

AIR FILTRATION CO., INC.

EPA 6H COMPLIANT PAINT ARRESTORS

Air Filtration Co., Inc. has multiple paint arrestor options that exceed requirements set forth by the EPA 6H guidelines, including several media types and holding capacities to match any required application.

GA/PA SERIES

15 GRAM FIBERGLASS

Our most popular arrestor, ideal for use in most spray booth applications and our most economical option.

PA22 SERIES

22 GRAM FIBERGLASS

For increased efficiency over GA/PA Series in a similar type media.

KING SERIES FIBERGLASS W/ POLY BACKING

Unique tri-layer design improves depth loading for a long lasting, extremely efficient media

PAINT POCKETS PAINT ARRESTOR

This amazing media provides 99.84% efficiency with an average service life 3-5 times longer than other arrestors.

PAINT POCKETS GREEN

Offers many of the same great attributes of standard Paint Pockets at a more affordable price.

PE/PP/PR/PRH SERIES POLYESTER

High efficiency polyester exhaust media available in 1/2" (PRH), 3/4" (PP/PR), or 2" (PE) thickness.

AF331

Accordion style baffle-type arrestor constructed of durable, recycled paper.

3200 SERIES EXPANDED PAPER

High efficiency poly-backed expanded paper.
