

DURAHIDE™ M-PACT®

FRAMER

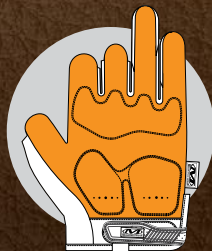

LEATHER HAND PROTECTION

Measure twice, cut once. DuraHide™ M-Pact® Framer work gloves are designed to protect professional carpenters with a functional fingerless design that delivers more dexterity when measuring, cutting and framing structures. The M-Pact™ Framer frees your thumb, index and middle fingers so you can handle your arsenal of tools with precision and control. Flexible Thermoplastic Rubber (TPR) protects the back of your hands with EN 13594 rated impact protection, and D30® palm padding reacts on impact to dissipate energy when you're in full swing.

FINGERLESS DESIGN

Fingerless design delivers more dexterity when measuring, cutting and framing.

LEATHER

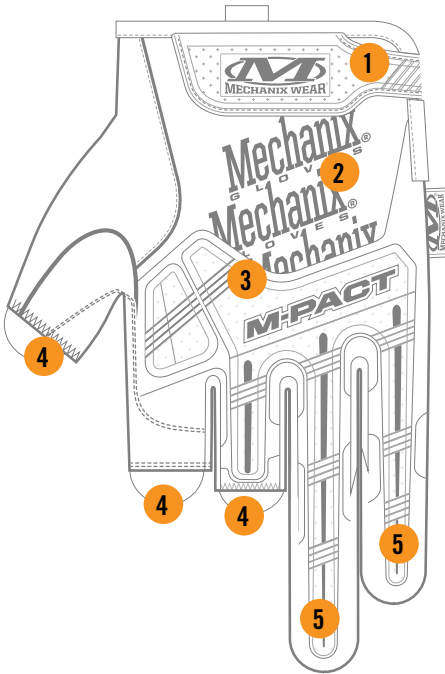

DuraHide™ performance leather protects your palm with extreme abrasion resistance.
