

Part No. ALL12020-12026

## Nitrile Gloves

Nitrile gloves protect against dirt and grime and help prevent oil and harsh chemicals from contacting the skin. Gloves are latex and powder free to keep from irritating skin. General purpose gloves are great for light duty uses that are not exposed to chemicals. Chemical resistant gloves work well for general purpose as well as jobs that involve oil, fuel, brake fluid and most cleaning chemicals such as brake and carb cleaners.

Package of 100.
