

ATD-5024

Ezee Flo Pump

Features:

- For use with most popular 5 gal. containers with 48" discharge hose fitted with curved pull out (Rieke) spout
- Versatile hand lift pump, engineered for trouble-free use
- Optional bung for use with 5 gal. drums with 2" male opening
- Also includes 3/4" pump length extender for use on high depth containers, by conveniently sliding on a special plastic extension
- Complete with 4 ft. vinyl hose with steel discharge spout
- Heavy-duty steel suction tube with the pump head made from high density polyethylene
- Delivers 1 qt. per 15 strokes
- Works with engine oil, gear oil, kerosene, diesel, light fuel and other petroleum based media
- WILL NOT work in PrimaTech's 5 gal. containers
