## BCK18-022

Breaker bar for holding the bottom, side or top of the crimper or cutter. Also can turn the head for cutting and crimping.

## BCK18 Instructions

### CAUTION:

- Always wear eye protection when using this product.
- Keep hands and fingers well away from the cutting blade while this tool is operated.

## B1218 Wire Shear

**This tool is designed to cut stranded copper wire only. It will cut up to 4 AWG.**

For bench work, use the Bench Mount Adapter (B1218-BM) attach the B1218 to the adapter via the 3/8" stud on the adapter plate.

For use away from a work bench, use a 3/8" ratchet or included breaker bar to hold the Shear

Using a 3/8" ratchet open the Shear to accommodate the size wire being cut

Hold the tool with a 3/8" ratchet at the base of the tool.

Using a 3/8" drive ratchet (manual or cordless driven), drive the cutting head through the wire.

Reverse the ratchet and back off the cutting blades

### Replacement parts:

Lower blade: B1218-LB  
Upper blade: B1218-UB  
Bench Mount: B1218-BM
