

HEAT HOG

Heat Hog HH-09SLN-A Portable Propane Heater 9000 BTU

- Adjustable heat angle. Tilting features lets the user direct the heat where they need it most – not just their feet.
- Maximize and optimize LP gas with the warming dock. The dock keeps the fuel warm, making sure to get the most BTUs out of each 1 lb propane cylinder.
- Curved plaque technology provides 33% greater heating area than leading competitors.
- 1-year limited warranty, LP cylinder not included.

Product Description

Go Hog Wild with the new portable propane heater from Heat Hog. This portable heater runs on 1lb propane cylinders, is both indoor and outdoor safe, and doesn't require any electricity. Ideal for camping, hunting, fishing, tailgating, and construction sites.

Features and Benefits

- Great for tailgating, ice fishing, hunting, camping or anywhere you need quick heat.
- No electricity required, portable propane heat.
- Runs on 1lb propane cylinders.
- Adjustable heat angle to keep more than just feet warm.
- Safety tip-over switch and low oxygen shut-off.
- Curved plaque technology giving the user a wider range of heat dispersal.
- 1-year limited warranty.
