

PARK RIGHT® EDGE WARNING PROTECTOR

Model #37364

Protects Your Garage And Your Cars!

Minimize damage to your property and make obstructions more visible.

set of 2!

PREVENT DAMAGE TO YOUR CAR

It is very easy to scrape, dent, and ding your car by bumping corners, posts or hard to see obstacles in your garage. The Park Right® Edge Warning Protector will help prevent damage to your car and garage.

IMPROVE VISIBILITY OF HAZARDS

Garages contain many obstructions, everything from tight corners to storage shelving and pillars. In these tight spaces it's easy to accidentally bump something. Just put the edge warning protector on the edge of the obstruction and the bright red and white stripes instantly make it more visible. The sturdy foam will also help reduce the damage to your car and your garage.

INSTALLS IN SECONDS

Installation is simple. The unit comes with adhesive already on the back. Make sure the surface is clean and adhere the unit to the corner. It's that easy!

The Edge Warning Protector will take the risk out of parking in a cramped space.
