

HAZET[®]

9043 N-10

Pneumatic suction and blow gun

9043 N-10

HAZET 9043 N-10 Pneumatic suction and blow gun is ideal for sucking and blowing inaccessible contaminated areas clean thanks to its compact design.

Empty and clean the collection bag before each use.

The 9043 N-10 suction and blow gun must not be connected to the compressed air while the collection bag is being cleaned.

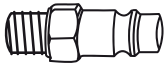

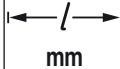

Suction operation must only be used with the collection bag fitted, as particles that are sucked in are flung in the direction of the user at high speed!

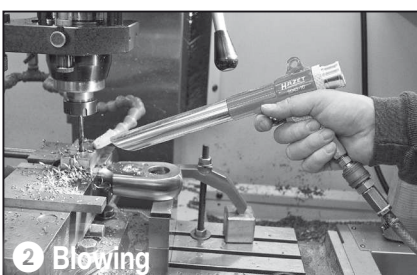

Note: the tool is not electrically insulated.

Technical data:

HAZET No.		 g	 ∅ mm	 l/min.	 bar	 dB(A)		Vacuum level mmHg	 m/s ²	 mm
9043 N-10	12.91(1/4) - 7.2	403 net	10	96	6.3 - 10.34	Lp A 92	Lp W 97	7.5	< 0.4	148

Changing between suction and blowing:

Use toggle switch at the handle to change between suction and blowing. Further conversion is not necessary.
