Product Data Sheet

Universal Absorbent Bonded Pads-Heavy Wt.

Specifications:

Item Number: BP12G

Color: Gray

Dimensions: 19"L X 15"W

Shipping: 20" x 17" x 15"

Absorbency: Up to 30 gal/ PKG.

Sold as: 100 Pads/PKG.

Weight: 13 lbs.

Qty per Pallet: 30

Metric Equivalent Specifications:

Dimensions: 48.3cm L X 38.1cm W

Absorbency: Up to 113.6 L / PKG.

Weight: 5.9 kg

Features and Benefits:

- Chemtex Inc. bonded sorbent pads and rolls have 2 distinct layers comprised of tear resistant, lint free spunbond and a highly absorbent fast wicking random assembly of large diameter meltblown polypropylene fibers. Ultrasonic weld points fuse these layers to create a stronger more durable pad or roll.
- Bonded pads and rolls are perforate to tear and use only what you need.
- Keeps its shape when fully saturated
- Gray-universal pads and rolls will absorb water, oil, and water based chemicals
