Faster mixing, maximum reduction of paint wastage and the optimal blend!

Perfect consistency and pigment blend.

Save up to 40% mixing time with metallic paints and 30% mixing time with conventional paints.

The innovative 'break it to save it' system ensures excess paint and pigments are removed.

Perfect consistency and pigment blend are crucial for a spotless end result. Mixing paint with the Turbomix Paintsaver™ speeds up the process, reduces paint wastage and ensures a perfect result!

Thanks to the innovative and patented z-shaped design with uniquely shaped holes, the Turbomix Paintsaver™ is now capable of 30% faster stirring, which increases to almost 40% with metallic paints.

The built-in 'break it to save it' system ensures any excess paint is effortlessly removed from the Turbomix Paintsaver™ before disposal (up to 5-7 grams per use).

Description: Colad Turbomix Paintsaver™

Specification

Faster mixing, maximum reduction of paint wastage and the optimal blend!

The Turbomix Paintsaver™ is an innovative and patented paint stirrer, designed to help you mix paint faster and save paint and pigments. Easy to use thanks to its ergonomic handle, while the improved z-shaped design with uniquely-shaped holes guarantees a perfect mix.

This all results in 30% faster stirring, which increases to almost 40% with metallic paints. The innovative "Break It to Save It" system ensures most paint and pigments are effortlessly removed from the Paintsaver before disposal and it saves time as the stirrer does not leak afterwards. The Turbomix Paintsaver is made from recycled materials.

Dimensions: 22x2cm

Packing: Dispenser box with 500 + 12 pieces
