

**HOLDING STRONG
SINCE 1941**

FORGED SUPER-JUNIOR® C- CLAMP 0 - 1" OPENING CAPACITY

21301

Wilton Super-Junior® clamps are super small and super tough. Super Junior clamps feature clamping pressure up to 1100 lbs, heat treated forged steel frames, zinc plated steel spindles and an oscillating head

FEATURES

- Steel screws are zinc plated for longer life
- Super-Junior® clamps are forged steel with heat treated frames to provide a much stronger clamp than pressed steel or malleable clamps
