

Technical Data Sheet

General

Article number: 93100xx0SLS
Description: Snap Lid System® 88 ml / 3 fl oz.

Specification:

Complete Snap Lid System® especially designed for SMART Repair - **Small to Medium Area Repair Technology**. The Colad SMART Snap Lid System is designed to provide a quick and cost effective repair to an area of cosmetic damage. It is designed to tackle the damage in a small localized area, without needing to repaint the entire panel. Meaning it will take less time and effort to repair. The Colad SMART Snap Lid System® is a sustainable solution saving costs of material and paint. The 3 fl oz. / 88 ml Snap Lid® is made of advanced durable plastic, saving on energy and plastic waste during the production process. Because of this production process the cups are unbreakable!

Features and benefits:

- SMART Repair: **Small to Medium Area Repair Technology**. Especially designed for the smaller jobs.
- Sustainable solution. It's saving costs of material and paint.
- Unbreakable mixing cups. Made from advanced durable plastic.
- Fastest system. Save time and money by using the mixing cup as a paint cup.
- Three filters available 90, 130 and 190 micron for waterborne and conventional base coat
- Connect any spray gun with a matching adapter, for almost all types of spray guns.
- Steady flow. Prevents a vacuum and guarantees a stable paint flow.

Application:

'Squeeze' the Lid and Mixing Cup together to place the Lid on the cup. Do not push from the top.

Available in:

Capacity	Contains	90 micron	130 micron	190 micron	280 micron
3 fl oz. / 88 ml	50 lids + 50 cups + 10 cover caps	93100090SLS	93100130SLS	93100190SLS	-

Technical Specification:

Available in	90, 130 and 190 micron
Content	50 lids + 50 mixing cups + 10 cover caps

Size does matter!

Save

Use your mixing cup as a paint cup to save on time and material.

Save material

save one cup, every job.

You use one cup for mixing and painting. Unlike other systems that require various steps that slow down the paint process, Colad Snap Lid System[®] is quick to use. Snap the lid on the mixing cup and go. The math is easy: save material by using one less cup, every job.

Don't waste a thing with the **Snap Lid System[®]**.

Save paint

use every last drop.

Make optimal use of your time. Our unique vented system gives you the ability to work neater and with a stable, consistent paint flow. Less paint is wasted, use less to create more!

Save time and money using the Snap Lid System[®].

Let's stay in the flow with the **Snap Lid System®**.

Consistent paint application

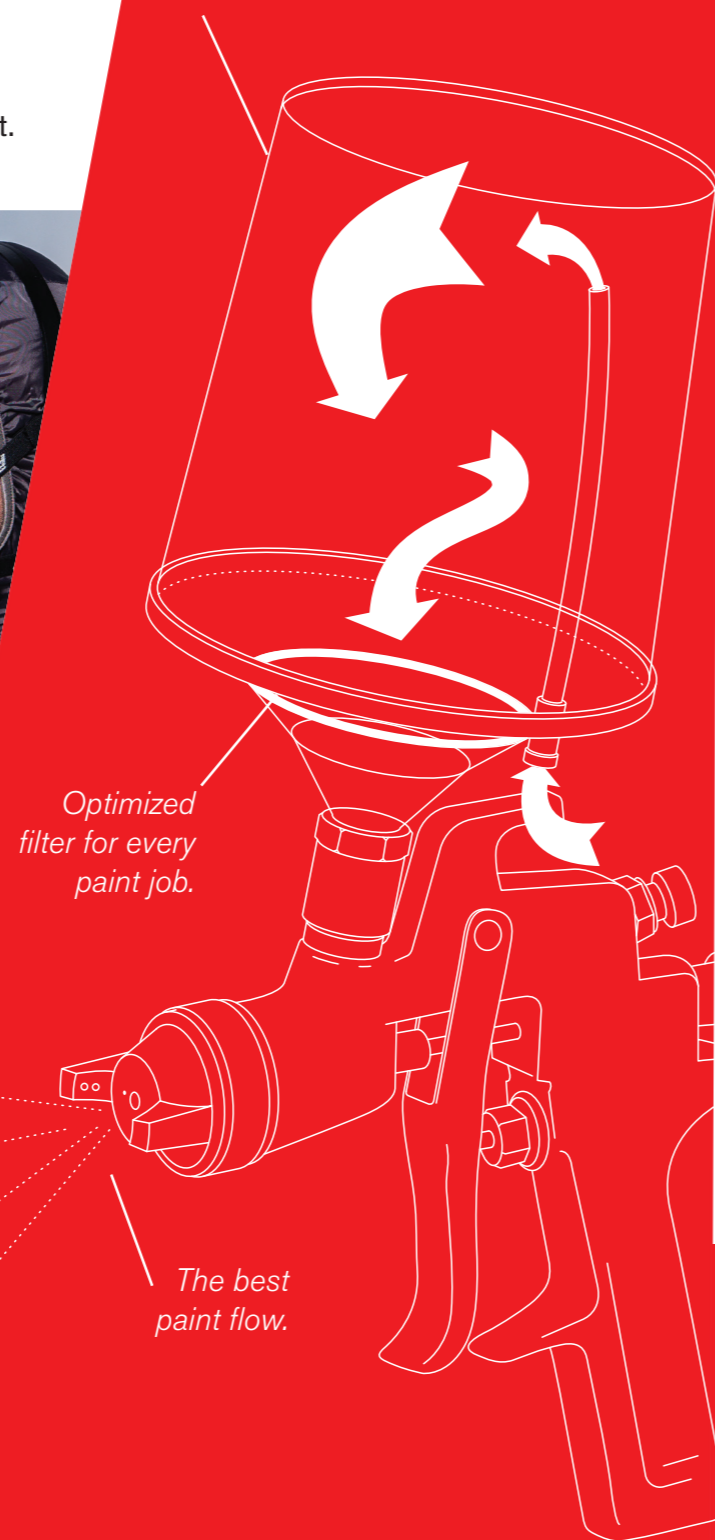

the perfect system for paint to flow through.

With a unique valve and built-in strainer you'll have no more issues with inconsistent flow and sputtering output. Only stability!

Flow

Superior spray performance with our unique vented-system.

For:

- all types of paints.
- small and big jobs.
- any spray gun.
