HISTORY

GL Enterprises has been in business since 1976 getting its start in a body shop in Ogden, Utah with the idea for the Goop Scoop. With the success of the Goop Scoop GL acquired the Coster line of products adding the plastic and steel spreaders. Through the years we have continued to grow our product line with quality hand tools to support several industries including.

- » Auto Body
- » Industrial
- » Safety
- » Composite
- » Marine
- » Surfing
- » Snow Boarding
- » Screen Printing industries

Our quality products are designed and manufactured right here in the USA with the professional in mind providing a more cost effective and productive workplace.

OUR MISSION

Our mission is to create, manufacture and sell products that benefit our customers by maximizing their profits through competitively priced products but more importantly by providing products that result in a quality finished job!
