

1/8-Inch Wide Steel Fish Tape 125-Foot

The Klein Tools 125-foot (38.1 m) Steel Fish Tape features innovative permanent laser-etched markings. The tape is marked every foot in descending order allowing you to more accurately measure conduit runs and know how much tape is left to pay out. The 13-Inch (330 mm) diameter case is larger than other fish tape cases so you can reel in 15-percent more tape in each revolution, saving you time and effort on the job.
