Dual-Light™ Headlamp w/ Hard Hat Clip and Mount

|	
MARKET APPLICATIONS	Law enforcement, search & rescue, aviation, industrial, automotive and hunting & recreation
DESCRIPTION	This 3 AAA Dual-Light™ Headlamp w/Hard Hat Clip & Mount features a multi-position tilt head design and includes an integrated stainless steel clip and adhesive hard hat mounting bracket for hands-free operation. Utilizing Bayco's exclusive Dual-Light design, this headlamp combines a tight-beam long-throw spotlight, with a wide-beam close area floodlight. Rated at 180 & 100 lumens respectively, the high and low-brightness spotlight beams on this headlamp are designed for distance illumination. This headlamp also has two wide-beam floodlight settings rated at 140 & 80 lumens. The floodlight spreads out in a wide even pattern of light expressly for the purpose of providing illumination of areas that are close by. Additionally any combination of spotlight & floodlight settings can be selected simultaneously for even greater functionality. The top mounted dual switches provide high/low-brightness spotlight and high/low-brightness floodlight.
