

PARK RIGHT®

FLAT-FREE TIRE SAVERS

Model #37353-BK

Package of 4

Protect your tires!

Storing your vehicle for prolonged periods of time can cause permanent damage to your tires. The Park Right® Flat-Free Tire Savers are the solution to this problem. With the Flat-Free Tire Savers you can confidently store your car knowing that the tires will not get deformed.

EASY TO USE

Simply drive your vehicle onto the Tire Savers and the Tire Savers will evenly distribute your tires' weight. This will prevent the tires from going flat or deforming which ultimately is what causes permanent damage to the tires.

WORRY-FREE

With the Flat Free Tire Savers, you can leave your car as long as you want and you won't have to worry about the tires again.

HEAVY DUTY

These heavy duty polypropylene non-slip Tire Savers come in a set of 4 and each Tire Saver has a weight capacity of 5 tons. The heavy duty construction of the Tire Savers is illustrated by the underside (pictured below) which evenly distributes weight. These Tire Savers are built to last for years and years.

Underside of Saver

INCLUDES

- 4 Flat Free Tire Savers
- 90 Day Warranty

SET OF 4 TIRE SAVERS
