

Easy Charge

Tag Along - Anywhere Light

Model # 42170

Light anywhere you need it!

Easy to use and great to take with you

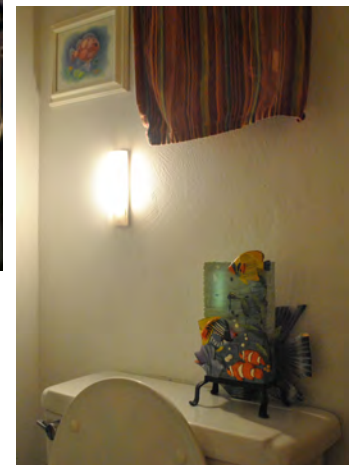

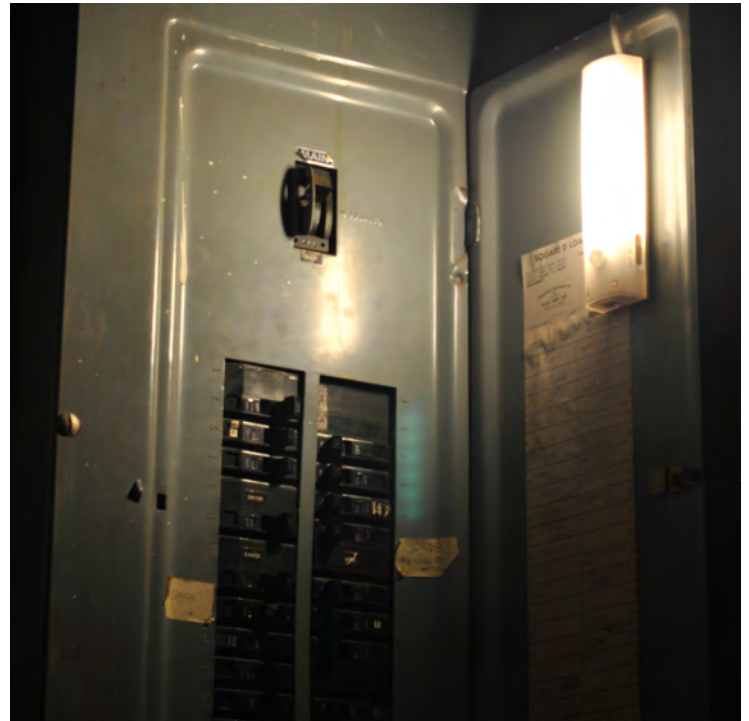

Light where and when you need it; all in a small, but powerful, portable package. Because you charge this extremely bright 6 LED light with a microUSB; there will be a charging port virtually everywhere. Even use your cell phone wall and car chargers; along with your computer's USB port to recharge this light. You never need to search for a adaptor that matches this light because USB charging cords are ubiquitous. Each recharge provides hours of motion activated light or continuous lighting via an on/off switch. Incredibly versatile; choose to attach the light to a wall with the included easy release mounting bracket or use the hidden, swiveling hanging tab to hook the light just about anywhere you need light. The perfect work light to keep in the car, briefcase, backpack, purse and home. A 6.5 inch by 2 inch light you'll want multiples of. No need to replace the batteries, just a quick recharge and you're ready to light your way. Perfect for people on the move: students reading at night in dorm rooms, children riding in the back seat of the car; and repair people needing portable lighting. Also, great for travelers because only a USB charging port is need.

Anyone on the go will love this Tag Along Anywhere Light.
