## Consider the Cost, Waste and Inefficiency of Rags

Rags may seem like a good wiping choice. But think about what you're really getting — and ask yourself these questions:

- *How many of the rags we buy are unusable and are just thrown away? Why are we paying for rags we can't use?*
- *How much valuable space do we devote to storing those big bulky rag containers?*
- *Is walking back and forth to the rag barrel (and taking time to choose a rag) hurting worker productivity?*
- *How many rags are used to complete a wiping task?*
- *How many pounds of heavy rags are we paying to dispose of?*

Rags are sold by weight but are inconsistent in size, fabric and shape. They add to your landfill waste and associated costs. They can even leave residue on parts, creating quality issues.

### ***This small change can make a big impact:***

Simply switch to WypAll\* Wipers. When you compare the lifecycles of WypAll\* Wipers and rags, you'll discover opportunities to:

- Consume less
- Reduce waste
- Cut costs<sup>2</sup>

**Take a look at these 5 important ways WypAll\* Wipers outperform rags. Then find out how easy it is to make the switch.**

<sup>2</sup> Comparisons based on average WypAll\* Wiper usage versus average rag usage.

# WypAll\* Wipers vs. Rags

**CHOOSE**

WypAll\* Wipers are contaminant-free and provide consistent size, shape and quality with each individual wiper.

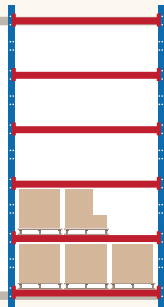

## It's a mystery!

You never know what you'll get in a box of rags.

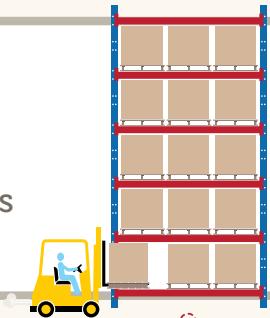

A box of rags – who knows what you'll get.

**STORE**

## 68% less space!

WypAll\* Wipers require 68% less storage space than rags.

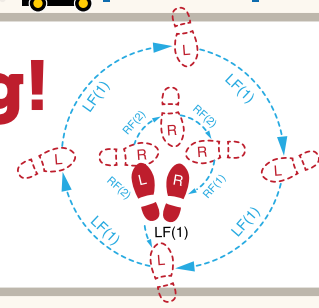

**DISPENSE**

## No more dancing!

Moving from work to the rag dispenser, selecting a just-right rag, then going back to work. *What a waste!*

**USE**

## WypAll\* Wipers absorb more than 2x the amount of water as rags.

**DISCARD**

## WypAll\* Wipers reduce waste by 78% versus rags

WypAll\* Wipers will help you reduce waste, improve productivity, and increase the overall efficiency of your operation.

**Every day, your aviation operation faces a difficult fact:** production and maintenance have to be done exactly right. That's why Kimberly-Clark Professional\* is committed to creating Exceptional Workplaces\* – healthier, safer and more productive.

To reduce turnaround time and maximize productivity, we've engineered wipes for aviation's specific requirements. Our complete range of aviation wipes is designed to perform in all areas of OEM and MRO operations – from paint surface prep and engine maintenance to general purpose cleaning.

### Wipes for Abrasive Surfaces

More abrasive-resistant than common aviation wipes such as cheesecloth, Sontara and Veraclean wipes

### Cleaning Wipes

An easy to implement lean cleaning solution that addresses waste reduction and productivity improvement around general wiping needs

### Surface Preparation Wipes

Leading edge material for optimum linting and extractables control. The ultimate in aviation precision wiping performance

### WetTask\* System

More controlled dispensing and application of solvent for reduced waste and better overall performance versus traditional bucket/decanter systems and disposable pre-saturated options

# Paper Towel Solutions

## A Customized Restroom Experience

With a clean, sleek design that fits any washroom environment, the innovative Mod\* Hard Roll Towel System has dispensing modules that simply plug and play. The result: a towel dispenser that's totally customized to meet the needs of each restroom within your facility now and into the future.

From manual or electronic hard roll towel dispensing to image-conscious folded towels, our systems offer a full range of hygienic options that deliver trusted Kleenex® and Scott® Brand towels.

## Better For The Planet

We offer towels that are FSC® and ECOLOGO certified and meet EPA guidelines for minimum post-consumer waste content.

Our towels are designed with Absorbency Pockets\*, so fewer towels are used. That means more towels left in the dispenser, more time between refills, less paper waste and, in many cases, less cost for your business.

# Brands and Solutions You Can Trust

Health and Wellness Products and Systems

# Improve the Restroom. Improve Impressions.

At Kimberly-Clark Professional\*, we believe the restroom should be a key focus of any health and wellness program. That's because this small space can have a big impact on your facility.

## Did you know?

- When workers take a break, the most popular destination is the restroom
- 80% of infectious illnesses are spread through hands and surfaces<sup>1</sup>
- 78% of people say the condition of their office's restroom affects how they view their employer

# 64%

*of users said having familiar brands provides more comfort and care for me/my family.*

These are among the reasons why comfortable, hygienic restrooms are so important to your overall success.

Let us help you transform your restrooms into an asset. Our high-performance products help reduce the spread of germs and enhance efficiencies, sustainability and satisfaction. We also offer two of the world's most recognized and respected brands: Kleenex® Brand and Scott® Brand products.

Turn to our solutions to ensure your restrooms measure up.

## Sustainability

is the driving force behind everything we do. From design and manufacture to disposal and landfill diversion, we are always seeking ways to protect resources, reduce waste, save space and minimize environmental impact.

*"More than ever, sustainability is part of how we operate to move our business forward."*

— Kimberly-Clark Chairman and CEO Tom Falk

Our commitment to sustainability has led us to offer high-performing product choices that can reduce your impact on the environment:

- GreenHarvest\* products have resulted in the use of fewer tree fibers or recycled fibers than conventional products
- 100% of the wood fiber in our products is third-party certified
- 97% of Kimberly-Clark Professional\* tissue and towel products in North America are FSC® certified
- The majority of our towel and tissue products are ECOLOGO certified, and meet EPA guidelines for post-consumer waste content
- All Kimberly-Clark Professional\* towels can be composted<sup>2</sup>

# 100%

of our towels are compostable<sup>2</sup>

<sup>2</sup> All Kimberly-Clark Professional\* paper towels can be aerobically composted in municipal or industrial facilities in the United States and Canada by ASTM D6868-11.

## Cultivating for Future Generations

Not all paper fiber comes from trees. That's what is so exciting about our GreenHarvest\* Scott® Brand towel products.

This innovative offering incorporates rapidly renewable fiber into select Scott® Brand towel products. It's a pioneering approach developed to address two key challenges:

1. Increasing demand for forest resources
2. Diminishing sources of recycled paper in a digital world

The benefits? Rapidly renewable fiber, such as wheat straw, regenerates much faster than traditional fiber sources.

### Plus, wheat straw:

- Puts leftover fiber from harvesting wheat to good use
- Helps reduce agricultural waste that is often burned – impacting air quality
- Provides additional income to U.S. farmers – by enhancing the value of their crops

Good for farmers.  
Good for future generations.

# Onvation\* Technology: A Smart Restroom Management System

Facilities today are smarter than ever. Through sensors, software and network connectivity, you can manage your lighting, security, HVAC systems and more. But what about the restroom? Wouldn't it be nice if your restroom could be as smart as the rest of your building?

Now it can be, thanks to Onvation\* Technology. This patent-protected restroom management system alerts you to potential problems before they become complaints.

## Simple and easy to use.

It delivers real-time data and alerts on:

- Low product
- Dispenser consumption rates
- Dispenser status
- Restroom traffic
- Trash alerts

Onvation\* Technology provides actionable analytics and insights that can help you better manage your business by gaining control of the restroom. It can help you cut costs, reduce waste, boost sustainability, optimize resources and enhance satisfaction.

## Elevate the Restroom with Our Trusted, Familiar Brands

Very few locations within a facility impact satisfaction as much as the restroom. A positive experience can drive customer loyalty and increase revenue. A negative experience can have a truly damaging effect. Have you ever thought about what the restroom could do to your bottom line?

### Consider this:

- Restrooms are one of the top three sources of complaints.
- Two-thirds of visitors say an unhygienic restroom lowers their impression of a facility overall.
- The average restroom is visited three to four times a day per person, leading to more than 1.1 million opportunities in a typical-size facility to impress or disappoint.

But there are solutions that can turn your restroom into an asset:

**consumer-preferred, trusted brands such as Scott®, Kleenex® and Cottonelle®.**

### An Innovative Approach

The value we bring to your restroom hasn't changed, but the way we organize our systems has. We now offer four distinct solutions for your restrooms, making it easier than ever to choose the right products for your facility and your needs.

### Solutions from:

- Scott®, the most well-known restroom brand
- Kleenex®, the most-loved restroom brand<sup>1</sup>
- Cottonelle®, quality that leaves a lasting impression

**Kleenex® and Cottonelle® Solutions**  
*Unrivaled Experience*

Kleenex® and Cottonelle® Solutions elevate the guest experience with home-like comfort.

**Scott® Pro™ Solutions**  
*Unparalleled Performance*

Scott® Pro™ Solutions provide state-of-the-art systems to maximize productivity.

**Scott® Control™ Solutions**  
*Unmatched Hygiene*

Scott® Control™ Solutions provide enhanced hygiene systems for critical environments.

**Scott® Essential™ Solutions**  
*Unequaled Reliability*

Scott® Essential™ Solutions provide a reliable balance of efficiency, performance and value.

## Exceptional **Kleenex**<sup>®</sup> and **Cottonelle**<sup>®</sup> Solutions

### Elevate Your Standard of Clean

Elevate guest satisfaction and deliver the comforts of home by choosing two of the most trusted, well-known brands — Kleenex<sup>®</sup> and Cottonelle<sup>®</sup>.

1

### Kleenex® Folded Hand Towel Systems

# ONVATION™

A PARTNERSHIP FEATURING

Scott®  
Brand

Purell®

## Delivering Smart Restroom **Leadership**

**Kimberly-Clark Professional and GOJO Industries have collaborated across their technology platforms to bring you an industry-changing, innovative partnership that will transform the way you manage your restrooms.**

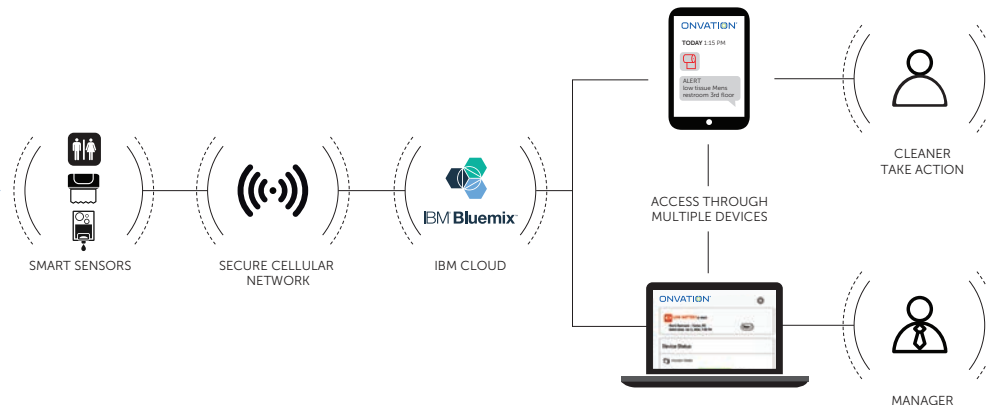

Through this collaboration, the Onvation™ Smart Restroom Management System now features the most trusted and customer-preferred Scott® and PURELL® products. This strategic partnership integrates two best-in-class brands with leading smart sensing technology to provide a single interface where you can proactively monitor restroom conditions to reduce customer complaints and increase tenant satisfaction.

## Technology That Drives Results

## How It Works

Embedded smart sensors send data to a secure gateway. The information is then transmitted to the IBM Cloud and is viewable through a web-based dashboard, accessible via multiple devices. The dashboard serves as your central hub for key metrics, insights, and opportunities to eliminate inefficiencies.

Bring Onvation™ Technology to life in 3D : Follow these simple steps:

- 1 Download the Onvation™ app from the Apple® App Store® or the Google Play™ store. 
- 2 Aim at sections on the page and frame. 
- 3 Experience it come to life. 

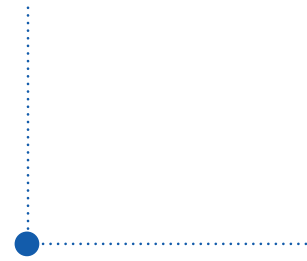

## Put Your Confidence in Our Sustainable Solutions

Over 50% of procurement decision-makers include sustainability-related questions in their purchasing RFPs. Only Kimberly-Clark Professional can provide a portfolio of products from trusted brands, such as Scott<sup>®</sup>, Kleenex<sup>®</sup> and Cottonelle<sup>®</sup>, that deliver cutting-edge, sustainable solutions.

We deliver game-changing innovations that reduce waste, improve performance, and reduce your environmental footprint because sustainability is in our DNA and we know it matters to our customers and guests.

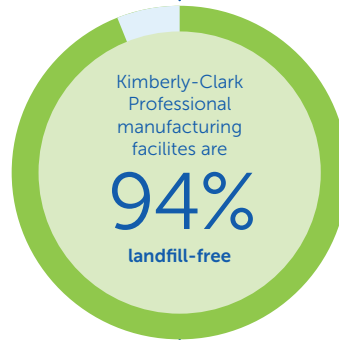

**No Hot Air**

Our commitment to sustainability extends beyond our products to conserving resources that minimize our overall impact on the environment. Kimberly-Clark Professional offsets 100 percent of the electricity required to make our Scott®, Kleenex® and Cottonelle® products.<sup>7</sup> We are the first towel and tissue manufacturer to offset production with renewable wind energy.

**Don't Talk Trash**

We walk the walk. Our manufacturing facilities are 94 percent landfill-free, providing you with confidence in the sustainability of your supply chain. With a portfolio of products designed to minimize waste, we help you focus on more important things.

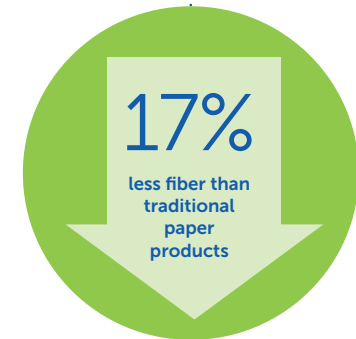

**There's No Party Like a Third Party**

And that's why we certify our products to the most rigorous third-party environmental standards. We have Scott®, Kleenex® and Cottonelle® Brand products that are FSC® and ECOLOGO certified and meet or exceed EPA guidelines for post-consumer waste.

**Reducing Fiber Content**

Our innovative manufacturing technology blends premium recycled fiber and responsibly sourced FSC® certified fiber. Plus, our products use 17 percent less fiber than traditional paper products.

We have pioneered sustainable innovation such as coreless bathroom tissue that eliminates core waste and we've engineered 100% of our hand towels to be compostable.<sup>8</sup>

## Facial Tissue

**Kleenex® , America's No. 1 Facial Tissue**

People have counted on the Kleenex® Brand for over 90 years. Our products promote hygiene and give comfort year-round. Bring a touch of positivity to your business with Kleenex® Brand Facial Tissue, America's favorite facial tissue.
