

COVERT M-PACT[®]

IMPACT RESISTANT HAND PROTECTION

Law enforcement and service members trust their hands with the M-Pact[®] and its ability to protect in the field. Impact-absorbing Thermal Plastic Rubber (TPR) is sonic welded to the glove and delivers flexible protection against common impact injuries and skin abrasions. The uniquely designed Impact Guard[™] frees your index finger for smooth trigger guard entry and mobility. The dual-layer internal fingertip construction reinforces the thumb and index finger for improved abrasion resistance, while the embossed fingertip pattern improves feel and overall dexterity. D30[®] palm padding reacts on impact when you're fully engaged so you can maintain your focus.

IMPACT PROTECTION

Impact Guard[™] frees the index finger and molded Thermal Plastic Rubber (TPR) disperses impact and skin abrasions.

REINFORCED FINGERTIPS

Dual-layer internal fingertip construction reinforces the index finger and thumb.
