support. The full-grain leather toe, 840D nylon upper and shock mitigation system provide the kind of rugged protection you need; while the knife pocket keeps an important ally within reach. Imported.

A.T.A.C. 2.0 NEW FEATURES

- High air-flow, breathable tongue
- 840D Nylon abrasion resistant upper
- Lighter weight construction,
- Full length dual durometer Ortholite® footbed
- Achilles flex zone with Ortholite foam for more comfort & performance
- Strobel construction for comfort

CARRY-OVER FEATURES

FAST-TAC® COLLECTION

Whether you're gearing up for duty or deployment, the high-performance 5.11® Fast-Tac® Boot provides the mobility and comfort you need at a great value. The lightweight Fast-Tac is built on our rugged Speed 3.0 all-terrain cup outsole platform. A fence-climbing toe, self-cleaning forefoot lugs and arch lugs give you the upper hand when climbing and scrambling over obstacles. The oil- and slip-resistant tread also provides superior traction on most surfaces. Thanks to the enhanced cushioning power of the Ortholite insole, you can face those long assignments in comfort. The Fast-Tac is available in six- and eight-inch versions with a range of options, including a polishable full-grain leather/high-abrasion nylon upper and a suede/high-abrasion nylon upper.

EVO COLLECTION

Mobility is the ability to move freely and easily. Add durability, stability, and high performance to that definition, you've got 5.11's EVO Boot. Non-waterproof boot versions feature a cemented, fully-stitched (non-waterproof versions) EVO Prime platform with cutting-edge, dynamic D30 cushioning and Ortholite® insoles for ultimate comfort. A full-length EVA midsole with a nylon shank for promotes peak stability and ease of wear. And a stitched-cup outsole with oil- and slip-resistant climbing lugs catapult the EVO Boot to the apex of tactical footwear. Available in 6" and 8" heights, the boot is non-metallic, lightweight, and has a 14 mm heel-to-toe drop for a responsive, natural stance. The waterproof model features a breathable eVent® waterproof and bloodborne pathogen-resistant membrane. The insulated model features eVent® and 400g PrimaLoft insulation. This isn't just a boot built for battle. It's a boot built for victory. Imported.

SPEED 3.0 COLLECTION

When you need a tough, all-duty boot that can handle your pace without breaking the bank, reach for the 5.11® Speed 3.0. This lightweight and breathable footwear solution comes in a wide range of options, including a polishable full-grain leather toe and a suede upper. The enhanced cushioning of the OrthoLite® insole helps you stay on your feet longer while the anti-microbial Agion® odor-control lining keeps your boots fresh. Self-cleaning forefoot lugs, a fence-climbing toe and arch lugs molded into the Speed all-terrain cup outsole provide stability and extra assistance when climbing ladders and ropes or crossing that fence in your way. A side zipper on select models provides quick on and off—perfect for changing in tight quarters. Grab a pair of Speed 3.0 boots and get moving.

COMPANY BOOTS

Our tough-as-nails 5.11® Company Boots are ready to roll with you on a medical call or pull an extra shift at the firehouse. The updated collar on the new Company 3.0 makes these boots even more comfortable to wear

NEW

COMPANY 3.0

Ortholite®

Featuring a nylon collar at the mouth for easy donning and doffing and a high traction outsole with climbing lug, this boot is made to move no matter how damn bad the footing is. Force foam PU cushioning helps protect your feet from fatigue.

- + Industrial grade leather upper
- + Nylon collar with improved slip-on fit for easy donning and doffing
- + Force foam PU foam cushioning, Ortholite® footbed

12420 Company 3.0 Boot | Black 019 | Regular 4, 5, 6-12, 13, 14, 15 | Wide 7-12, 13, 14 |

and easier to remove when you're changing into turnout gear. A non-slip outsole keeps you on your feet in wet truck bays and a combination of Force Foam PU cushioning and OrthoLite® insoles help fight fatigue.

NEW

COMPANY 3.0 CST

Ortholite®

The Company 3.0 CST is an ultra lightweight work boot with a certified safety toe and a puncture resistant Wellmax board in the footbed. The Carbon-Tac Safety Toe is about 20% thinner and about 30% lighter than a standard composite toe cap. Force foam PU cushioning helps protect your feet from fatigue.

- + Industrial grade leather upper
- + ASTM F2413-17 M I/75 C/75 EH PR certified boot with CSA Z195 puncture resistant Wellmax board in footbed,
- + ASTM Certified Carbon Tac Safety Toe
- + Nylon collar with improved slip-on fit for easy donning and doffing
- + Force foam PU foam cushioning, Ortholite® footbed

MOTO BOOT

Ortholite®

Ride well with the knowledge that our new Moto Boot is built to provide comfort, flexibility and easy wear for your next patrol shift. With a mid-calf full grain premium leather upper and a high wear rubber outsole, the Moto is built to last. Articulation is built into the front and rear of the ankle for freedom of movement. An OrthoLite® footbed provides cushioning and a Bi-fit board and nylon shank provide stability and protection and a double-layered toe enhances shifting durability. Imported.

- + Quick lace system for easy wear
- + Double layered toe leather for shifting durability
- + Ankle articulation zones for freedom of movement
- + BiFit board and nylon shank for stability and protection

| 12328 Moto Boot | Black 019 | 7, 8-12 Regular |

XPRT® 3.0 6" WATERPROOF

Aggressive performance meets durability in the XPRT 3.0 Waterproof boot. This athletic boot features full grain waterproof leather, eVent® waterproof breathable and blood borne pathogen resistant membrane and is built on a Vibram® Ananasi outsole with the Vibram Megagrip for traction on all sorts of terrain. An OrthoLite® imperial foodbed ads moisture wicking and long lasting comfort. The XPRT 3.0 Waterproof has a 6" height and has a Kevlar® reinforced heel for durability and a ghillie lacing system with our sausage laces keep the fit locked in.

12373 XPRT 3.0 Waterproof 6" Boot | Black 019, Dark Coyote 106, Dark Earth 282 | 7-12, 13, 14 regular width, 7-12, 13, 14 wide width |

UNION 6" WATERPROOF

When the weekend calls for some serious foot work, the Union Waterproof Boot steps up with outstanding comfort and toughness. The outsole with Vibram® XS-trek formula provides excellent grip and balance, so you can feel confident traversing wet or dry terrains. And the eVent® BBP Waterproof lining gives you all the more reason to ford that stream. Did we mention comfort? A new Ortholite® X-25 footbed gives you the kind of "aah" you feel right away, and cushioning you feel all day. Imported.

- + Waterproof suede upper/high abrasion nylon upper
- + eVent® BBP Waterproof lining
- + Ortholite X-25 footbed for comfort & all day cushioning
- + Vibram Nuansi 2 outsole w/PU midsole using Vibram XS-trek

12390 Union 6" Boot WP | Black 019, Dark Coyote 106 | R: 7-12, 13, 14; W: 7-12, 13, 14 |

CABLE HIKER TACTICAL

Keep your feet feeling, and smelling their best, even on the longest treks, in the 5.11 Cable Hiker Tactical boot. Engineered for ultimate comfort and durability, the Cable Hiker Tactical features industry-leading 5.11 SlipStream™ Agion® low friction odor-control lining. The OrthoLite® X-40 high-rebound footbed helps your feet recover from impact or shock quickly, and a scratch rubber toe offers heightened protection. This hiker sits on our Speed 3.0 all terrain outsole, 5.11's most advanced, multi-terrain outsole, which provides outstanding stability and comfort even in the harshest environments. Lace them up for a day at the range, a long day at work, or to conquer a tough trail. The Cable Hiker Tactical was born ready. Imported.

- + Rough out suede and nylon upper
- + Agion® low friction antimicrobial lining
- + OrthoLite® X-40 footbed

12418 Cable Hiker Tactical | Dark Coyote 106, Coyote 120 | R: 4, 5, 6, 7-12, 13, 14, 15; W: 7-12, 13 |

NORRIS SNEAKER

It may look like a casual, high-top sneaker, and it is, but the Norris is stacked even higher with style, comfort, and tactical intelligence. The Vibram® Marbrani outsole with XS Trek provides the optimal balance of traction and durability, particularly on wet surfaces, and Ortholite® technology cushions your feet in total support and comfort. The Norris is ASTM certified for puncture resistance and built with a super-strong Welmax board that guards your feet against up to 1,200 newtons of force. From the outside in, this shoe is more than show. Imported.

- + Suede and nylon upper with a rubber toe cap for durability
- + ASTM F2413-11 PR Puncture Resistance Certified
- + New full length Ortholite® footbed
- + Vibram® Marbrani outsole w/XS Trek

12411 Norris Sneaker | Black 019, Ranger Green 186 | R: 4, 5, 6, 7-12, 13 |

MISSION READY™ OXFORD

Mission Ready Oxford helps you stay focused, ready, and light on your feet. The D30® Lite EVA midsole and Ortholite® X-25 footbed provide extra cushioning and all-day comfort, and an Ortholite Achilles Cuff adds even more comfort and heel hold. And when you need to move, the Vibram® Overland high traction outsole with XS Trek lets you step up without slipping up. Imported.

- + Full grain leather upper
- + D30® Lite EVA midsole, Ortholite® X-25 footbed
- + Vibram Overland high traction outsole w/XS Trek

TOOLS & EDC

Whether your daily carry is as simple as a wallet and keys, or a Heavy Breaching Kit, 5.11 has something for you.

MAVERICK ASSAULTERS BELT

The Maverick Assaulters Belt is an ergo-nomic 1-3/4" rigger's belt with a comfortable pre-curved design and AustriAlpin® buckle assembly for stability and quick attach-detach capability. Varying male/female buckles give the Maverick Assaulter convenient one-time fit-and-forget wearability. Imported.

59569 Maverick Assaulters Belt | 1-3/4" width | Black 019, Sandstone 328 | S-4XL

ALTA BELT

Heavy-duty versatility. Alta's 1-3/4" wide webbing effortlessly supports your holster. Paired with tactical pants, used as a tie down or converted to a carry strap, this belt works hard. Imported.

59538 Alta Belt | 1-3/4" width | Black 019, Coyote 120 | Men's S-4XL

TRAINER AND OPERATOR BELTS

Popular among law enforcement professionals, 5.11®'s Trainer and Operator belts are constructed from ultra-strong nylon mesh and features a stainless steel buckle with a 6,000 lbs. rating. Ideal for on- and off-duty wear, the Trainer Belt supports your holster and accessories without sagging, bending, or losing shape. With heavy, reinforced stitching, the Trainer Belt can also quickly convert into a secure tie-down, carry strap, or emergency harness. Now that's utility. Imported.

59409 Trainer Belt | 1-1/2" width w/ matte stainless buckle | Charcoal 018, Tundra 192, Sandstone 328 | S-4XL

59409 Trainer Belt | 1-1/2" width w/ black buckle | Black 019, Coyote 120, TDU Green 190 | S-4XL

59405 Operator Belt | 1-3/4" width, visually similar to Trainer, but heavily stiffened | Black 019, Coyote 120, TDU Green 190 | S-4XL (2XL+)

NEW

SKYHAWK 1.5" BELT

Light, sturdy, and completely non-metallic, the Skyhawk Belt secures with a carefully engineered, POM thermoplastic with a custom designed dual-lock buckle for easy of entry into belt loops without removing the buckle. The belt itself is built with a double layer precurved nylon webbing with heavy bartacks and triple row stitch reinforcement. Because everyone wears their equipment (and their britches) differently, we've added some hook and loop for micro-adjustment.

56591 Skyhawk 1.5" Belt | Black 010, Kangaroo 134 | S-4XL (2XL+)

TDU® BELT

A convenient tactical or patrol belt that excels in a wide range of environments. Crafted from tear-resistant nylon, the belt features a durable non-metallic buckle that won't set off metal detectors. Imported.

59551 TDU 1.5 Belt | 1-1/2" width | Black 019, Coyote 120, TDU Green 190 | S-4XL

59552 TDU 1.75 Belt | 1-3/4" width | Black 019, Coyote 120, TDU Green 190 | S-4XL

DOUBLE-DUTY TDU® BELT

Featuring a dual-layer reversible design, the Double-Duty TDU Belt offers exceptional versatility and efficiency. Crafted from tear-resistant nylon, the belt incorporates a durable non-metallic buckle and five-rows of stitching deliver stability. Two great belts in one. Imported.

59567 1.75" Double-Duty TDU Belt | 1-3/4" width | Black/Coyote 120, Black/TDU Green 190 | S-4XL

59568 1.5" Double-Duty TDU Belt | 1-1/2" width | Black/Coyote 120, Black/TDU Green 190 | S-4XL

LOW PRO TDU® BELT

A staple in the 5.11 Tactical line gets some serious updates. The no-sew construction features modular parts for easy replacement. The custom buckle has been upgraded to provide an even more secure fit, yet the lower inset tension bar presents a flatter profile. 1.5" nylon webbing. Imported.

56514 1.5" Low Pro TDU® Belt | Black 019, Kangaroo 134, Ranger Green 186 | S-4XL

NEW

PRINTED LOW PRO TDU® BELT

A quick and convenient low-pro belt suitable for casual wear in a range of environments, the 1.5 in. Printed Low Pro TDU® Belt features a patent-pending, rugged, precision-designed no-sew Polyoxymethylene buckle and flat nylon webbing with a number of custom print patterns. Use it to keep your pants up, convert it into a secure tie down strap or other improvised use.

56616 Printed Low Pro TDU 1.5" Belt | Black Camo 536, Green Camo 537, | Fits up to 44" |

ELAS-TAC BELT

Who says you can't pack a ton of durability into a lightweight, flexible belt? Certainly not us. 5.11's heavy duty, stretchable 1-1/2" Elas-Tac belt is 100% nylon and 200% convenient with hook and loop adjustability and a set-it-and-forget-it, low-profile G-hook buckle. Accent stitching and the 5.11 Scope logo on the belt tip add a hint of style. Imported.

56409 Elas-Tac Belt | 1-1/2" width | Black 019, Kangaroo 134 | S - 4XL

DROP SHOT BELT

The Drop Shot's high-strength 1-1/2" and 1" nylon webbing is your newest strong point. This easily adjustable belt transitions to allow for an IWB conceal carry at the center front. Imported.

59539 Drop Shot Belt | 1-1/2" width | Volcanic 098, Sandstone 328 | Men's S-4XL

TRAVERSE® DOUBLE BUCKLE BELT

The Traverse Double-Buckle is a superior multi-purpose belt, featuring ribbed-weave 1-1/2" nylon webbing for enhanced strength and durability in a comfortable, low-profile design. Imported.

59510 Traverse Double Buckle Belt | 1-1/2" width | Black 019, Battle Brown 116, Sandstone 328 | S-2XL

SI WEB BELT

For a comfortable, secure fit and duty-ready support, The SI Belt just works. The no-sew construction features modular parts for easy replacement, and the custom cam style buckle features ample room for etching and engraving. This belt announces your presence and authority with room to spare. Imported.

56515 SI Web Belt | Black 019, Kangaroo 134, Ranger Green 186 | S-2XL (fits up to 44" waist), 3XL-5XL (fits up to 58" waist)

APEX GUNNER BELT

The Apex Gunner is one of the sturdiest belts you'll find. Made from the material used to hoist elevators, 1-1/2" B10 webbing, the Apex Gunner provides 1,500 lbs. of tensile strength. A TPU coating and pre-curved design ensure enhanced load-bearing capacity and broken-in comfort. The cast aluminum buckle with dual retention prongs adds stability and a clean, professional look. This belt deadlifts elevators. What does yours do? Imported.

59492 Apex Gunner Belt | 1-1/2" width | Black 019 | S-4XL (2XL+)

ARC LEATHER BELT

A premium belt for patrol and CCW wear, the Arc Leather is built from durable, full-grain 4 mm-thick 1-1/2" wide matte leather. Pre-curved and strong, the belt easily supports your holster and resists sagging, bending, and twisting, all while providing broken-in comfort and a sharp, professional look. Everyone needs a leather belt. This one's tough to beat Imported.

59493 Arc Leather Belt | 1-1/2" width | Black 019, Brown 108 | S-4XL

MISSION READY™ BELT

The Mission Ready 1-1/2" Belt fuses the best professional style and tactical functionality. A formal, genuine leather facing is backed by a durable webbing body, and the internal reinforcement provides a stable sidearm platform. And to make sure you're really ready for any and everything, there's a hidden interior cuff key pocket, too. Imported.

59541 Mission Ready Belt | 1-1/2" width | Black 019, Dark Earth 282 | Even waist sizes 32-42 |

MISSION READY™ CASUAL BELT

The Mission Ready 1-1/2" Belt fuses the best of casual style and tactical functionality. A genuine leather facing is backed by a durable webbing body, and the internal reinforcement provides a stable sidearm platform. EDT MULTITOOL

10 tools built into one compact stainless steel tool. Securely clicked into a kydex sheath and easily attached to a belt loop or pack.

- + Stainless steel multitool with sheath & spring clip
- + Standard 6mm hex wrench & flat head screw driver
- + Bottle opener, pry tool & wire stripper
- + Metric & Imperial ruler
- + DIMS: 72mm x 20mm

| **56450 EDT Multitool** | Black 019, Kangaroo 134 |

VTAC® OPERATOR AXE

Designed by Kyle Lamb (Viking Tactics), the Operator Axe brings no-nonsense functionality and performance to the forefront. With 7 mm-thick SCM435 stainless-plate steel (HRC 53-55) and a 21 mm hammer, the axe features metric and standard hex drivers, small and large socket drivers, a 1/4" bit driver, a sheet metal cutter, a pry end with a nail-remover, and a two-piece hard sheath. Pretty much does it all. Imported.

| **51121 Operator Axe** | Black 019 | 4.5" blade, 15" OAL |

CFK FIELD KNIVES

- + Designed in partnership with Gingrich Tactical Innovations
- + Removable FRN handle over full length tang
- + MOLLE/web compatible ambidextrous sheath
- + 435 stainless steel blade (HRC 58-60)

51101 CFK 7 Field Knife | 7" blade, 13" OAL / .28" thick | Sandstone 328 |

TACLITE 3

Security, comfort, dexterity, warmth, and protection. The Taclite 3 Glove leaves nothing undone. Engineered with elastane and sheepskin leather and a hook & loop-secured cuff closure, this glove is also EN 388: 2016-3011X for abrasion, cut, tear, and puncture resistance. The Taclite 3 covers all the key bases and leaves zero to chance. Imported.

| 59375 Taclite 3 Glove | Black 019 | S-2XL |

STATION GRIP 2

The 5.11 Station Grip Glove is the next level of comfort and safety, with excellent ergonomics, padding, grip, and protection. Suit up and go to work with a glove professionals demand with superior grip and an abrasion resistant palm. EN 388: 2016-2121X rated. The Station glove's got you. Imported.

| 59376 Station Grip 2 Glove | Black 019 | S-2XL |

HIGH ABRASION TAC GLOVE

High abrasion synthetic suede on the palms serves as proper reinforcement to take the brunt of any task. Ring-cut microfiber strips on key fingers give you extra grip where you need it most. And because fit and flexibility are equal priorities, we added notched gussets on the index finger and thumb for maximum movement. EN 388: 2016-4121X rated. Imported.

| 59371 High Abrasion Tac Glove | Black 019, Kangaroo 134 |

COMPETITION SHOOTING GLOVE

The 5.11® Competition Shooting Glove is built for maximum dexterity, breathability and flexibility, with accordion flex points in the fingers, vented palms and a sweat wipe for your thumb. Ironclad® rolled fingertips with conductive microfiber allow you to use your smartphone without removing a glove. EN 388: 2016-2121X rated. Imported.

| 59372 Competition Shooting Glove | Black 019, Kangaroo 134, Ranger Green 186 |

ROPE K9 GLOVE

Engineered and designed with direct input from active K-9 teams and fast roping operations. This glove features a Vibram® anti-friction palm overlay and AX suede fingers for the ultimate protection and durability. The nylon elastane synthetic suede and pinch fingertips promote outstanding comfort and control, no matter how intense your day gets. EN 388: 2016-4121X rated. Imported.

| 59373 Rope K9 Glove | Black 019 | S-2XL |

BATTALION FR GLOVE

It's relied upon by law enforcement officers and special operators around the globe. It offers superior comfort and enhanced dexterity in any operational or tactical setting. The Battalion FR Glove is safety rated for abrasion, cut, tear, puncture, flame, and heat resistance. Don't let them get you down today, or any day. EN 388:2016-3122X, EN407:2004-4231XX rated. Imported.

| 59377 Battalion FR Glove | Black 019 | S-2XL |

HARD TIMES 2 GLOVE

The 5.11 EN 388: 2016-3011XP rated Hard Times 2 Glove provides operators strong, reliable knuckle protection. And the touchscreen leather means you'll never feel disconnected. Even in the harshest mission environments, this glove goes the extra mile to keep your hands safe and responsive. Imported.

| 59379 Hard Times 2 Glove | Black 019, Kangaroo 134 | S-2XL |

FOXTROT FR GLOVE

Engineered for tactical versatility, our Foxtrot FR gloves are built with cut-resistant CarbonX® fabric, strong supple goatskin leather, and reinforced fingertips for exceptional dexterity and durability. And the Foxtrot FR is rated to protect you against the worst of any job, including punctures, tears, cuts and abrasion. Now you're having a good day. EN 388:2016-3011X, EN 407:2004-4111XX rated. Imported.

| 59378 Foxtrot FR Glove | Black 019 | S-2XL |

TAC-CR CUT RESISTANT GLOVE

The TAC-CR Cut Resistant Glove provides 360 degree cut protection while maintaining high dexterity while out on patrol. Protect yourself from scrapes and cuts with this second skin technical knit design. EN388:2016-4X43C, ANSI 105 A3 rated. Imported.

| 59348 Tac-CR Cut Resistant Glove | Black 019 | S-2XL |

CALDUS GLOVE

Thinsulate C100 lining repels wind, moisture and icy temperatures. The patented TacticalTouch™ fingertips allow officers to confidently handle firearms or other duty belt components without removing their gloves. Extended wrist length, neoprene storm cuffs ensure total protection from the elements. EN388:2016-3111X, EN511:2006-11X rated. Imported.

| 59365 Caldus Glove | 019 Black | S-2XL |

EXO.K GEL KNEE PAD

The ideal gear for training and combat in all environments, 5.11's Gel Knee Pad is lightweight, yet extremely robust. It's made with a durable TPE shell and EVA padding with a gel core for ultimate comfort with a TPE overmold for grip and a flat kneeling surface for stability.

58679 EXO.K Gel Knee Pad | Black 019 | One Size

EXO.K1 KNEE PAD

Made specifically to take the brunt of the pressure on your knees the EXO.K1 Knee Pads feature a molded, flexible cap with built-in traction and a flat face for a stable, quiet shooting platform—even on hard surfaces. Beneath the cap is an EVA foam pad for shock absorption and even more protection. A thick woven upper elastic strap and polypropylene lower strap make for a secure fit. Adjustable, silent straps are designed to stay in place without slipping. Stay focused on your mission and not your knees with the EXO.K1 Knee Pads. Imported.

| 50359 EXO.K1 Knee Pad | Black 019, Kangaroo 134, Ranger Green 186 | One Size |

EXO.E1 ELBOW PAD

When you're in full training mode on the range, the last thing you want to think about is skinning or bruising your elbows. With 5.11's new EXO.E1 Elbow Pad, you won't have to. Its molded, flexible cap has built-in traction for stability and an EVA foam pad beneath for shock absorption and added protection. The Elbow Pad features thick woven straps for a secure fit, and adjustable, non-slip straps are designed to stay in place without slipping. Now, focus on getting into any shooting position quickly, safely and comfortably. Imported.

| 50360 EXO.E1 Elbow Pad | Black 019, Kangaroo 134, Ranger Green 186 | One Size |

NEOPRENE KNEE PAD

Ergonomically shaped and compatible with a wide range of 5.11 pants. 6mm thick neoprene backed with a nylon/polyester fabric for easy insertion. Imported.

| 59008 Neoprene Kneepads |

D30 is a patented technology featuring unique molecular properties. In standard conditions its molecules flow freely, but on impact, they lock together to absorb energy and reduce the force transmitted.

ENDO.K INTERNAL KNEE PAD

Ergonomically shaped and compatible with a wide range of 5.11 pants. Made with D30® for impact protection. Imported.

| 56306 ENDO.K Internal Knee Pad |

5.11 BREACHING SYSTEM

ENGINEERED BY 

When you're first on the scene and every second counts, be sure you have the right tools for an effective, expedient entry. Developed in partnership with S.E.T., a world leader in breaching techniques, 5.11®'s Breaching System is designed to quickly defeat a variety of doorway configurations. Our system can be used from outward-facing security doors to car-mounted safety glass. Usable alone or in two-person teams, our patented system, when combined with proven techniques, leads to faster breaches and less exposure for operators. No door is too tough, no window too thick.

HEAVY BREACHING KIT

The ultimate tactical portal entry solution, our Heavy Breaching Kit is the most complete and versatile breaching kit on the market. The kit includes the MultiBreach, MultiPry, MiniRam, EdgeBender, and Heavy Kit Bag, a steel-framed backpack that allows secure transportation and consistent access. The kit contains everything a professional response team needs to quickly and safely breach. 37" height, 52 lbs. loaded weight. Imported, restricted sales.

50268 Heavy Breaching Kit |
56993 Heavy Kit Bag |

TRAINING DOOR

Designed for repeated mechanical and hydraulic breaching, the patented 5.11 Training Door offers extremely sturdy construction and fully customizable settings, including inward/outward swinging options, multiple lock placements, various reinforcement points, and adjustable resistance levels, allowing you to prepare for portal defeat situations on thresholds of any type or composition. Made in USA.

50138 Multi-Purpose Training Door |
50231 Replacement Door Case Edge |
50232 Replacement Door Jamb Edge, 10 qty. |
50344 Training Door Pins, 100 qty. |
50346 Training Door Shims, 100 qty. |

ACTIVE PATROL KIT

Ideally suited for law enforcement and emergency service agencies, the Active Patrol Kit facilitates quick, efficient defeat of a wide range of portals. The kit includes the MultiPry, MultiSledge, and Lite Kit Bag and is effective against standard doors, security doors, and standard and safety glass. Compact and lightweight, the Active Patrol Kit stores easily in your trunk or locker. 13 lbs. loaded weight. Imported, restricted sales.

50267 Active Patrol Breaching Kit |
56992 Lite Kit Bag |

CARRAKE

The CarRake allows swift, safe breach and clearance of laminated, security, privacy, and other glass types for expedited vehicular rescue. Utilizes a weighted head for proper penetration, a curved rake to remove glass shards, and an integrated seatbelt cutter. Weight: 3 lbs. Length: 19.5". Made in USA, restricted sales.

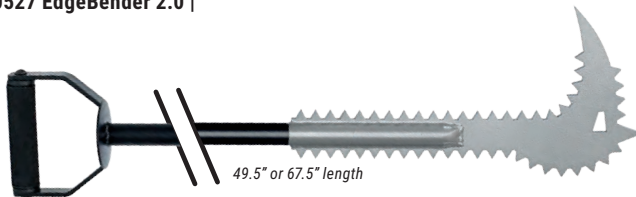

| 50334 CarRake |

EDGEBENDER 2.0

The EdgeBender's vice jaws slip behind mounted security plates, and the T-handle applies even, silent pressure to create an attack gap, allowing the use of leverage-based tools, like the MultiBreacher and MultiPry. Weight: 6 lbs. Length: 17.5". Made in USA, restricted sales.

| 50527 EdgeBender 2.0 |

49.5" or 67.5" length

GRYPHON BREAK 'N RAKE

The Gryphon Break 'N Rake provides fast, safe breach of laminated, security, privacy, and other glass types commonly used in automobiles and buildings. A protective D-ring and rubber grip handle offers excellent grip and control while sawing, and the serrated rake excels as a blunt force tool and shard rake. 49.5" and 67.5" versions available. Made in USA. Restricted sales.

| 50335 Gryphon Break 'N Rake-Extended | Weight: 9.5 lbs (4.3kg), 67.5" (171 cm) length |
 | 50336 Gryphon Break 'N Rake-Standard | Weight 8 lbs (3.6kg), 49.5" (126 cm) length |

MINIRAM

A compact, high-impact force tool. Weighted and balanced for use in tight quarters, the MiniRam features knuckle guards, non-slip grips, and a convex head to ensure complete force transmission regardless of contact angle. Weight: 23.2 lbs. Length: 17.5". Restricted sales.

| 50091 MiniRam |

MULTIPRY

The MultiPry features a strengthened pry blade and non-slip Traction Teeth for superior penetration and maximum strength against hardened security portals. The handle shaft ends in a traditional pry bar. Weight: 5.4 lbs. Length: 28". Restricted sales.

| 50093 MultiPry |

MULTIBREACHER

A full-sized multi-function pry bar that provides effective entry against fortified security portals. Integrated TractionTeeth along the strengthened pry blade minimize slippage and maximize displacement, and the handle shaft ends in a traditional pry bar. Patented. Weight: 8.4 lbs. Length: 32". Restricted sales.

| 50094 MultiBreacher |

MULTISLEDGE

5.11's MultiSledge offers 4 tools in 1: A multi-directional, hardened hammer, a ram, a multi-purpose saw/rake for breaking and clearing glass shards, and a traditional pry bar. This all-around tool provides exceptional utility in a wide variety of breaching situations. Patented. Weight: 6.8 lbs. Length: 27". Restricted sales.

| 50092 MultiSledge |

MEDIUM RAM

Engineered to provide strong, reliable kinetic breaching, the Medium Ram is suitable for use by 1 or 2 breachers. Featuring high-grade steel construction, a convex head for accurate force delivery, and sure-grip handles and ballasts for balance and control. Weight: 37 lbs. Length: 28.5". Width: 10". Height: 7". Made in USA, restricted sales.

| 50358 Medium Ram |

LOAD BEARING GEAR

From mission-specific pouches to cavernous gear rollers, 5.11 has a solution (or two) for whatever you need to haul.

On patrol in our GE07® camo pattern in 5.11 Stryke® TDUs and TacTec® Plate Carriers.

ADVANCED CONCEALMENT

MACRO DISRUPTION

By networking large regions of color with shape, GEO7 breaks up the profile of the human form and increases the visual delay in identifying the human form beginning at 10 meters, providing the operator a tactical time advantage.

MICRO DISRUPTION

By networking small regions of color with shape, GEO7 breaks up the details within the human form and increases the visual delay in identifying the human form inside of 25 meters, providing the operator an additional tactical time advantage.

DISRUPTIVE MIMETIC COLORATION

GEO7 color palettes are extracted from target environments and refined to expand their performance in those environments. These colors are combined with both macro and micro disruption for performance in the field.

SCALABLE CONCEALMENT

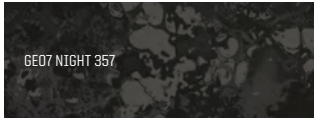

Our combination of macro and micro disruption fields and color palettes work in tandem across light conditions, distance and environments to gain the operator a significant advantage

MATHEMATICAL EDGE

GEO7 has been designed using both fractal and chaos mathematical principals. These principals fuel the visual biases found in the natural world. This approach leads to the color and disruption fields which make GEO7 so effective.

ALL MISSIONS PLATE CARRIER

Ready for any operation, the All Missions Plate Carrier comes equipped with a full range of components that you can tailor to suit your needs. Build out the carrier with a “Slick” low-vis and low-profile configuration, or go with a “Standard” setup using our patented multi-angle HEXGRID® mounting system. When a maximum loadout of equipment, ammo and armor is required, the All Missions Plate Carrier easily transforms to a layered “Raid” configuration. Imported.

- + Front and rear plate bags which are compatible with any ESAPI plate. Plates are secured internally with 5.11’s patent-pending shock absorbing suspension system. Rear plate bag features our GrabDrag handle for emergency exfil.
- + HEXGRID® 12x9 Gear Set™ and HEXGRID® 12x9 Gear Set™ with Pouch.
- + Three sets of waist straps/cummerbunds allow you to customize the carrier’s capacity and fit.
- + Webbing waist straps for a low-vis profile. Inner stretch cummerbunds can be switched side-to-side. Outer cummerbund with HEXGRID® multi-angle load-bearing platform.
- + Kangaroo pouch Adapter to securely mount three AR magazines on the HEXGRID® 12x9 Gear Set™ with Pouch or the built-in kangaroo pouch on the front plate bag.

ALL MISSIONS RIG

On patrol or on a mission, the All Missions Rig is the ultimate customizable storage expansion for your critical gear. The Rig features a harness, a 9" x 9" loop panel to mount a 5.11® Gear Set™, an adjustable waist strap and two adjustable panel straps for configuring things your way. The All Missions Rig can also host the AMPC Pack or MOLLE attachment pouches on the back side. Low-pro, super-durable Hypalon straps allow you to wear a backpack on top of the Rig. Whether you're defending freedom or protecting the community, this is the ideal solution for carrying your essential gear. Imported.

- + Mount a 9 x 9 Gear Set™ on the front with up to 8" of vertical adjustment
- + Mount AMPC Pack or MOLLE attachment pouches on back
- + Low profile Hypalon straps allow for wearing a backpack on top
- + Includes harness, 9" x 9" loop panel for Gear Set™ with multiple strap attachment locations, adjustable waist strap, two adjustable panel straps

56492 All Missions Rig | Black 019, Kangaroo 134, Ranger Green 186 |

Front platform allows up to 8" of vertical adjustment for high to low placement of your Gear Set™.

AMPC Pack (56493) can be attached to the rear platform of the All Missions Rig. The All Missions Rig can also be worn beneath a backpack.

TACTEC™ PLATE CARRIER

Our patented TacTec® Plate Carrier is the most comfortable plate carrier you will ever wear—period. Constructed from rugged, lightweight 500D nylon, the TacTec Plate Carrier features padded yoke shoulder straps, front and back padded panels with built-in airflow channels and perforated mesh. It's secure, breathable, functional and provides maximum range of motion. Sized to hold two ballistic armor plates (medium/large), with a low-profile grab-drag handle and single-handed quick-release cable escape system, the TacTec Plate Carrier is always ready for duty. Side panels are available. MultiCam version features slight design changes. Imported.

BLACK 019

KANGAROO 134

RANGER GRN 186

S/M sized for a medium ESAPI plate and includes strap for mounting a small ESAPI plate.

L sized for a large ESAPI plate and includes a strap for mounting a small- or medium-sized ESAPI plate.

XL is universal plate sizing and accommodates any size of ESAPI plate. Includes straps for mounting small, medium, large or extra-large plates.

TACLITE PLATE CARRIER

Superior protective capability in a lightweight, low-profile platform. Built from durable 500D nylon, featuring adjustable yoke shoulder straps and elastic waist straps for a snug, secure fit, the Taclite Plate Carrier is comfortable and effective. Sized for standard armor plates, it also offers a grab-drag handle for rapid exfiltration. The front web platform is MOLLE- and SlickStick®-compatible, and the back side includes a large patch panel. Imported.

| **56166 Taclite Plate Carrier** | Black 019 | One Size |

LBE VEST

This is the best LBE system on the market, bar none. Constructed of a durable, stiffened nylon mesh that provides outstanding structure while remaining lightweight and breathable, the LBE Vest features hidden utility pockets and a hydration pocket. Girth and length adjustments ensure a perfect fit. There's a hidden grab-drag handle for emergency exfiltration, and naturally, this system is MOLLE- and 5.11 SlickStick®-compatible. Imported.

| **58631 LBE Vest** | Black 019 | Reg, 2XL+, 4XL (4XL

TACTEC® CHEST RIG

Constructed from durable nylon and Duraflex® hardware, the TacTec Chest Rig is lightweight and configurable with a Rhodesian-style or H-frame fit. Featuring six front-facing compartments, twin outside compartments suitable for 500ml water bottles and a rear utility pocket, the rig offers an interior web platform for backup storage. The whole system is MOLLE- and SlickStick® compatible, and magazines can be mounted via nylon cover or bungee retention. Imported.

56061 TacTec Chest Rig | Black 019, Tac OD 188, Sandstone 328 | One Size |

VTAC® COMBAT BELT & THIGH RIG

Our VTAC® Combat Belt is engineered from tough 500D nylon and breathable 3D spacer mesh. It features an ergonomic shape that spreads the load and reduces hip pressure. With web platforms to attach your holster, pouches and everything else, add a 5.11 belt of your choice and you're ready to go. Tether the VTAC® harness to your Combat Belt or add a Thigh Rig for drop-down access to your sidearm or other tactical gear. Imported.

58633 Thigh Rig | Black 019 |

90143 Thigh Rig Belt Strap Attachment | Black 019 |

VTAC® TWO-POINT SLINGS

The VTAC Two-Point Sling provides superior flexibility and security in tactical situations. Quick-adjust action allows you to rapidly transition from strong-side to support-side, or to pull your firearm close to your chest or back in close quarters. Heavy-duty nylon construction and high-impact clips ensure durability. Imported.

59123 Two-Point Padded Sling | Black 019, Sandstone 328 |

59120 Two-Point Sling | Black 019 |

VTAC® SINGLE-POINT SLING

Crafted from durable 500D nylon for maximum resilience the VTAC® Single-Point Sling supports a standard-sized rifle or submachine gun. The Single-Point Sling is ideal for individuals who prefer a single-point adjust, quick-release snap shackle and an assortment of attachment options. Imported.

54000 Bungee Single-Point Sling | Black 019 |

COVERT INSERT

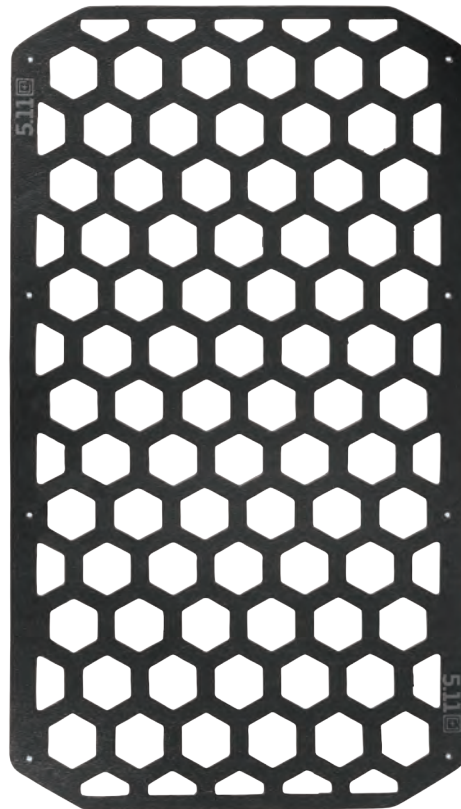

Organization yields efficiency. And efficiency makes for an exceptional operator. Keep your pouches and gear in order, or convert any bag or pack into an instant go-bag. The Covert Insert is available in two sizes (15" x 10" or 19" x 12") and features a rigid panel, configurable handle, and a web panel that runs horizontally (front) and vertically (back) for maximum functionality and flexibility. The panels are MOLLE-, SlickStick®, and TacTec-compatible, allowing you to tailor an easy-go loadout. There's no better way to manage your tools of the trade. Imported.

56280 Small Covert Insert | Black 019, Sandstone 328 | 15.25" x 10" |

56281 Large Covert Insert | Black 019, Sandstone 328 | 19" x 12.25" |

Any 5.11 SlickStick® pouch, MOLLE or WEB gear pouch can be attached to our new Covert Inserts, making it easy to transfer specialized equipment or daily essentials between larger bags. Pouches pictured available separately.

HEXGRID® INSERT

Organization problem? Say hello to 5.11's patented HEXGRID® multi-angle load bearing system. Removable webbing straps allow for Gear Set™ attachment, making any backpack or bag Gear Set™ compatible. So, when your shift gets switched or your mission changes, you'll be ready. Imported.

- + Removable board for mounting gear in a backpack
- + Included webbing straps for attachment of any Gear Set™
- + Holes on perimeter for routing cordage / bungee
- + Polyethylene
- + DIMS: 17.0" x 9.0", 2.5mm thick

NEW
VEHICLE READY HEXGRID® PLATFORMS

Commuting, overlanding or pulling security for an NGO convoy across the Djado Plateau in a gun truck, our HEXGRID Platforms will improve the journey. The panel features a full loop face and provides placement for an assortment of hook and loop and Gear Set™ attachments.

The Seat Platform features an adjustable headrest strap and removable side seat straps. A quick-release padded seat wedge provides secure attachment to either the front or rear of a driver or passenger seat. The Seat Platform comes packaged in a removable and reusable hook and loop attachment. A mesh bag is included.

The Headrest Platform can be attached to the front or back of a headrest and features the same loop face HEXGRID functionality as the Seat Platform, providing a ready place for a flashlight, FAK and other essentials you need within easy reach. Imported.

56520 Vehicle Ready HEXGRID® Headrest Platform | 5.8" H x 6.6" W | Black 019 |

56519 Vehicle Ready HEXGRID® Seat Platform | 19" H x 12" W | Black 019 |

FLEX-HT™ POUCHES

The Flex-HT™ mounting system offers maximum versatility and cross-platform mounting options. The ½" webbing ladder provides more mounting versatility than normal webbing and the ¾" width straps make it easier to attach.

SIERRA BRAVO

2" and 2.25" duty belts and pouches built for durability and stability without adding unnecessary weight to your duty belt.

SIERRA BRAVO DUTY BELT SYSTEM

A belt shouldn't weigh you down. It shouldn't constantly remind you that you're wearing a rig. A duty belt should just quietly, intuitively, effectively equip you for the situation at hand. Constructed from high-tensile 1680D nylon, the Sierra Bravo system features a water-resistant coating to guard against sweat, rain, and other elements. Our patent pending Slim-Lock buckle is only 1.7" wide; maximizing the real estate on your belt. The kit includes the main belt, inner belt, and 4 keepers with dual-retention hook-and-loop/snap closures. Available in 2" and 2.25" widths. Imported.

"...after wearing them for a few days I could not believe how comfortable the system was. The plates lock your gear into place... and seem to push your duty belt in and up, making your gear seem weightless."

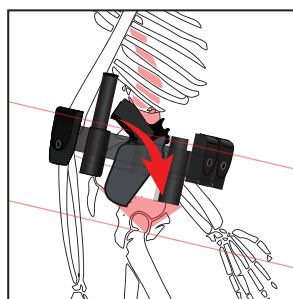

- NTOA Reviewer, Connecticut

ZERO-G LOAD-BEARING PLATES

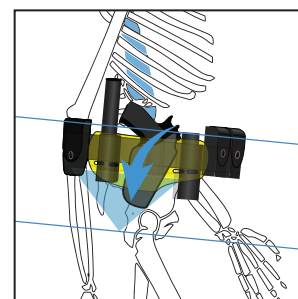

Research-Driven Design – 5.11 Zero-G Plates™ distribute the load of duty equipment correctly by utilizing the body's natural-weight bearing structure. Specifically, the Zero-G Plate positions the weight of your duty belt properly on your hip and through to your femur.

Promotes A Spine-Safe Posture – Unlike the traditional front-load duty belt, which increases forward pressure on your lumbar spine and can prevent abdominal muscles from properly firing, Zero-G Plates promote correct posture through their ergonomic shape and precise application.

Low-Profile Appearance – Zero-G Plates maintain a neat, clean, and professional appearance with a minimal profile. Made from a non-reflective carbon-fiber material and overmolded for comfort, the plates are durable and easy to use. The inner face of the Zero-G plate features a large loop-sided panel that securely adheres to your inner hook-sided liner belt.

Standard duty belt systems typically shift the weight of the belt forward over the femur, forcing the lower back to work harder and absorb undue stress.

Zero-G places your duty belt in a more neutral position, preventing it from tilting forward while distributing the weight for long-term comfort.

AMPC PACK

16L

The tough, yet lightweight 5.11® AMPC Pack takes tactical utility, versatility and comfort to the next level. Perfect for carrying hydration or extra cargo, the AMPC Pack can mount directly to the backs of our All Missions, TacTec® and Prime Plate Carriers. It also integrates with the Helmet/Shove-It Gear Set™. The AMPC Pack is Gear Set™ compatible inside and out and comes with the 5.11 HEXGRID® 9x9 Gear Set™. Internal elastic and stitched pleats provide active compression for a low profile, while a front and internal mesh pocket give you easy access to your sunglasses, keys or smartphone. The AMPC Pack is the smarter way to pack. Imported.

- + Stowable Hypalon backpack straps
- + Integrated Hypalon tab for zipper stop or compression
- + Hydration bladder strap and full loop back panel
- + 500D nylon

Attaches to All Missions and TacTec Plate Carriers (not included).

RUSH12™

On a long day hike or for everyday use, as a tactical assault pack, hunting backpack or an emergency go-bag, the RUSH12 keeps you organized and on mission. Sixteen total compartments, each sized for a specific use, give you virtually endless storage options. There's an internal admin panel for small accessories, a hydration pocket to keep you going and a fleece-lined sunglasses pocket to protect your eyewear. Last but not least, the wrap-around web platform is MOLLE and 5.11 SlickStick® System-compatible. Imported.

- + Main compartment = 18" x 11" x 6-1/2"

RUSH24™

When it comes to efficiency, this is the tactical backpack of choice. Our most popular pack, the RUSH24 is ideal for overnight treks or heavier everyday use. It has more than 20 compartments to stow your stuff, including a roomy main compartment with three mesh pockets, a padded hydration pocket and a fleece-lined sunglasses pocket. A large stuff-it pocket lets you add gear as needed. The wrap-around web platform is MOLLE/5.11 SlickStick® System-compatible for even more storage options. But even fully loaded, RUSH24's contoured shoulder straps and adjustable sternum straps keep you comfortable. Imported.

RUSH72™

If you're up for a three-day jaunt into the mountains or slated for a weekend of tactical duty, the RUSH72 is your best friend. Perfectly sized and structured for hauling more gear in not-so-friendly environments, it's built with highly resilient, water repellent nylon, and did we mention the aluminum spine? This pack raises your org game, too. The MOLLE / TacTec® System-compatible web platform keeps your gear within reach. There's an admin pocket to store maps, pens and documents, a shove-it compartment, integrated org pockets and a hydration compartment with hangers and toggles. Ready, set, go. Imported.

RUSH DELIVERY MESSENGERS

Most messengers simply can't handle the Always Ready lifestyle, which is why we created the RUSH Delivery Messenger Bag. Constructed from rugged, water-resistant 1050D nylon, the RUSH Delivery secures your documents and essentials in the main compartment, while protecting your laptop in a padded sleeve. The quick-access admin panel keeps your EDC must-haves at your fingertips, while a rapid-draw compartment offers fast access to your CCW. An exterior wrap-around platform that's compatible with MOLLE, SlickStick® and TacTec® systems provides additional carry capabilities. Long-distance hauling is a breeze thanks to the wide cross-body strap. This is one tough mother of a messenger bag. Imported.

BASIC PATROL BAG

37L

Built using rugged, all-weather 600D polyester, the Basic Patrol Bag is a readiness-optimized storage solution for trunk, cab or even passenger seat. The spacious primary compartment intended for the bulk of your items can be arranged to personal spec with removable dividers and other organization measures like zippered and slip pockets on the lid, a hook and loop closure front pocket. Baton loops will secure smaller, more sensitive or more frequently accessed implements. There's also a loop ID panel and business card ID holder for a proclamation of ownership – gear left adrift is a gift! Imported.

| **56523 Basic Patrol Bag** | Black 019 |

PATROL READY™ BAG

40L

Our Patrol Ready™ Bag keeps your duty gear organized and quickly accessible. Built from rugged, all-weather 600D polyester, the Patrol Ready Bag features multiple exterior pockets to store your flashlight, baton, radio, water bottles and more. The large interior compartment includes an adjustable separator, two zippered pockets and additional admin pockets. Sturdy grab handles and a removable shoulder strap make transporting easy, while the transparent ID panel marks your stuff. Imported.

59012 Patrol Ready Bag | Black 019 |

WINGMAN PATROL BAG™

39L

We designed the Wingman Patrol Bag™ to ride in the front passenger seat, secured with a seat belt pass-through and the upper panel fastened to the headrest. The Wingman serves as a tactical organizer, toolkit and gear bag. Easily reach your patrol essentials thanks to the dual-fold-open web platforms and foldout organizer panel. Adjustable inner dividers, zippered and mesh pockets offer nearly limitless storage options. An exterior MOLLE platform provides additional storage. When your shift is over, the Wingman transitions to a traditional patrol bag. Imported.

| 56045 Wingman Patrol Bag | Black 019 |

SIDE TRIP™ BRIEFCASE

32L

Our popular, multi-functional Side Trip Briefcase is built for the battlefield and the boardroom. Crafted from rugged, stylish 1050D texture nylon, with molded handles and a removable shoulder strap, the bag offers a useful, professional profile. The interior feature MOLLE and 5.11SlickStick® compatible storage options, a roomy main compartment made to hold a 16" laptop, and a TacTec® compatible covert pocked sized for a sidearm. Side pocket blouse out to hold bulky items, and a rain cover stows in the bottom of the bag. Imported.

| 56003 Side Trip™ Briefcase | Black 019 |

OPERATOR ALS BACKPACK

26L

For what you do, you need gear you don't have to think about, let alone second guess. Meet the Operator ALS Backpack, with four removable, color-coded Easy-Vis Med Pouches and two long internal pockets to keep vital supplies within reach. A dedicated, padded compartment can be used for hydration, stowing your tablet or carrying a litter. The main compartment is primed for internal Gear Set™ placement. The ALS pack is smart and tough on the outside, too. Its nylon 1050D body and waterproof poly 1000D base construction stands up to punishment shift after shift, and reflective pulls and piping help you stay visible. 20" H x 11.5" W x 8.75" D / 1586 cu. in. / 26L capacity. Imported.

- + Double Deploy Gear Set™ included
- + Dedicated, padded hydration, tablet or litter carry compartment
- + High abrasion resistant 1050D nylon and waterproof 1000D poly

| 56395 Operator ALS Backpack | 26L capacity | Black 019 |

The Operator ALS Backpack includes a Double Deploy Gear Set™ with two individually removable stretch pockets to keep essential gear at hand and easily shared.

TAC OPERATOR ALS BACKPACK

26L

The Tac Operator ALS is the Operator ALS Pack's tactical cousin with all 1050D nylon material and no reflectivity. With the included Double Deploy Gear Set™, four color-coded Easy-Vis Med Pouches, and additional real estate configured for both internal and external Gear Set™ mounting, the Tac Operator has plenty of room for both necessities and niceties... though hopefully you have a priority on the former. How you configure your pack is up to you, and dependent on mission and need. Your ability to configure effectively is up to the pack. The Tac Operator ALS more than meets that responsibility.

- + Double Deploy Gear Set™ included
- + Dedicated, padded hydration, tablet or litter carry compartment
- + High abrasion resistant 1050D nylon

| 56522 Tac Operator ALS Backpack | 26L capacity | Kangaroo 134 |

EASY-VIS MED POUCH

Additional Med Pouch for the Operator ALS Backpack or AMP Backpack. The top and front panels are made of clear vinyl, so you can see exactly what you're reaching for in crucial moments. The bottom has a hook strip for attaching inside compatible bags like the ALS Backpack or AMP Backpacks. Imported.

- + Pull strap for quick detach
- + 7" x 6.5" x 3.5"
- + Clear vinyl / 600D poly

EMERGENCY READY POUCH

3L

Carry the Emergency Ready Pouch or stage it aboard a vehicle as your intent or mission demands it. Dual zippers provide quick access to an extensively organized interior with dividers, pockets and internal elastic bands to compartmentalize and secure contents. There is also a stretch front pocket for a tourniquet or bandage with clotting agent and a heavy-duty mesh slip pocket at the rear for other necessities. Carry it courier style or around your waist with the adjustable quick-release strap. The Emergency Ready Pouch is constructed of 420D nylon and the base is a formidable N1050D. A 6 in. x 1 in. loop-side tape holder is included for name or callsign tape, squad designator or other hook-back patch. Imported.

- + Main fabric: 420D nylon, base fabric: 1050D nylon

LOAD READY UTILITY LARGE

39L

The Load Ready Utility Large is a heavy-duty, haul-all stackable utility bag. Built with 1050D nylon and boasting a dual layer internal and external waterproof TPU base, this Utility Bag can be manhandled by using reinforced side grab handles. Or, secure them together with front, rear and corner external lash loops. Separate specific smaller items internally with the inside mesh pocket. Tough, dual-layered waterproof bottom for durability and protection for your gear. Imported.

- + Main fabric: 1050D nylon, base: 1000D polyester with TPU coating
- + 12" H x 18" L x 11" D
- + 5.11's signature Centerline™ design
- + Internal mesh pocket
- + Side grab handles with name tape

56533 Load Ready Utility Large | 39-liter (2380 cu. in.) | Smoke Grey 009, Kangaroo 134, Ranger Green 186 |

LOAD READY UTILITY MEDIUM TALL

26L

Constructed from durable 1050D nylon and featuring a P1000D base with waterproof TPU coating, the Load Ready Utility Tall is a heavy duty, stackable utility bag. Front, rear and corner external lash loops mean you can secure multiple Load Ready Bags in your truck bed or car trunk. Whatever you actually load these bags with, you'll be able to move it as needed with reinforced side grab handles and set it where you need to without worrying about moisture. The bottom is built with an internal and external dual-layer waterproof panel. Bring on the heavy cargo. Imported.

- + Main fabric: 1050D nylon, base: 1000D polyester with TPU coating
- + 16" H x 11" L x 9" D
- + 5.11's signature Centerline™ design
- + Internal mesh pocket
- + Side grab handles with name tape

LOAD READY UTILITY MEDIUM

19L

Constructed from durable 1050D nylon and featuring a 1000D polyester base with waterproof TPU coating, the Load Ready Utility Medium is a heavy-duty, stackable utility bag. Load it down and haul it, stash it away in a shed or car trunk until needed. The Load Ready Utility Bags are equipped with side grab handles, a roll-up heavy-duty mesh top with a toggle for stowing, and an internal mesh pocket for small item segregation. The bottom is built with a dual-layer, internal and external, waterproof panel, and its already robust construction has been reinforced with heavy-duty thread and extra bartacks. Imported.

- + Main fabric: 1050D nylon, base: 1000D polyester with TPU coating
- + 12" H x 11" L x 9" D
- + 5.11's signature Centerline™ design
- + Internal mesh pocket
- + Side grab handles with name tape

56531 Load Ready Utility Medium | 19-liter (1159 cu. in.) | Smoke Grey 009, Kangaroo 134, Ranger Green 186 |
