

# MATERIAL4X<sup>®</sup> FASTFIT<sup>®</sup>

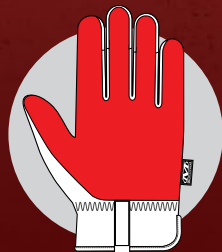

## MATERIAL4X<sup>®</sup> HAND PROTECTION

The FastFit<sup>®</sup> family has expanded to include Material4X<sup>®</sup> durability. Our Material4X<sup>®</sup> microfiber redefines durability with higher abrasion resistance and greater tear resistance than standard synthetic work gloves. Material4X<sup>®</sup> is completely washable, making this glove as practical as it is popular. The elastic cuff provides a snug fit to the wrist with easy on and off flexibility between tasks. Your hands will stay cool and comfortable with a knitted mesh back-of-hand and form-fitting TrekDry<sup>®</sup> material covering your wrist, thumb and fingers.

### ELASTIC CUFF

Snug-fitting elastic cuff offers easy on and off flexibility.

### DURABILITY

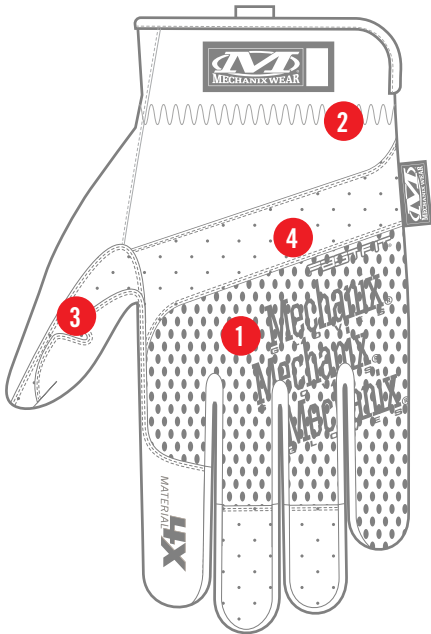

Abrasion resistant Material4X<sup>®</sup> lasts four-times longer than any standard microfiber.
