OUR MISSION

Anglo American Tools was founded in 1973 by Derrick and Sheila Tuck, who emigrated from England with the vision of offering high quality European hand tools to professional contractors in the United States. Over the years, Anglo American Tools has earned a reputation among both European manufacturers and American distributors for offering a comprehensive variety of top quality professional hand tools and providing only the best service to both clients and customers.

Derrick's dream was to put the finest European hand tools into the hands of American professional tradesman. This is still our mission today.

For decades professional hand tool manufacturers from around the world have selected Anglo American Tools as their primary distributor and sales agent in the United States.

Anglo American offers the highest level of service to its clients by delivering engaging product information to the public, offering innovative problem solving tools and providing exceptional customer service.

Our approach is based on education: we educate ourselves on the realities of the market and provide our customers with the specifics on the hand tools that we believe would best suit their needs. Our motivation and passion for excellence, combined with our extensive product knowledge and exceptional customer service are the keys to our success. We constantly strive to provide distributors and end users with the most competitive pricing on an array of superior quality European hand tools.

LETTER FROM THE PRESIDENT

Dear Valued Customer:

Thank you for your expressed interest in our program of superior-quality professional hand tools. Anglo American is currently celebrating its 44th anniversary, and it is with great pride that we provide you with our latest catalog.

In preparation for this new and informative catalog, I recently reviewed our first catalog from the mid-70's and noted the differences and similarities in our marketing approach. Of course, technology has provided us with an ease to not only develop the catalog, but also be able to make revisions. Gone are the days of rubber cement, a straight edge and a separate IBM Selectric typewriter to provide the layouts and the various fonts and font sizes. Nowadays, a few keystrokes and the power of a software program can bring imagination to paper.

The interesting observation of reviewing old catalogs is the advancement of various tools and the consistency in others. We started in 1973 with factories such as Irega adjustable wrenches, Thor Hammers and Tome Feteira Collar brand files and rasps. Today, many of their items are exactly the way they were all those years ago. Irega have expanded their range to include chrome vanadium wrenches as well as wide opening and super wide opening wrenches. In addition, some of our other factory partners are also constantly improving and developing products. Knipex, for example, not only has developed new and unique pliers such as the CoBolt, the Alligator and the Cobra pliers, but have also improved upon them over the years. Witte are constantly improving the screwdriver handle to provide the user with a very ergonomic and powerful grip. Grip-On Tools offers a wide range of useful locking pliers and clamps for many purposes. Schröder, Rennsteig and NES offer some excellent problem solving and time saving tools for all industries and have proven to be widely used and accepted in the marketplace.

As the world gets smaller and as time seems to fly at an accelerating pace, Anglo American Tools never loses sight of its original mission by my parents, Derrick and Sheila Tuck: to bring the finest European hand tools to the American marketplace. Customers and clients alike can always trust that Anglo American will put the best tools in the American tradesman's toolbox.

We are pleased to partner with some of Europe's leading hand tool manufacturers. We aim to introduce new items on a regular basis and ask that you check back on our website frequently to keep up with our new product updates.

Once again, and on behalf of the staff at Anglo American Tools, we appreciate your expressed interest in our program of hand tools. We thank you for your support and look forward to another great year.

Sincerely,

Stephen Tuck
Owner/President
Anglo American Tools

THREADING TOOLS

THREADING TOOLS

UNIVERSAL THREAD REPAIR

EXTERNAL THREAD REPAIR

NES06040

NES1A

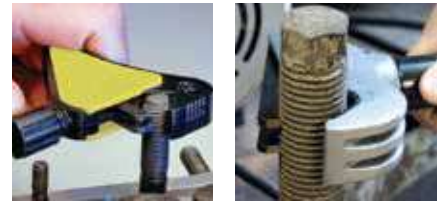

- External tools restore inch or metric, right-hand or left-hand fastener threads
- Floating cutters are self-adjusting to any pitch and size within range
- No need for calibration or identifying thread type
- Automatically chases good thread sections to repair the damaged threads
- Nes06040 ThreadMate™ works well for DIYers, household repairs, cars, bikes, etc.
- NES1A, NES2 and NES3 work best for heavy duty applications in automotive, manufacturing, etc.

NES2

NES3

ITEM #	OUTER DIAMETER	PIPE DIAMETER	LBS
NES1A	5/32" - 3/4"	Up to 7/16"	.50
NES2	11/16" - 1 1/2"	3/8" - 1 1/8"	1.2
NES3	1 3/8" - 6"	1" - 5 1/2"	4.3
NES06040	5/32" - 1/2"	Up to 1/4"	.40

INTERNAL THREAD REPAIR

NES21

NES23

- Internal tools restore inch or metric, right-hand or left-hand fastener threads
- Floating cutter is self-adjusting to any pitch and size within range
- Ideal for cross-threaded fasteners
- No need for calibration or identifying thread type
- Nylon pads available to avoid marring softer metals

NES25

NES27

COMBINATION THREAD REPAIR SETS

NES1015

NES1017

NES1025

NES01044

- Combination sets are ideal for faster and more efficient thread repair maintenance
- Both external and internal tools restore inch or metric, right or left-hand fastener threads
- Self-adjusting to any pitch and size within range
- No need for calibration or identifying thread type
- Sets come with replacement cutters and nylon pads

ITEM #	CONTENTS	EXTERNAL	INTERNAL	LBS
NES1015	NES1A, 21, 22	5/32" - 11/16"	5/16" - 5/8"	1.7

EXTERNAL THREAD REPAIR SETS

NES1000

NES1300

- Replaces a huge array of dies for thread repair maintenance
- External tools restore inch or metric, right or left-hand fastener threads
- Self-adjusting to any pitch and size within range
- No need for calibration or identifying thread type
- Sets come with replacement cutters

ITEM #	CONTENTS	SET TYPE	EXTERNAL CAPACITY	LBS
NES1000	NES1A, NES2	External	5/32" - 1 1/2"	2.7
NES1300	NES1A, NES2, NES3	External	5/32" - 6"	8.8

INTERNAL THREAD REPAIR SETS

NES1007

NES1008

- Replaces a huge array of taps for thread repair maintenance
- Internal tools restore inch or metric, right or left-hand fastener threads
- Self-adjusting to any pitch and size within range
- No need for calibration or identifying thread type
- Sets come with replacement cutters and nylon pads

ITEM #	CONTENTS	TYPE	INTERNAL CAPACITY	LBS
NES1007	NES21, 22, 23	Internal	5/16" - 13/16"	1.8
NES1008	NES21, 22, 23, 24	Internal	5/16" - 1 1/4"	2.9
NES1036	NES24, 26, Sleeve 07259, 07269	Internal	7/8" - 2 5/8"	4.4

TAP WRENCHES AND EXTRACTORS

RATCHETING TAP WRENCHES ERGONOMIC

RS40064

- Parallel-clamping steel jaws and knurled chuck provide a secure, firm grip on hex or square drive taps
- Beautifully precise ratcheting action for high quality work
- Adjustable T-Handle may be positioned from side to side for convenience and added leverage in tight spaces
- With a flick of the ratchet selection switch, it can easily set for left or right-handed operation, or locked for non-ratcheting use

ITEM #	DESCRIPTION	TAP CAPACITY	SQUARE DRIVE	LBS
RS40034	XL Capacity	3/8" - 5/8"	11/32" - 1/2"	2.4
RS40064	3 1/2" Tap Wrench	1/16" - 1/4"	5/64" - 13/64"	.40

RS40164	10" Extension Bar			.70

11-PIECE TAP WRENCH AND SCREW EXTRACTOR SET

RS46554

- Ideal for screw extraction, turning taps and rethreading
- Includes: two 3-position T-Handle ratcheting tap wrenches, 7-inch tap extension, two replacement chucks, three 3/16-inch square shank taps, and three screw extractors
- Professional storage case with lid for easy identification

ITEM #	DESCRIPTION	LBS
RS46554	17-Piece Tap Wrench Screw Extractor Set with Storage Case	1.2

DUAL-EDGED SCREW EXTRACTORS ERGONOMIC

RNSE5

- Extracts ruined screws without damaging threads
- Unique design allows either left or right-handed turning
- Integrated center punch pin for precision work
- Dual-edge engagement with the screw for secure grip

ITEM #	DESCRIPTION	DRILL INCH	SCREW SIZE	FINISH	LBS
RN4710013	Extractor #1	1/8" - 3/16"	3/16" - 1/4"	Burnished	.02

RNSE5	5-Piece Set - Sizes 1 - 5			Burnished	.50

HAMMERS

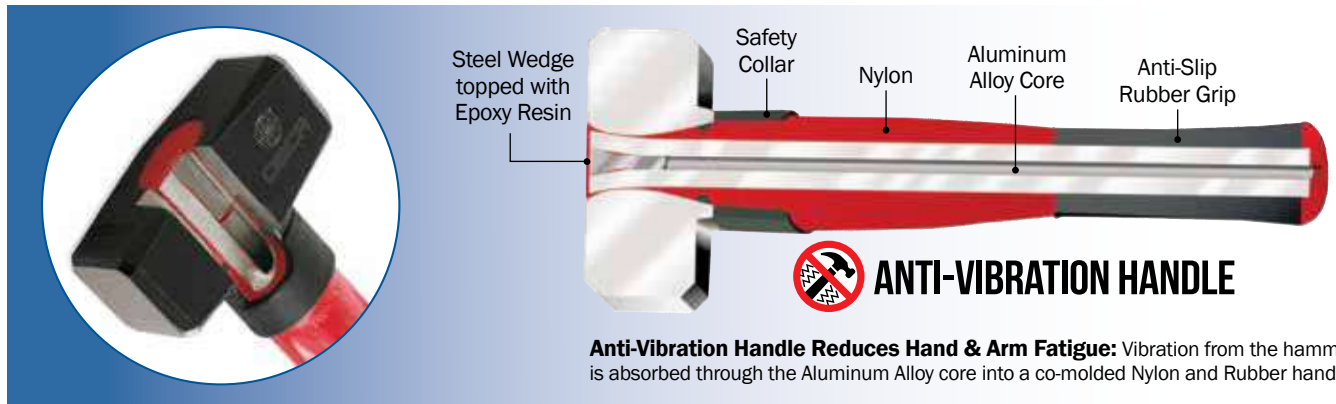

HAMMERS

HAMMERS

OSCA'S PATENTED 3-COMPONENT HANDLES

ANTI-VIBRATION HANDLE

Anti-Vibration Handle Reduces Hand & Arm Fatigue: Vibration from the hammer is absorbed through the Aluminum Alloy core into a co-molded Nylon and Rubber handle.

CLUB HAMMERS

NEW!

- Useful for demolition, driving steel chisels and masonry nails
- Induction hardened steel head with polished double-faced ends and blunt edges
- Forged safety collar under head to avoid handle splitting
- Available in Hickory Wood, 3-Component Anti-Vibration and Synthetic Handles
- Hickory wood handle has a protective lacquered finish
- Patented 3-Component Anti-Vibration handle reduces hand and arm fatigue: Handle consists of an aluminum alloy core, nylon handle and rubber grip for comfort

ITEM #	HANDLE TYPE	HANDLE LENGTH	HEAD TYPE	LBS

MACHINIST'S HAMMERS

NEW!

- Useful for striking punches & pins and for riveting, forming or straightening non-hardened materials
- Induction hardened steel head with squared beveled head and angular cross pein end
- Forged safety collar under head to avoid handle splitting
- Available in Ash Wood and 3-Component Anti-Vib. Handles
- Ash wood handle has a protective lacquered finish
- Patented 3-Component Anti-Vibration handle reduces hand and arm fatigue: Handle consists of an aluminum alloy core, nylon handle and rubber grip for comfort

ITEM #	HANDLE TYPE	HANDLE LENGTH	LBS

EVO SOFT FACE HAMMERS NEW!

- Useful for soft blow and controlled striking force applications
- Choose from steel head (90 series) or lightweight aluminum head (95 series)
- Nylon striking tips are interchangeable/replaceable
- Forged safety collar under head to avoid handle splitting
- Available in Hickory and 3-Component Anti-Vib. Handles
- Hickory wood handle has a protective lacquered finish
- Patented 3-Component Anti-Vibration handle reduces hand and arm fatigue: Handle consists of an aluminum alloy core, nylon handle and rubber grip for comfort

HAMMERS

ALUMINUM HAMMER NEW!

OS075F500

- Useful on soft metal application such as aluminum, brass, bronze and copper
- Lightweight aluminum alloy head with double-faced circular ends
- BRINELL 80/100 hardness
- Ash wood handle with protective lacquered finish
- Fixed with round steel wedge

ITEM #	HANDLE TYPE	HANDLE LENGTH	LBS
OS075F500	Ash Wood	12 1/2"	1.1

BALL PEIN HAMMERS NEW!

OS108P916

- Useful for shaping metal and closing rivets
- Induction hardened steel head with polished striking face and ball pein end
- Forged safety collar under head to avoid handle splitting
- Ash wood handle with protective lacquered finish

ITEM #	HANDLE TYPE	HANDLE LENGTH	LBS
OS108B446	Ash Wood	14"	1.0
OS108B706	Ash Wood	15"	1.6

CARPENTER'S HAMMER NEW!

OS085AL20

- Useful for framing, decking, nailing and other applications
- Induction hardened steel head with polished striking face and rip claw end to remove nails, pry objects, etc.
- Aluminum alloy handle with anti-slip rubber for secure grip

ITEM #	HANDLE TYPE	HANDLE LENGTH	LBS
OS085AL20	Aluminum Alloy	13"	1.3

DEAD BLOW HAMMER NEW!

OS130FE40

- Useful for auto body repair and other applications where a controlled striking force is needed
- Steel head with metal weights to absorb rebound force
- Polyurethane striking tips
- Steel handle with anti-slip grip

ITEM #	FACE DIAMETER	HANDLE LENGTH	LBS
OS130FE40	40mm	12"	1.7

POLYURETHANE HAMMER NEW!

OS12935

- Useful for multipurpose striking applications
- Steel head with polyurethane striking tips
- Interchangeable/replaceable tips
- Ash wood handle with protective lacquered finish

ITEM #	FACE DIAMETER	HANDLE LENGTH	LBS
OS12935	35mm	12"	.90

SLEDGE HAMMER NEW!

OS131TM94

- Used to distribute strong force over a large area
- Hardened steel head with double-face squared ends
- Black epoxy powdered face
- Ash wood handle with protective lacquered finish
- Useful for concrete, construction, repair and demolition applications

ITEM #	HANDLE TYPE	HANDLE LENGTH	LBS
OS131TM94	Ash Wood	35 1/2"	9

HAMMERS

COPPER HAMMERS

- Malleable iron head fitted with cylindrical copper faces
- Copper faces prevent damage to expensive machined sub components and assemblies
- Ideal where a heavy blow is required combined with a relatively small striking area
- Used in automotive and general engineering for assembly, repair and maintenance

TH04308

STRIKING TOOLS

STRIKING TOOLS

PUNCHES

AUTOMATIC ADJUSTABLE CENTER PUNCHES

RN430229
FORCE RANGE:
14.8 - 36.9 LBF

RN430230
FORCE RANGE:
44.2 - 95.9 LBF

RN430231
FORCE RANGE:
132.8 - 184.4 LBF

- Adjustable impact strike force for controlled applications
- Precision all-steel design with replaceable hardened pin is used for striking center holes for drilling in layout work
- Available with 2-component handguard for secure grip
- Self-striking mechanism is activated by downward pressure, eliminating the need to strike with a hammer
- Single-handed operation, impact force is adjustable
- Replaceable hardened pins available for small, medium and large center punches

ITEM #	L	DESCRIPTION	FORCE RANGE (LBF)	LBS
RN430229	4"	Small Auto. Adj. Center Punch (20N - 50N)	14.8 - 36.9	.15

PUNCHES

ARCH/WAD PUNCHES NEW!

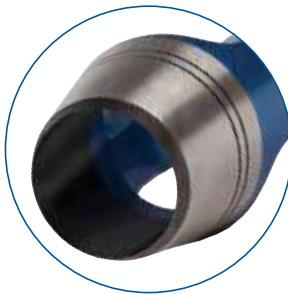

RN14002605

Conical cutting head, polished and blank, slightly conical on the inside to remove stamped out material

Laser engraved

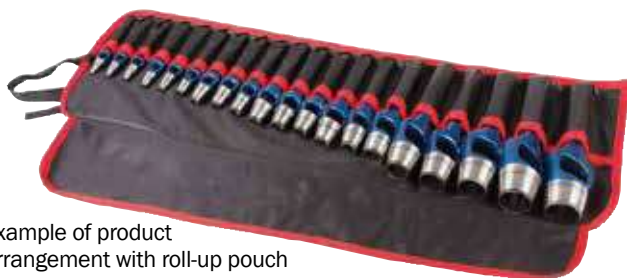

Cutting edge sharpened, hardened and tempered

- For stamping out or producing gaskets and seal rings from materials such as rubber, leather, felt, plastic, cork, fabric or similar components
- Multi-layered wooden boards or polyamide boards should be used as a base impact support for stamping
- Made of tool steel according to DIN 7200 A
- Dip-coating
- Also available in 33–75 mm

CENTER CUTTERS ERGONOMIC

KN7491250

- Fixed, forged-on axle rivet for durability under heavy duty use
- Designed for easy cutting of hard, soft and piano wire
- Cuts hard or thick wires with less effort than equally long diagonal cutters, due to cutting edges being in the center of the pliers' head
- Centric precision cutting edges

ITEM #	L	HANDLES	SOFT	MED	HARD	PIANO	LBS
KN7491250	10"	Plastic-Coated	1/4"	13/64"	5/32"	9/64"	.85

WIRE ROPE CUTTERS ERGONOMIC

KN9561150

- KN9561150 is especially made for cutting Bowden cables up to 1/8-inch OD
- KN9561150 has an opening spring and locking lever to save time and aid in repetitive work
- KN9571600 has strong and light aluminum handles
- KN9581600 features a reinforced cutting head for cutting piano wire

HIGH LEVERAGE DIAGONAL CUTTERS

KN7412180

- Optimum coordination of the cutting edge angle and transmission ratio allows high cutting performance with minimal effort
- Precision cutting edges are induction hardened to 64 HRC for longer tool life
- For tough and repetitive work
- Comes with an opening spring

ITEM #	L	HANDLES	HEAD	LBS
KN7412160	6 1/4"	Knipex Comfort	Polished	.45
KN7412180	7"	Knipex Comfort	Polished	.60

TWIN FORCE DIAGONAL CUTTERS

KN7371180

KN7372180

- Ideal transmission of force due to double-hinged design
- Easy cutting without strain: 50% easier than traditional KNIPEX high leverage diagonal cutters
- Reliably cuts all types of wire, including steel tape
- For rough or very fine cutting

ITEM #	L	HANDLES	HEAD	LBS
KN7371180	7"	Plastic Coated	Polished	.55
KN7372180	7"	Knipex Comfort	Polished	.60

X-CUT COMPACT DIAGONAL CUTTERS

KN7302160

- Box-joint design, light weight and high stability
- Heavy duty, doubly supported joint axis
- Optimum coordination of the cutting edge angle and transmission ratio with a laterally staggered pivot point allows high cutting performance with minimal effort
- Wider opening for thicker cables

ITEM #	L	HANDLES	HEAD	LBS
KN7302160	6"	Knipex Comfort	Polished	.40

END CUTTERS

BOLT END CUTTING NIPPERS ERGONOMIC

KN6101200

KN6102200

- Cutting edges induction-hardened (approx 64 HRC) for longer tool life
- High leverage joint reduces hand-force required to cut wire, bolts & rivets
- Favored in fencing construction for being both lightweight and compact
- Cutters are made from vanadium electric steel that is forged and oil-hardened

ITEM #	L	HANDLES	SOFT	MED	HARD	PIANO	LBS
KN6101200	8"	Plastic Coated	1/4"	5/32"	9/64"	1/8"	.95

ERGO GRIP PLIERS ERGONOMIC

Grip-on

GR72708

- Pistol grip pliers and long nose pliers in one tool
- 70° angled design allows exertion of up to 50 percent more force
- Keeps wrist straight to reduce strain
- Thumb release and knurled adjustment screw for fast and easy work

ITEM #	LENGTH	FINISH	CAPACITY	LBS
GR72708	8"	Nickel-Plated	2"	.40

OMNIUM GRIP PLIERS EPOXY RESIN FINISH

Grip-on

GR13110

- Modern, multi-purpose design ideal for all trades, including welding, mechanics, plumbing and DIY
- Jaw configuration is combined of straight, curved and convex profiles
- Securely grips round, flat and large objects

ITEM #	LENGTH	FINISH	CAPACITY	LBS
GR13107	7"	Epoxy	Up to 1 5/8"	.90
GR13110	10"	Epoxy	Up to 2 3/8"	1.4
GR13112	12"	Epoxy	Up to 2 3/8"	2

LONG AND BENT NOSE PLIERS EPOXY RESIN FINISH

Grip-on

GR12710

BENT NOSE PLIERS

- Provides aid when holding, placing or extracting pieces in awkward areas
- Long slim jaw design enables pliers to reach deep into recessed areas
- Curved section allows pliers to hold rounded objects
- Bent nose pliers have a 35° angled tip that allows effortless access into difficult to reach areas

ITEM #	LENGTH	FINISH	TYPE	CAPACITY	LBS
GR12706	6"	Epoxy	Long Nose / Forged Teeth	To 2 1/8"	.80

GR186DBL	28" (Double Length) Replacement Cutting Chain for GR18612		To 9"	1.3

PLUGWELD PLIERS EPOXY RESIN FINISH

Grip-on

- The solid copper pad on the fixed jaw prevents burn-through when welding thin sheet-metal panels
- Spatter resistant copper enables the filling of pilot holes
- Weld does not stick to copper, which also allows for quick cooling
- U-Shaped bottom jaw provides even pressure around welding spot

ITEM #	LENGTH	FINISH	TYPE	CAPACITY	LBS
GR13709	9"	Epoxy	Plugweld	To 1 5/8"	1.1

HOSE CLAMP PLIERS

HAZET

- For simple and spring-band hose clamps
- Adjustable opening width
- Made in Germany

ITEM #	LENGTH	TYPE	RANGE	LBS
HZ798-1	11 1/4"	Simple Hose Clamps with Movable Jaws	1 1/4"	1.1
HZ798-10	12 1/2"	Spring-Band Hose Clamps with Fixed Jaws	3 1/2"	1.1

GENERAL INDUSTRY SET EPOXY RESIN FINISH

Grip-on

GRGK500

- Set contains Omnium Grip 7-inch, 10-inch, Curved Jaws, 5-inch, 10-inch, and 10-inch Hose Clamp Pliers
- Quick access, storage and carriage
- Ideal kit for professionals and enthusiasts in all fields
- Eco-friendly orange epoxy handles are ten times more corrosion-resistant than nickel-plated handles

ITEM #	FINISH	TYPE	CAPACITY
GRGK500	Epoxy	5-Piece Locking Pliers Set	Up to 2 1/2"
GRWK500	Epoxy	5-Piece Welding Clamp Set	

HANDS FREE KIT EPOXY RESIN FINISH

Grip-on

GRHFKIT

- Set contains two 10-inch Omnium Grip Pliers, two Grip Holders, and a convenient storage pouch
- Grip Holders adjust quickly and firmly to any work table
- Omnium Grips slide securely into Grip Holders, forming a portable vise
- Allows firm grip on pipes, rods, or other work pieces for gluing, cutting, welding, drilling, etc

ITEM #	LENGTH	FINISH	JAW	CAPACITY	LBS
GRHFKIT	5"	Epoxy	Straight	1 1/8"	.40

GRIP HOLDERS

Grip-on

GR1010

GR1075

- Built to hold various locking pliers for hands-free work
- Butterfly screw for fast, easy attachment to a workbench
- Swivel pad ensures a firm hold on all work pieces
- GR1075 holds 5-inch, 7-inch and 10-inch locking pliers

ITEM #	LENGTH	CAPACITY	LBS
GR1010	5"	Holds 10" locking pliers	.40
GR1075	5"	Holds 5", 7" and 10" locking pliers	.65

ALUMINUM CLAMPS

LOCKING C-CLAMPS EPOXY RESIN FINISH

Grip-on

GR14412

- Modern ergonomic clamps with aircraft aluminium alloy jaws for the professional welder in auto body repair, metal fabrication and sheet metal work
- The lighter weight provides greater comfort and easier handling for the intensive user
- Aircraft aluminum alloy jaws are corrosion-resistant
- 12-inch and 14-inch models have heat-treated die cast jaws for resistance and longer tool life

ITEM #	L	FINISH	TYPE	CAPACITY	LBS
GR14412	12"	Epoxy	Aluminum Alloy	3 1/2"	1.5

ALUMINUM ALLOY U-CLAMPS EPOXY RESIN FINISH

Grip-on

GR14512K

- Hardened, aircraft aluminium alloy jaws for the professionals
- Lighter weight provides greater comfort and easier handling for the intensive user
- U-Shaped jaw profile permits the clamping of adjacent joints and perfect visibility when welding
- 16-inch and 20-inch models have perforated edges to reduce weight and improve handling balance

ITEM #	LENGTH	FINISH	TYPE	CAPACITY	LBS
GR14512	12"	Epoxy	Aluminum Alloy	4"	1.7

GR14520	20"	Epoxy	Aluminum Alloy	10 1/2"	2.1

AXIAL CLAMPS EPOXY RESIN FINISH

Grip-on

- Slim profile allows access into difficult places
- Straight line motion of mobile jaw allows offset clamping
- One-handed push button release system
- Eco-friendly epoxy resin-coated handles are ten times more corrosion-resistant than nickel-plated handles

STEEL CLAMPS

LOCKING C-CLAMPS

EPOXY RESIN FINISH

Grip-on

GR12412

- Quicker and easier to handle than normal bar type clamps as they can be operated with one hand
- Suitable for assembly work in auto repair, steel fabrication, welding, etc.
- Wide and deep jaw profile allows the clearing of obstacles and clamping at long distances
- Heavy-duty tips help ensure good secure clamping

ITEM #	LENGTH	FINISH	CAPACITY	LBS
GR12406	6"	Epoxy	Up to 2 3/8"	.55
GR12412	12"	Epoxy	Up to 4"	2
GR12418	18"	Epoxy	Up to 10 1/2"	2.9
GR12424	24"	Epoxy	Up to 12"	3.4

LONG AND LARGE REACH C-CLAMPS

EPOXY RESIN FINISH

Grip-on

GR13412

- A series of one handed operation clamps for body repair work, metal fabrication and general welding jobs
- Large capacity jaw profile allows clamping around large sections, e.g. rocker panels in auto body, and provide good visibility for welding
- Eco-friendly orange epoxy handles are ten times more corrosion-resistant than nickel-plated handles

ITEM #	LENGTH	FINISH	CAPACITY	LBS
GR13412	12"	Epoxy	Up to 4"	2.1

GR13440	40"	Epoxy	Up to 6 1/2"	11.3

C-CLAMPS WITH SWIVEL PADS

EPOXY RESIN FINISH

Grip-on

GR22406

- Knurled swivel pads allow non-slip clamping even on tapered surfaces
- Swivel pads permit non-damaging clamping when GR124 series will not
- Suitable for repetitive jobs in wood working as well as general mechanics

ITEM #	L	FINISH	TYPE	CAPACITY	LBS
GR22406	6"	Epoxy	Swivel pads	To 2"	.60

WING CLAMPS

EPOXY COATED HANDLES

Grip-on

GR233A06

- Real clamping power for tight spaces
- Fit into areas where a traditional c-clamp will not fit
- Straight and 70° angled models available
- Self-leveling Jaws – have a narrow jaw profile to aid in accessing tight places and its two knurled swivel pads create self-leveling jaws for a stronger grip, even on tapered surfaces

ITEM #	L	FINISH	TYPE	CAPACITY	LBS
GR233A06	6"	Epoxy	Angled mini wing clamp	To 1 3/4"	.50
GR23306	6"	Epoxy	Mini wing clamp	To 1 3/4"	.50

TABLE C-CLAMPS

EPOXY COATED HANDLES

Grip-on

GR22212

- Can be firmly locked or loosely attached via knurled swivel pad for easy drilling, light milling, welding, gluing
- Five holes in the base of the tool for fixing to machinery T-Slots or tables and work benches
- Knurled swivel pad holds tapered work without damaging work pieces
- Eco-friendly orange epoxy handles are ten times more corrosion-resistant than nickel-plated handles

ITEM #	LENGTH	BODY	TYPE	LBS
GR22212	12"	Epoxy	Table C-Clamp	.70

LOCKING U-CLAMPS

EPOXY COATED HANDLES

Grip-on

GR12512

- U-Clamps hold two sections together with a firm grip
- Hands free solution in general welding and body repair
- U-Shaped jaw profile permits the clamping of adjacent joints and perfect visibility when welding
- Pipe clamps perfectly align two adjacent pipes, and allow secure clamping of rounded sections and perfect visibility of the welding area

ITEM #	L	FINISH	TYPE	CAPACITY	LBS
GR12509	9"	Epoxy	Locking U	To 2 3/8"	1.5

MILL FILES

- Mill files are general purpose tools for sharpening, draw filing, lathe work and everyday general shop use
- Single cut, both edges cut
- Made from high quality chromium alloy steel
- Special lacquer provides protection from rust spots

FILES AND FILE SETS

SQUARE FILES

EM8SS

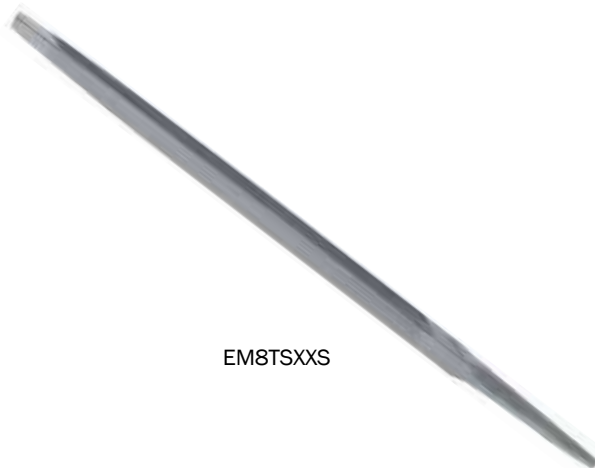

- Square files are used on square apertures and flat surfaces, particularly for filing keyways and slots
- Double cut, single cut on edges and slightly tapered
- Made from high quality chromium alloy steel
- Special lacquer provides protection from rust spots

5-PIECE FILE SET

EMSET5

- Includes five 8-inch files with handles: Flat, Round, Halfround, Square and 3-Square
- Ergonomic rubber handles provide better grip and comfort
- Double cut and tapered
- Made from high quality chromium alloy steel
- Special lacquer provides protection from rust spots

CUTTING & BENDING TOOLS

CUTTING & BENDING TOOLS

TUBE CUTTERS

RATCHETING TUBE CUTTERS

RC375

RC1125

RC1125HD

- RC375 are especially designed for the automotive trade to service fuel lines, brake lines, vacuum lines, A/C systems
- RC1125 are excellent for HVAC, plumbing, electrical, marine
- Both the RC625 and RC875 have fixed diameters as well as self-feeding cutting
- The small size, light weight and thin profile of the ratcheting tube cutters, coupled with the special ratcheting mechanism allows for working in very tight spaces

ITEM #	LENGTH	BODY	OPERATING CAPACITY	LBS
RC375	4"	Plastic	1/8" - 3/8"	.35
RC375M	4"	Metal	1/8" - 3/8"	.40

AUTOMATIC RATCHETING TUBE CUTTERS

RC375A

RC1125A

- Cut quickly and precisely through copper, brass, stainless steel, aluminum, plastic tubing, thinwall PVC and CPVC
- The small size, light weight and thin profile of the ratcheting tube cutters, coupled with the special ratcheting mechanism allows for working in very tight spaces
- Durable replacement cutting wheels available
- Only needs to be tightened once, as the tool rotates and cuts, the spring mechanism applies more pressure to the blade, allowing easier cutting

ITEM #	LENGTH	BODY	OPERATING CAPACITY	LBS
RC375A	4"	Plastic	1/8" - 3/8"	.30
RC1125A	7 1/4"	Plastic	5/16" - 1 1/8"	.80

COPPER TUBE CUTTER NEW!

VX210443

- Non-slip knob, fast action adjustment
- Quick, tool-less wheel change - 1 spare wheel
- Max tube wall thickness: 2 mm
- 4 guide rollers to prevent wheel tracking
- Precise cutting from $\varnothing 3$ to $\varnothing 35$ mm according to tube
- Grooved rollers for cutting tight up against flanges
- Retractable rotating reamer with interchangeable blades

ITEM #	CAPACITY	LBS
VX210443	1/8" - 1 3/8"	1

MINI COPPER TUBE CUTTER NEW!

VX210437

VX210439

- Max tube wall thickness: 2 mm
- Very compact tube cutter
- Compact swing radius allows to cut in tight spaces
- Quick and tool-less wheel change

ITEM #	CAPACITY	LBS
VX210437	1/8" - 5/8"	.30
VX210439	1/8" - 1 1/8"	.50

STAINLESS STEEL TUBE CUTTER NEW!

VX210471

- Soft touch non-slip knob for fast action adjustment
- Quick and easy tool-less blade change
- Precise cutting from 1/8" to 1 3/8" stainless steel tube
- 4 guide rollers to prevent wheel tracking
- Includes a spare blade

ITEM #	LENGTH	CAPACITY	LBS
VX210471	6"	1/8" - 1 3/8"	1.1

PLASTIC TUBE CUTTER NEW!

VX215042

- V-shaped blade to enable easy, perpendicular cutting and reduced imprint on the pipe
- Automatic opening, a spring keeps the lower handle open so the pipe cutter is always ready to cut
- Non-slip grip for firm control
- Quick and easy cutting, no return of the blade during cutting

ITEM #	LENGTH	CAPACITY	LBS
VX215032	7 3/4"	1 1/4"	.45
VX215042	9 1/4"	1 5/8"	1.2
VX210487	6 1/2"	1/8 - 1 1/4"	1

CUTTING AND BENDING TOOLS

SHEATH CUTTERS NEW!

VX211627

VX211640

- Cuts corrugated conduits up to 1 3/4" diameter without damaging the pipe inside the sheath
- Durable body and blade guides
- Strong, removable, interchangeable stainless steel blades
- Very compact cutter, for use in confined spaces
- Reduced risk of injury as blades are in middle of the guides

ITEM #	LENGTH	DESCRIPTION	LBS
VX211627	3 3/8"	Black Sheath Cutter	.65
VX211640	3 3/8"	Red Sheath Cutter	.65

GUILLOTINE PIPE CUTTER NEW!

VX211512

- Heavy duty: Quadruple ground stainless steel blade
- Holds the blade perpendicular to the pipe centerline
- Max tube wall thickness: 18mm
- Wrench or extension can be used to cut in deep trenches
- Releasing the catch on the hinged lower V-shaped jaw allows the cutter to be positioned anywhere along the pipe
- Square drive 14mm (Models 1 & 2) or 17mm (Model 3) across flats
- Stainless steel blade

ITEM #	Ø EXT. TUBE	PIPE O.D.	MODEL	LBS
VX211512	4"	5"	1	16
VX211522	8"	9"	2	38
VX211532	12"	12 1/2"	3	75

MANUAL HYDRAULIC BENDER NEW!

VX240243

- For medium and heavy series gas pipes
- Manual bender for site or workshop
- Single-acting spring returns pistons
- Bender kits come in a wooden chest complete with formers and accessories
- Tip: Use Virax hydraulic ram oil for best protection.
- All necessary precautions must be taken when filling the ram to avoid foreign matter entering the reservoir as this may impair operation. Use manual hydraulic bender horizontally

ITEM #	FOR PIPE	DESCRIPTION	LBS
VX240233	Steel	Sliding Cheek Bender Formers: 3/8 - 1/2 - 3/4 - 1 - 1 1/4"	100
VX240243	Steel	Sliding Cheek Bender Formers: 3/8 - 1/2 - 3/4 - 1 - 1 1/4 - 1 1/2 - 2"	157
VX240252	Steel	Hinged Cheek Bender Formers: 3/8 - 1/2 - 3/4 - 1 - 1 1/4 - 1 1/2 - 2 - 2 1/2 - 3"	375

CROSSBOW BENDER NEW!

VX250095

- Lightweight alloy body and trigger, high strength steel rack and mechanism, glass fibre reinforced polyamide handle
- Patented mechanism which reduces the bending effort
- Reduced trigger travel for increased bending accuracy
- Can bend annealed pipes before they have fully cooled thanks to its aluminum formers
- Supplied in a plastic case

ITEM #	FOR PIPE	DESCRIPTION	LBS
VX250095	Copper	Formers: 3/8 - 1/2 - 5/8 - 3/4 - 7/8"	12

WOOD WORKING TOOLS

WOOD WORKING TOOLS

WOOD CARVING AND SHAPING

DRAWKNIVES

- Cutting edges finely polished for best cutting performance
- Ergonomically-shaped riveted hardwood handles
- The tangs extend fully through the handles, for a strong, secure grip
- Used to debark logs plus other more specialized tasks which require the rapid removal of wood

ITEM #	L	W	BLADE	PATTERN	LBS
KR3702250	9"	1 3/8"	Curved	-	1
KR3702500	10"	7/8"	Curved	-	.80

KR355B0700	2 3/4"	Curved	Yes	3.2
KR910800	Spare Ash Handle for Adzes			.65

INSHAVE

- Used to scoop or shape concave projects such as chair seats, bowls, etc.
- Hand forged, high quality steel blade
- Blue wooden handles are angled outward for more clearance and control
- 1 3/8" wide blade

ITEM #	BLADE LENGTH	BLADE WIDTH	LBS
KR372	4 3/4"	1 3/8"	.90

FROE

- Used to split wood for making shingles, chairs, and more woodworking projects.
- To split wood, place blade on wood piece, securing one hand on the handle and striking the blade with a mallet (see page 18 for mallet options)
- Removable wooden handle for easy transportation
- 20" long x 2" wide wooden handle
- 17 3/4" long x 1 3/4" wide x 1/4" thick blade

ITEM #	L	W	DESCRIPTION	LBS
KR420B	20"	17 3/4"	Froe Blade with Wooden Handle	2.9
KR420	17 3/4"	1 3/4"	Froe Blade (without wooden handle)	2.1

TOOL TROLLEYS

COLLAPSIBLE TOOL TROLLEYS

HZ166N

HZ166C

- Collapsible, lockable, plastic worktop tool trolley
- HZ166C includes integrated beech wood board
- Worktop is also replaceable
- Intermediary containers suitable for HAZET plastic drawer inserts, 2 separation sheets included
- Big castors to level out uneven ground surfaces
- Padlock and two keys included

WIRE MESH TOOL TROLLEY

HZ172HD

- Tool trolley comes with shutter and wire mesh
- Lockable, padlock and two keys included
- Two intermediary trays with five separation sheets each as well as one drawer for tool storage
- Especially suitable for commercial vehicles
- Tools sold separately

ITEM #	L	W	H	LBS
HZ172HD	33 1/2"	20 5/64"	40 5/32"	111

METAL TOOL BOX NEW!

HZ190L

- Lockable metal tool box with 5 compartments
- Free padlock included
- Full length handle
- Sturdy fold-out design
- Stove enamelled metal in HAZET Blue
- For professionals and demanding hobbyists

ITEM #	L	W	H	LBS
HZ190L	22 5/8"	8 1/4"	9 3/4"	11.5

HEAVY DUTY TOOL BOX - HAZET NEW!

HZ190L-3

- Sturdy, heavy duty plastic tool box
- 2 fold-down trays for easy accessibility
- Durable aluminum handle
- Large aluminum latches for easy open and close
- 3 removable storage cases for small parts stored under lid
- Tools sold separately

ITEM #	L	W	H	LBS
HZ190L-3	21 3/4"	9 7/8"	10 5/8"	7.5

HEAVY DUTY TOOL BOX - VIRAX NEW!

VX382641

- Lockable heavy-duty plastic tool box
- Shock and weather resistant for extra durability
- Ergonomic handle and metal fasteners which can retract into the cover for stacking other tool boxes
- 2 removable storage cases on top lid
- 1 large removable internal storage tray
- Closes with metal hinged clasps
- Tools sold separately

ITEM #	L	W	H	LBS
VX382641	25 5/8"	10"	11"	9

SOFT-SIDED TOOL BAG NEW!

VX382660

- Heavy-duty tool bag made of thick, sturdy denier fabric (1200x1200 stitches)
- Soft protective cover closes bag to protect tools
- Durable water-resistant base
- Aluminum transport bar with leather handle for grip
- Interior elastic strap to secure tools in place
- Cushioned & removable shoulder strap
- Holds up to 33 lbs of tools and accessories
- Multiple interior and exterior compartments to store tools
- Special handsaw storage compartment
- Tools sold separately

ITEM #	L	W	H	LBS
VX382660	22"	12 1/2"	14 1/2"	6
