PER BATTERY**

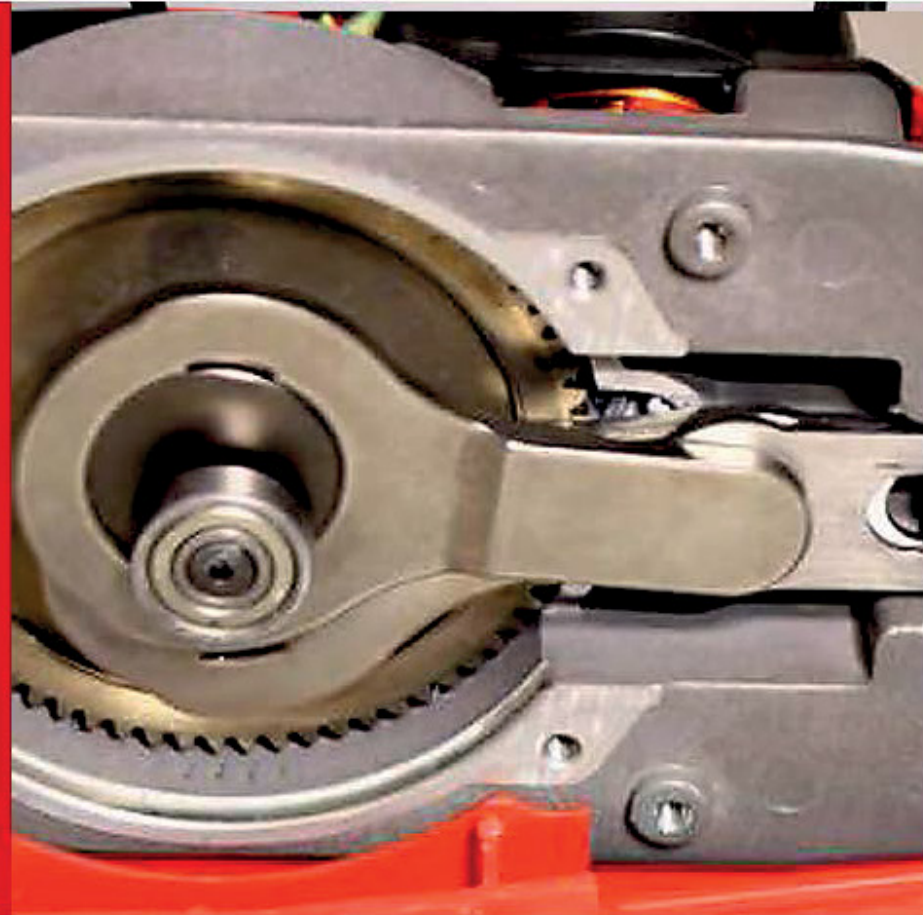

1 CHARGE = 2 HOURS RUN-TIME

REDLITHIUM™
HIGH DEMAND™ 90

The image shows a single battery icon on the left, followed by an equals sign, and the text '2 HOURS RUN-TIME' on the right. Below this, the 'REDLITHIUM™' logo is displayed in red and white, and the 'HIGH DEMAND™ 90' logo is displayed in white and red.

SLIDER CRANK MECHANISM

- Robust design provides unmatched durability and longer life
- All metal gear case protects against jobsite abuse

ERGONOMICS

- Extended distance from the bail handle to the trigger increases control

BLADE

- 24" blade trims more material in a single pass, increasing reach and productivity
- Tip guard prevents damage to the blade and property
