Pneumatic**

3/8" Angle and Straight Composite Reversible Drills for Vehicle Service / MRO

The new Chicago Pneumatic composite drills offer high level of ergonomics with composite housing and easy-to-reach Forward – Reverse ring. They provide users high comfort and grip during drilling thanks to the thermoplastic rubber handles.

OPERATOR FRIENDLY

Handle exhaust allowing the air to flow away from the operator

FOR IMPROVED SAFETY

Lock-off throttle for more controlled applications

HIGH ACCESSIBILITY

Compact low profile head to get into confined spaces

EASY OPERATION

Built-in Forward – Reverse ring

HIGH COMFORT

Composite housing with thermoplastic rubber handle grip

HIGH DURABILITY

Supplied with high quality industrial Jacobs® chucks for longer use
