

TICK™

**TRACKS ANYTHING.
SURVIVES EVERYTHING.**

TRACKED BY ONE-KEY™

VIEW LAST SEEN DATE, TIME & LOCATION

Tracked by ONE-KEY™, the TICK™ Tool and Equipment Tracker allows you to track the location of any item in your inventory, regardless of brand or type. The app will automatically store the last time any ONE-KEY™ app was within the 100 ft Bluetooth® range of your TICK™. Check your app to easily pinpoint the last seen date, time and location to:

- Find Leave-Behinds
- View Equipment Deployment
- Help Find Missing Equipment

IF LOST, ALERT WHEN FOUND

Utilize the ONE-KEY™ network to help find missing items. When any phone with the app comes within 100 ft of your item, you will receive an updated location

RUGGED PROTECTION

Tracked by ONE-KEY™, the TICK™ Tool and Equipment Tracker allows you to track the location of any item in your inventory, regardless of brand or type. The TICK™ was designed with the jobsite in mind and is the first tracking device built to survive the abuse your tools and equipment take every day.

ATTACHES ANYWHERE

EASY TO USE

- 1 Download the MILWAUKEE® ONE-KEY™ app.
- 2 Glue, screw or rivet on anything.
- 3 Activate TICK™ & start tracking.

What Is ONE-KEY™?

ONE-KEY™, the first digital platform for jobsite tools. By integrating industry-leading tool electronics with a custom-built cloud based program, ONE-KEY™ will provide a new level of control and access to information that will revolutionize the way work gets done. This will fundamentally change the way users interact with their tools, and help solve user problems and frustrations the industry has never before been able to address.

WELCOME TO THE DIGITAL JOBSITE

Introducing ONE-KEY™, the first digital platform for tools and equipment. Combining a free-to-use inventory program with the industry's smartest tools, ONE-KEY™ provides a new level of control and access to information that will revolutionize the way work gets done. Get started today to streamline your productivity.

SIMPLIFIED TOOL & EQUIPMENT MANAGEMENT

The first free program of its kind, ONE-KEY™ brings simplified tool and equipment management to every corner of the jobsite. Build a digital catalog of your tools, keep up with transfers and service, even share that information in real-time with field personnel; all in one easy to use cloud-based platform.

POWER THROUGH CONNECTIVITY

Get more out of your tools than you ever could before. Customize, track, and manage any ONE-KEY™ compatible tool.

SECURITY
Lock your tool and disable remotely

TRACKING
Track your tool's location from anywhere

CUSTOMIZATION
Customize your tool by dialing in performance

REPORTING
View tool usage and performance data

INDUSTRY LEADING PERFORMANCE

We've integrated ONE-KEY™ into several of our premium product lines with many more solutions to come. Experience the cutting edge technology without any sacrifices in durability, run-time or performance.

SIMPLIFIED TOOL & EQUIPMENT MANAGEMENT

The first free program of its kind, ONE-KEY™ brings simplified tool and equipment management to every corner of the jobsite. Build a digital catalog of your tools, keep up with transfers and service, even share that information in real-time with field personnel; all in one easy to use cloud-based platform.

A CENTRAL PLACE FOR ALL YOUR TOOLS

Keep the important information right at your fingertips. Snap receipts, log purchase info, set up service reminders, and assign tools out to your employees.

BUILT AROUND YOU

More than just a list of product, ONE-KEY™ helps you manage down to the project level. Pull reports on recent spend, run audits on tools out on location, even pull the full cradle-to-grave story of one of your items.

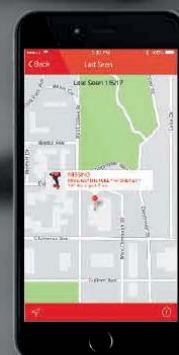

MANAGE THE TEAM

Need to set some boundaries for the guys in the field? Set up your complementary guest log in to share with your team, allowing you to set the permissions on who can control what. Using a secure code, you can limit guest access to specific features such as only changing the foot pad custom presets or even just letting them lock or unlock the tool.

SEAMLESS INTEGRATION

Milwaukee is the only company to integrate tool management directly into our power tools.

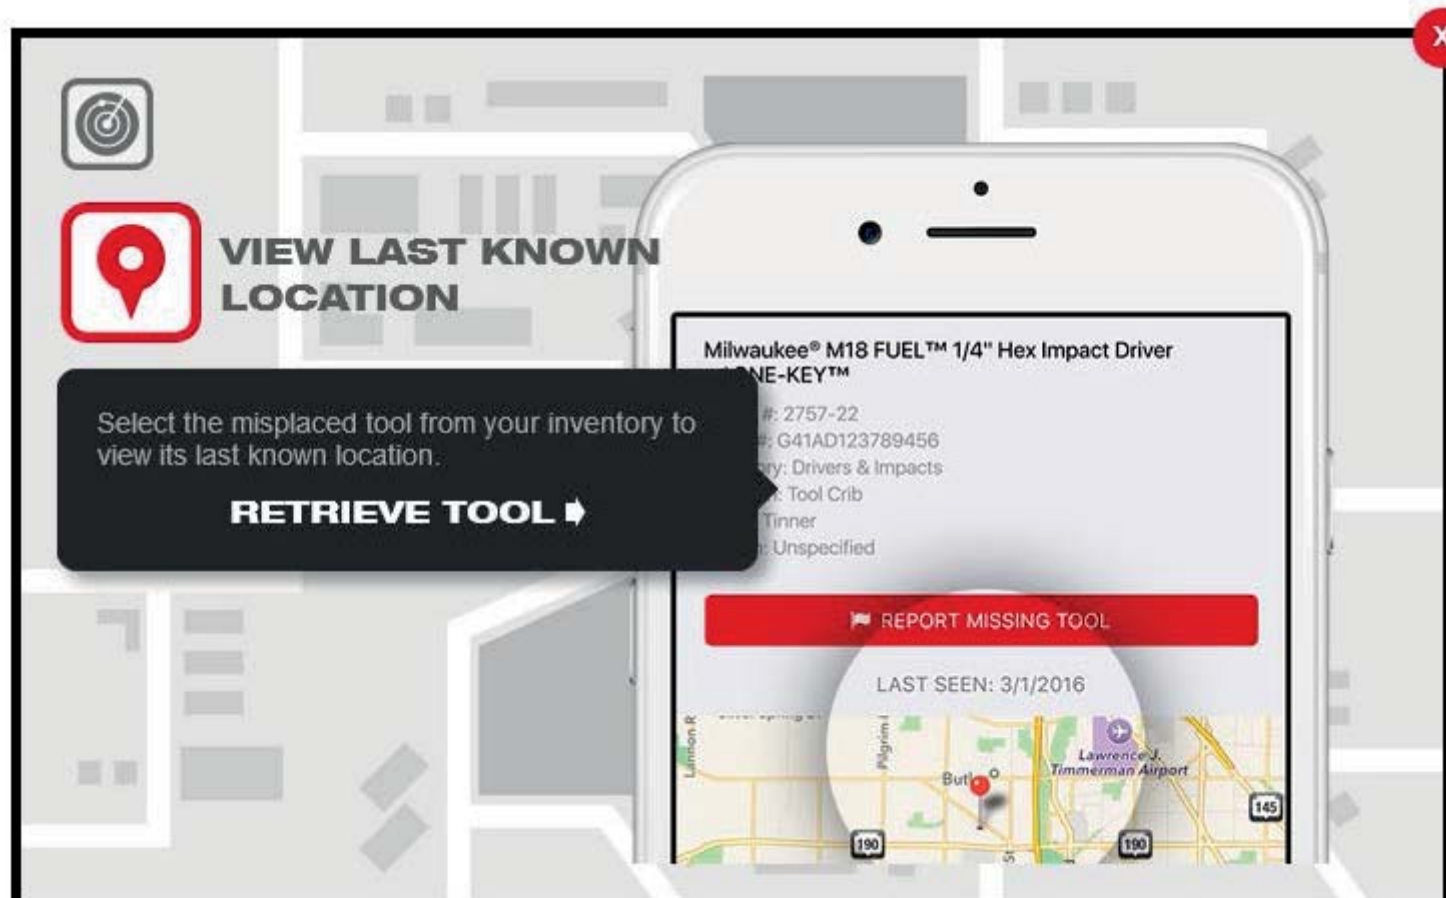

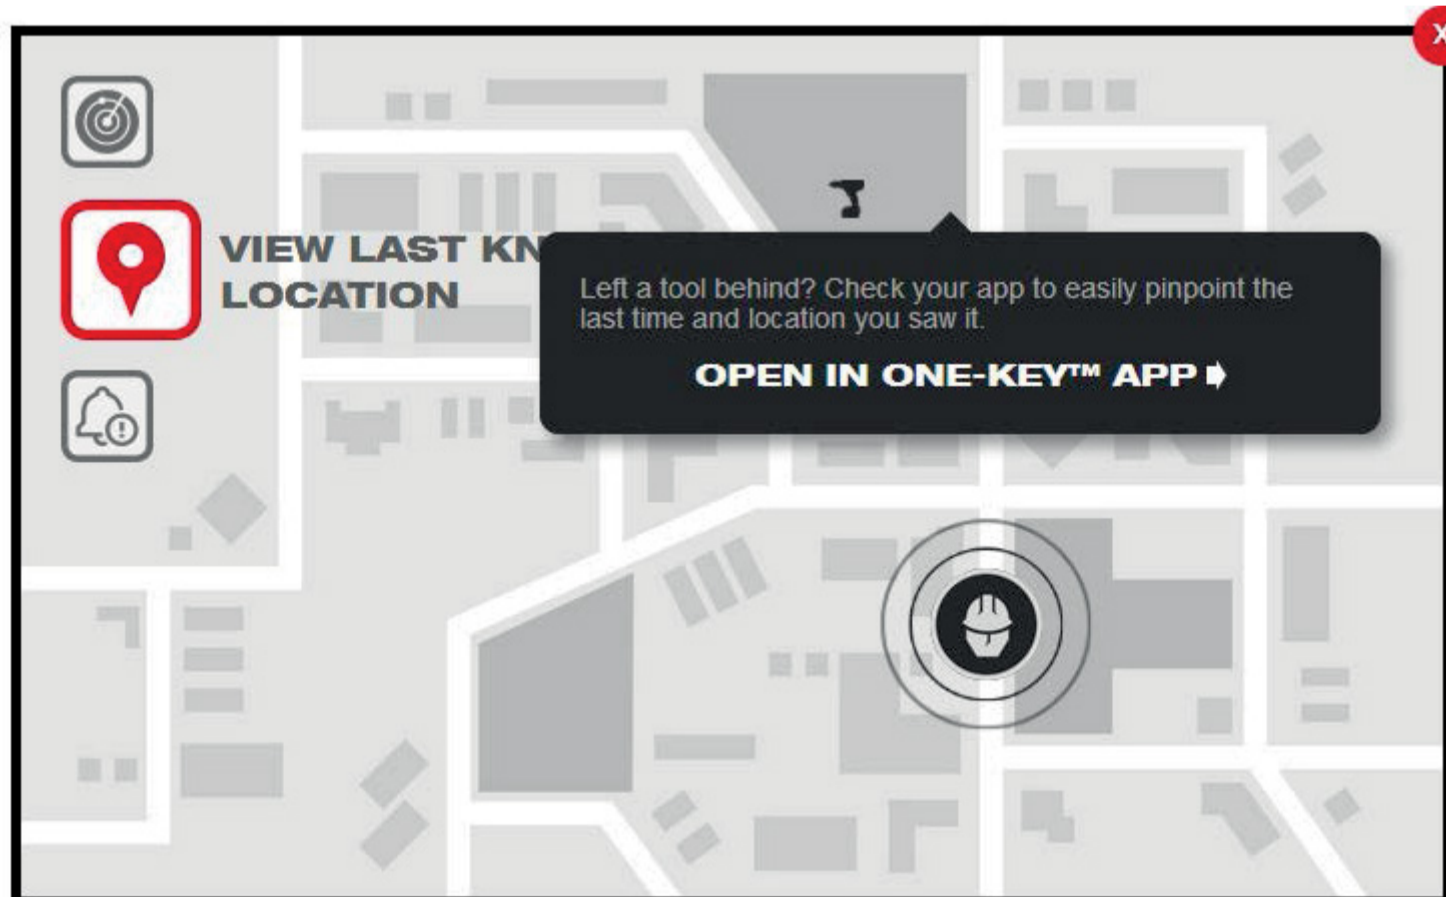

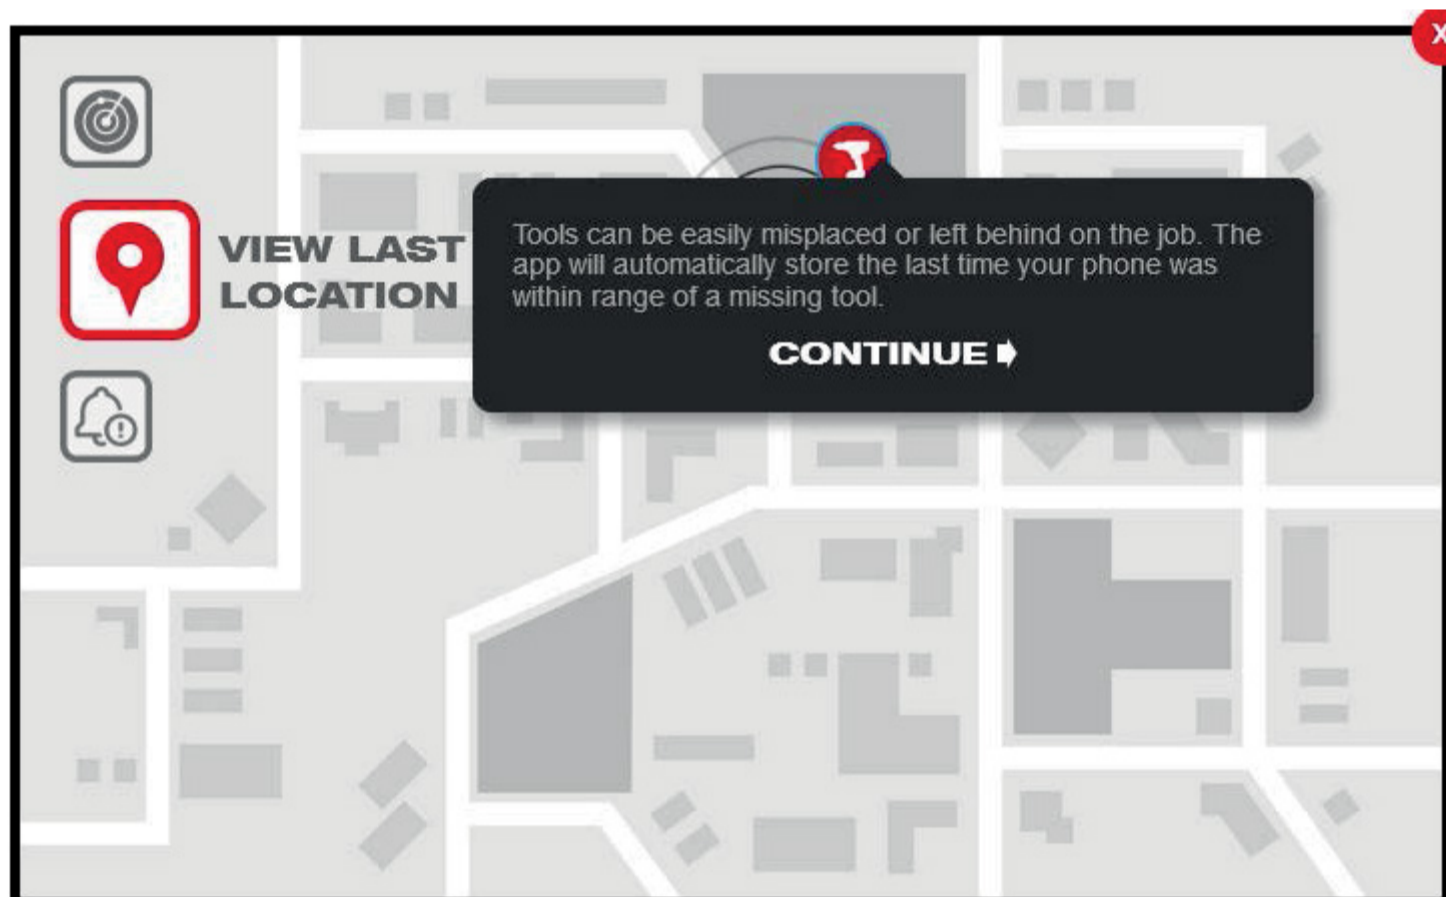

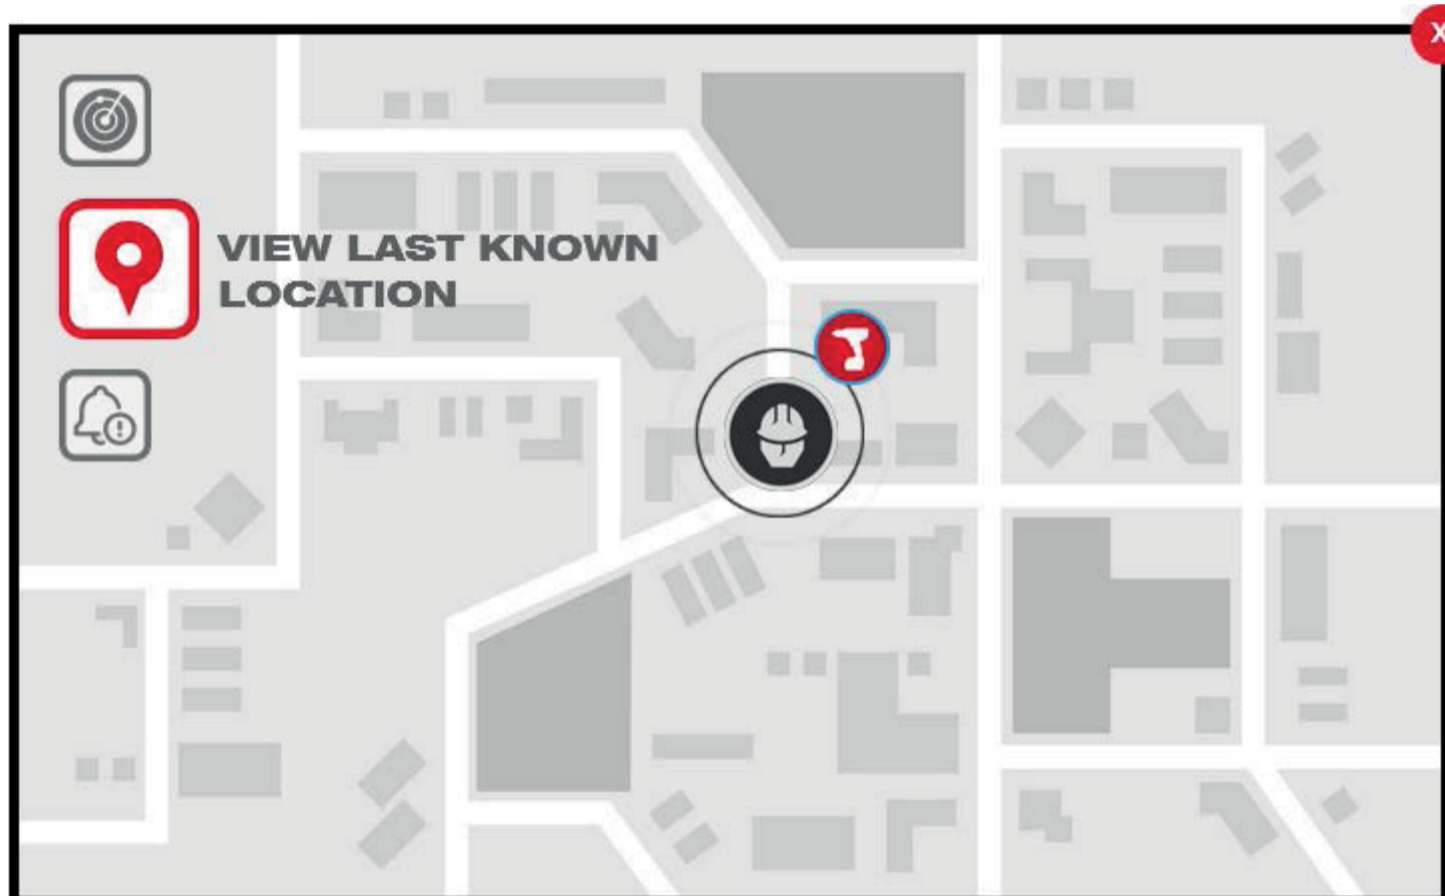

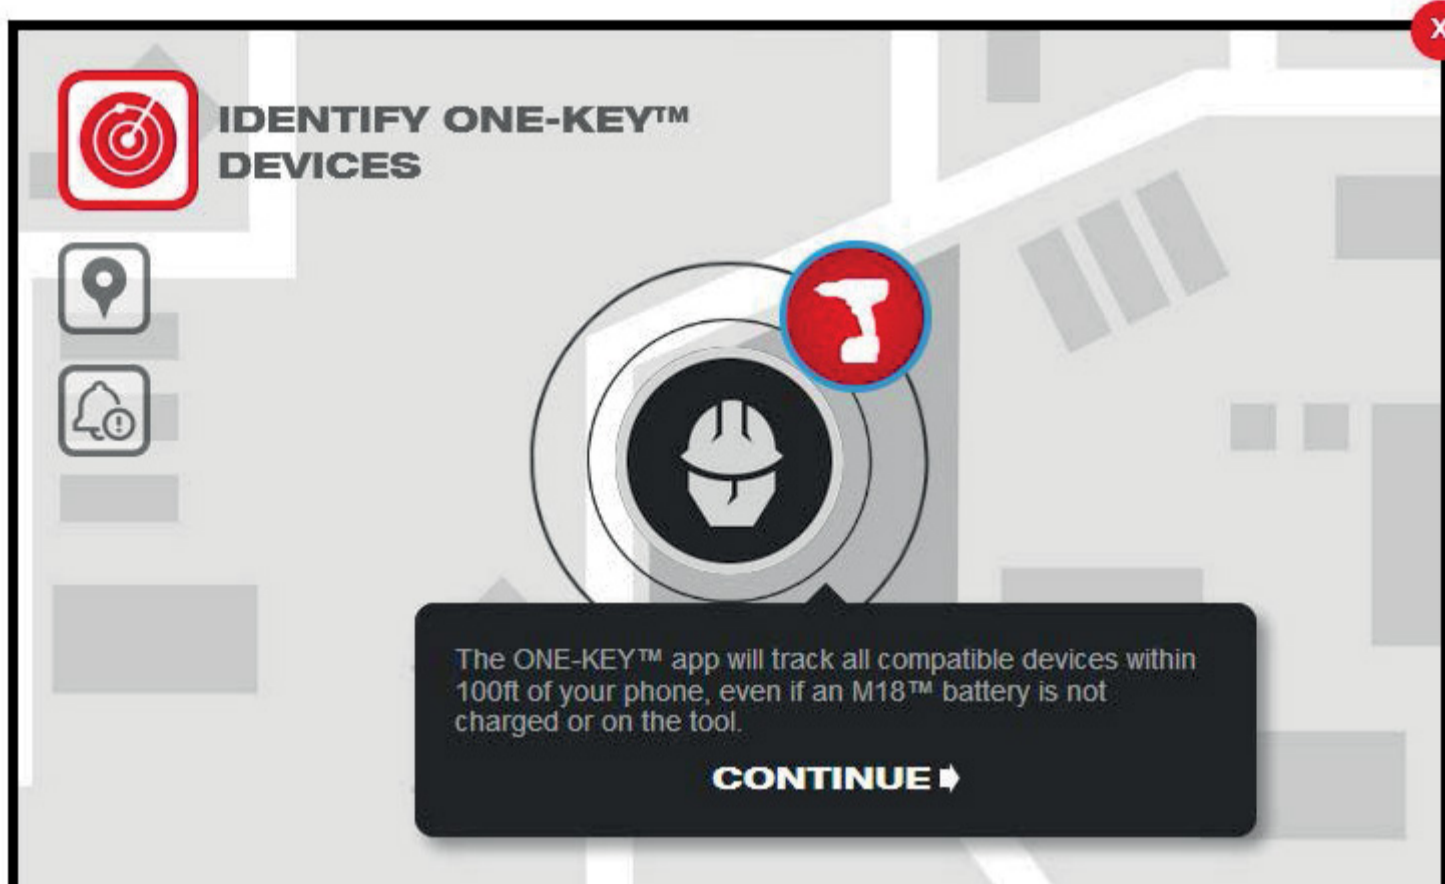

POWER THROUGH CONNECTIVITY

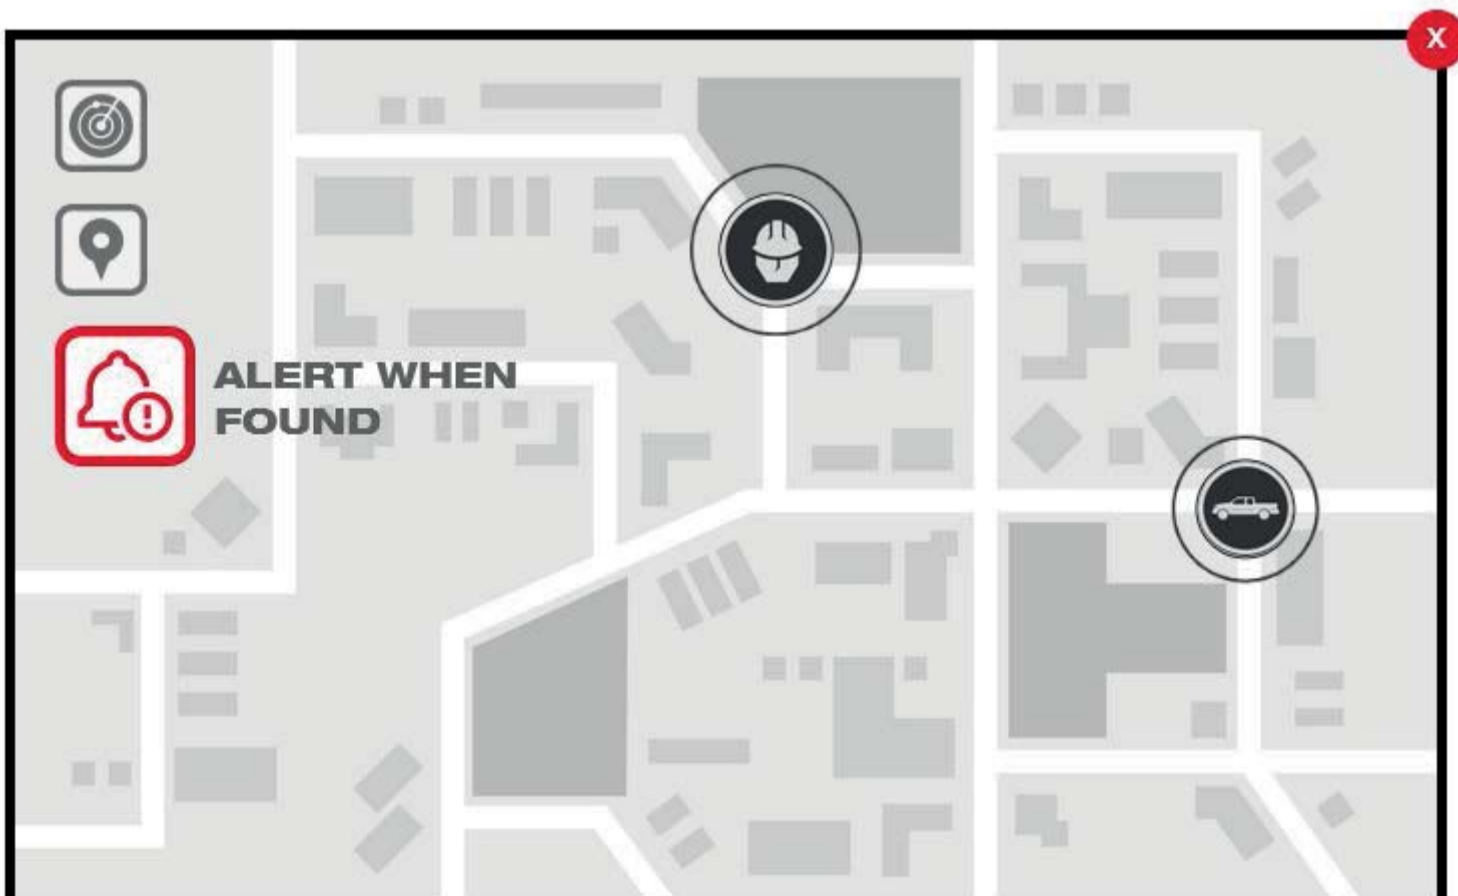

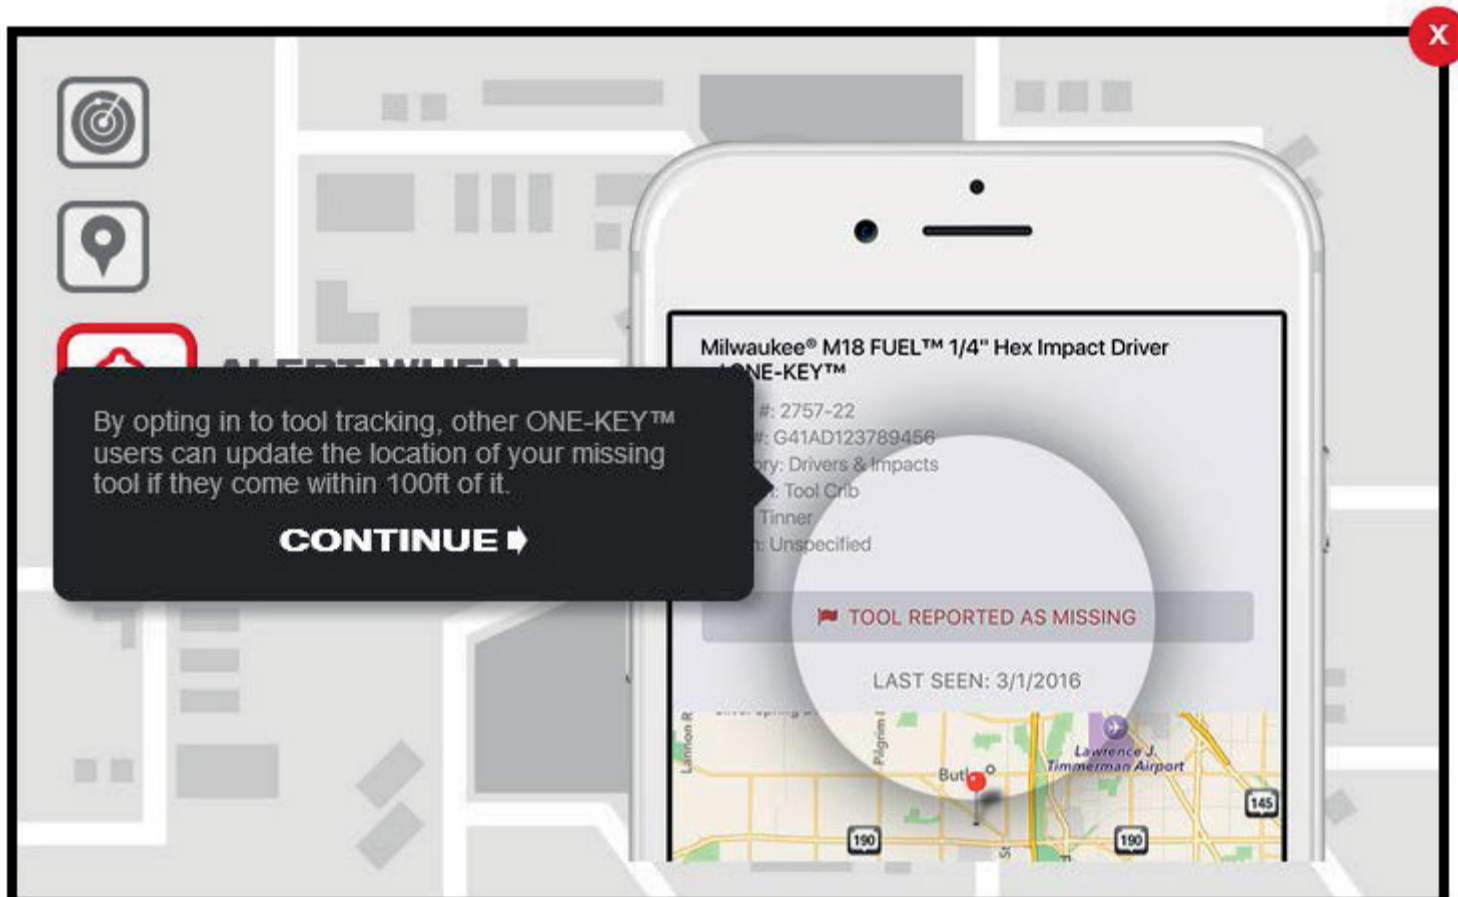

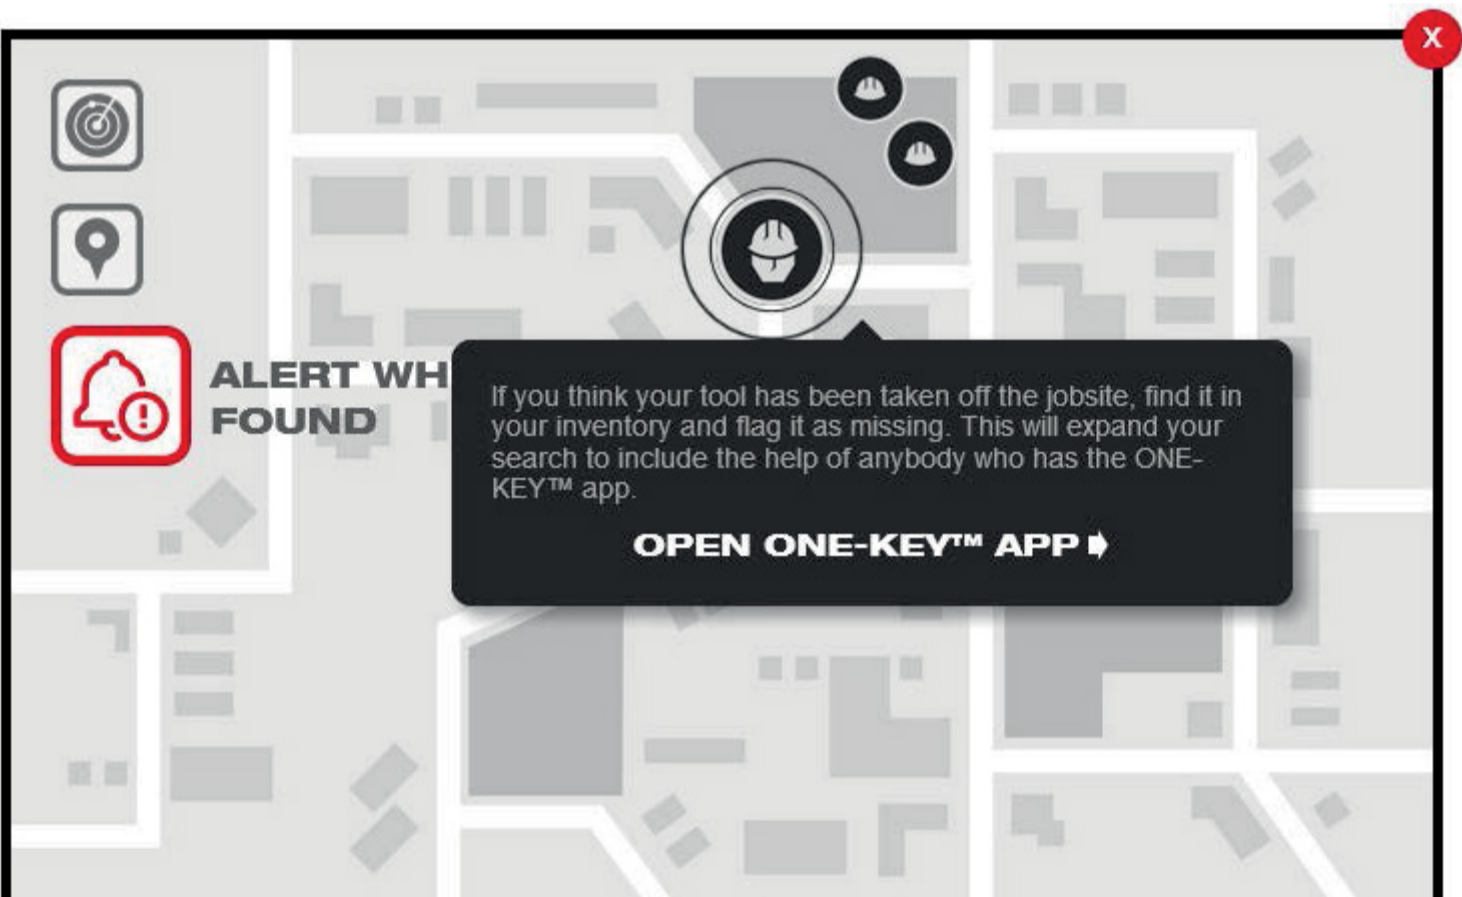

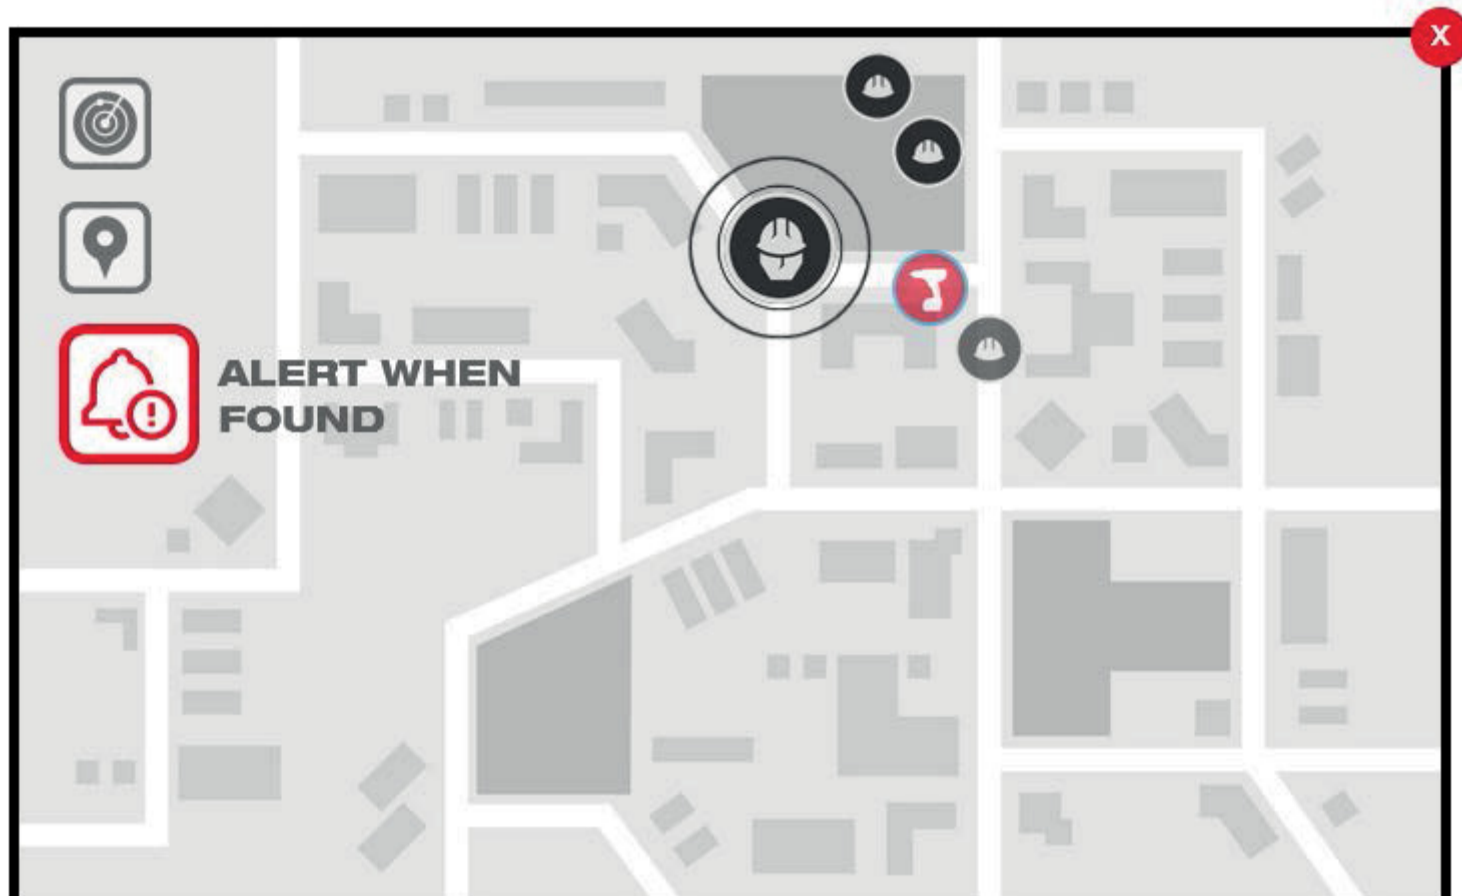

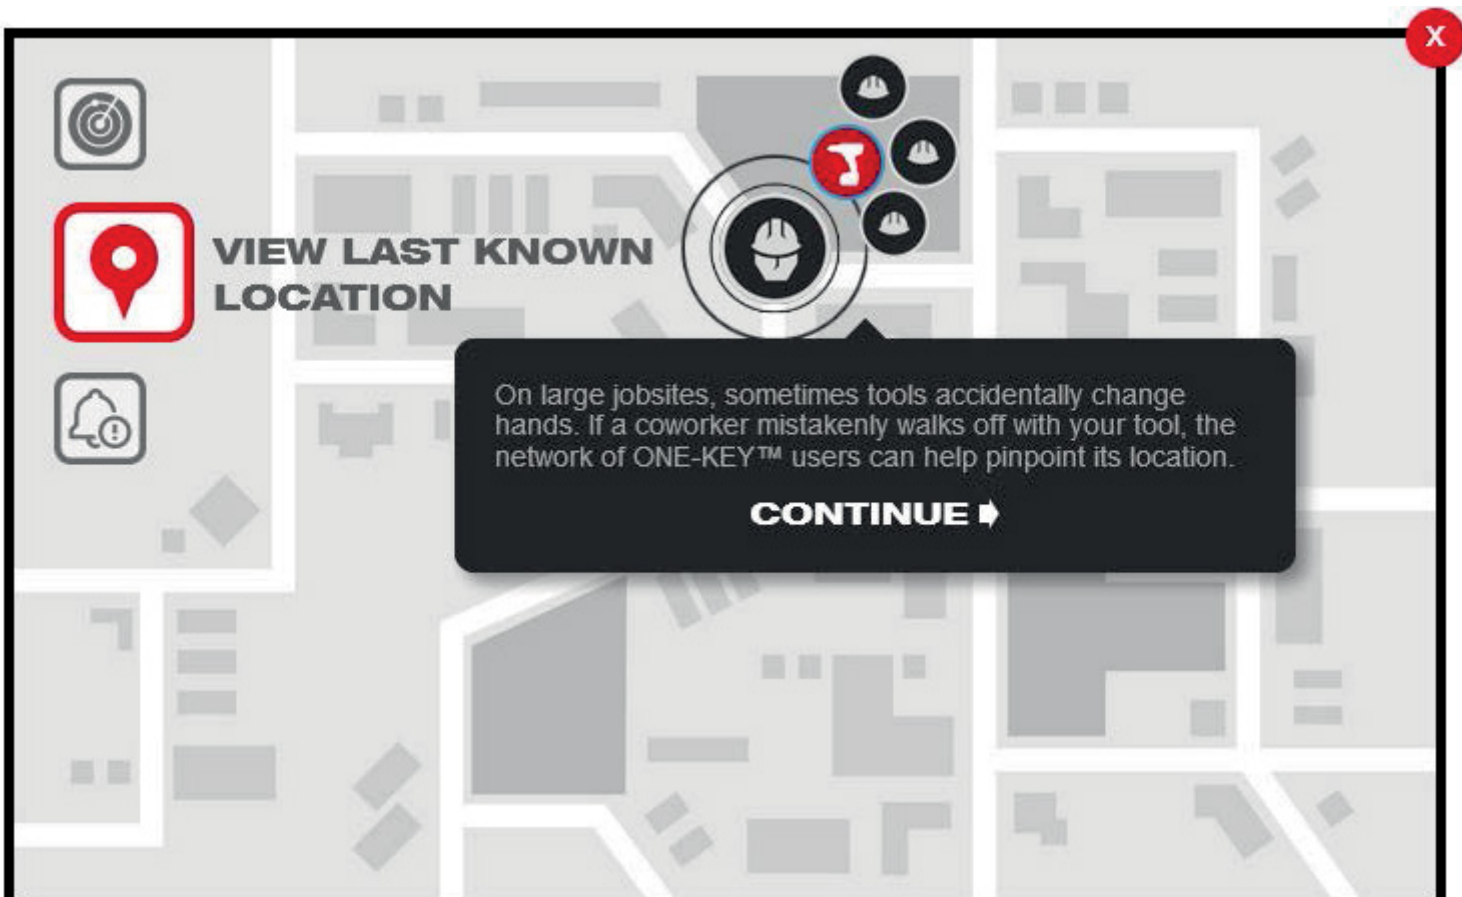

For the first time ever, Milwaukee offers tools that can be connected to via a mobile device. Get more out of your tools than ever before with integrated tool tracking, security and customization.

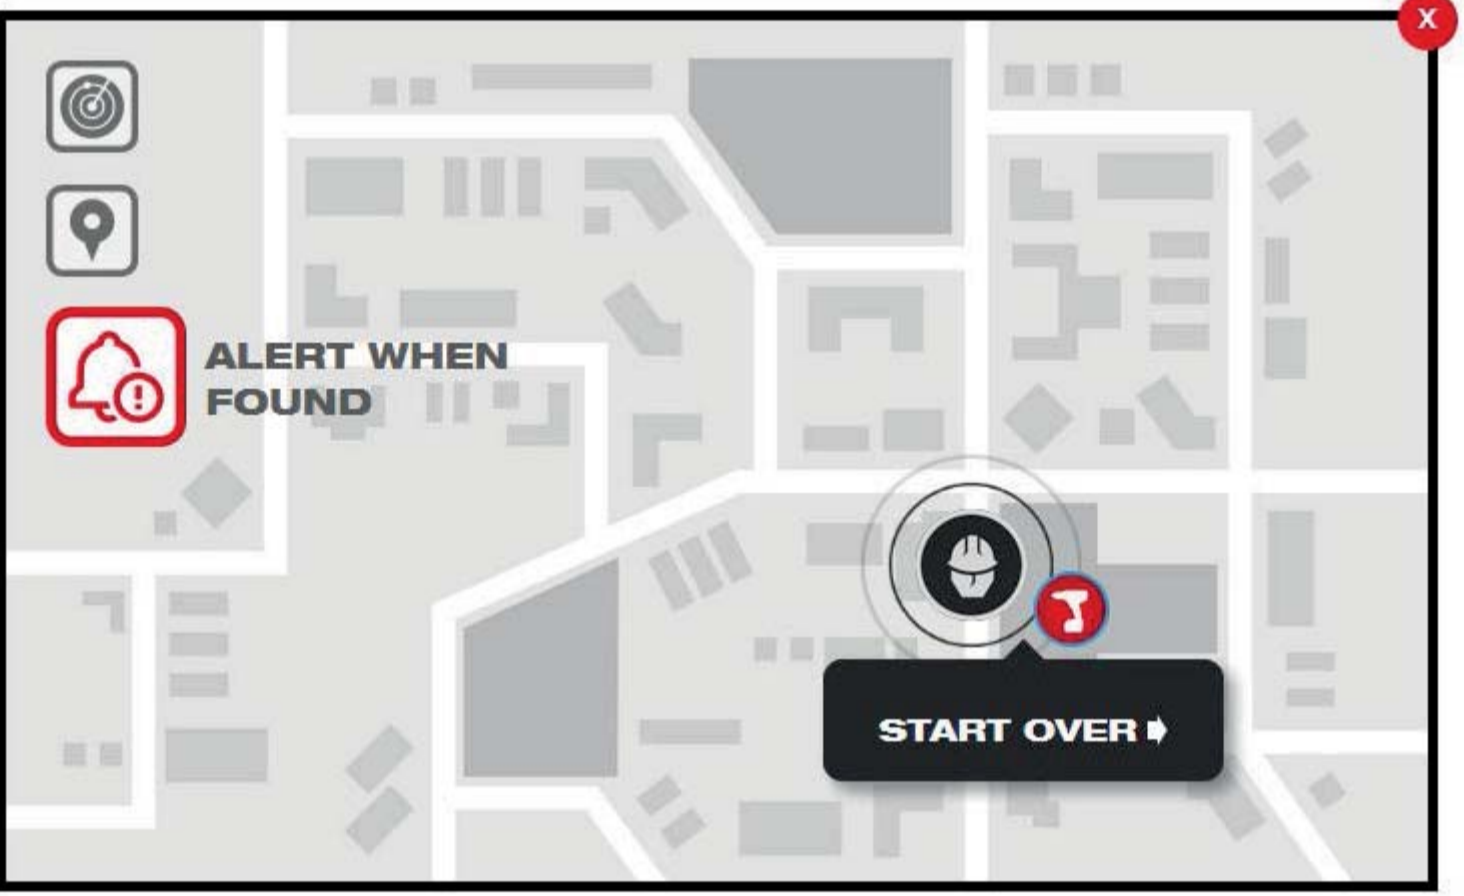

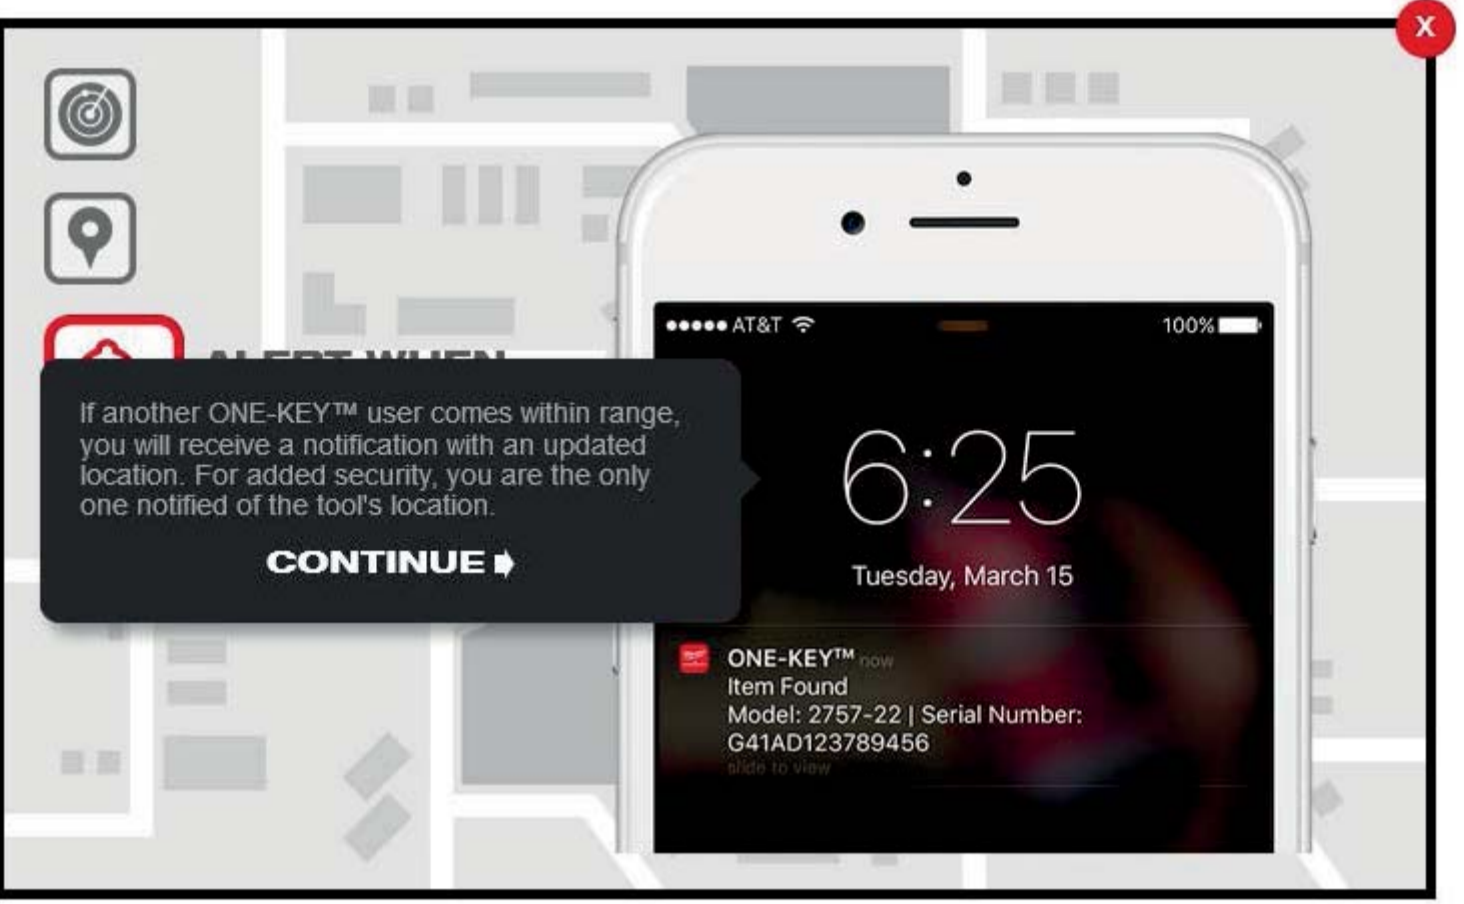

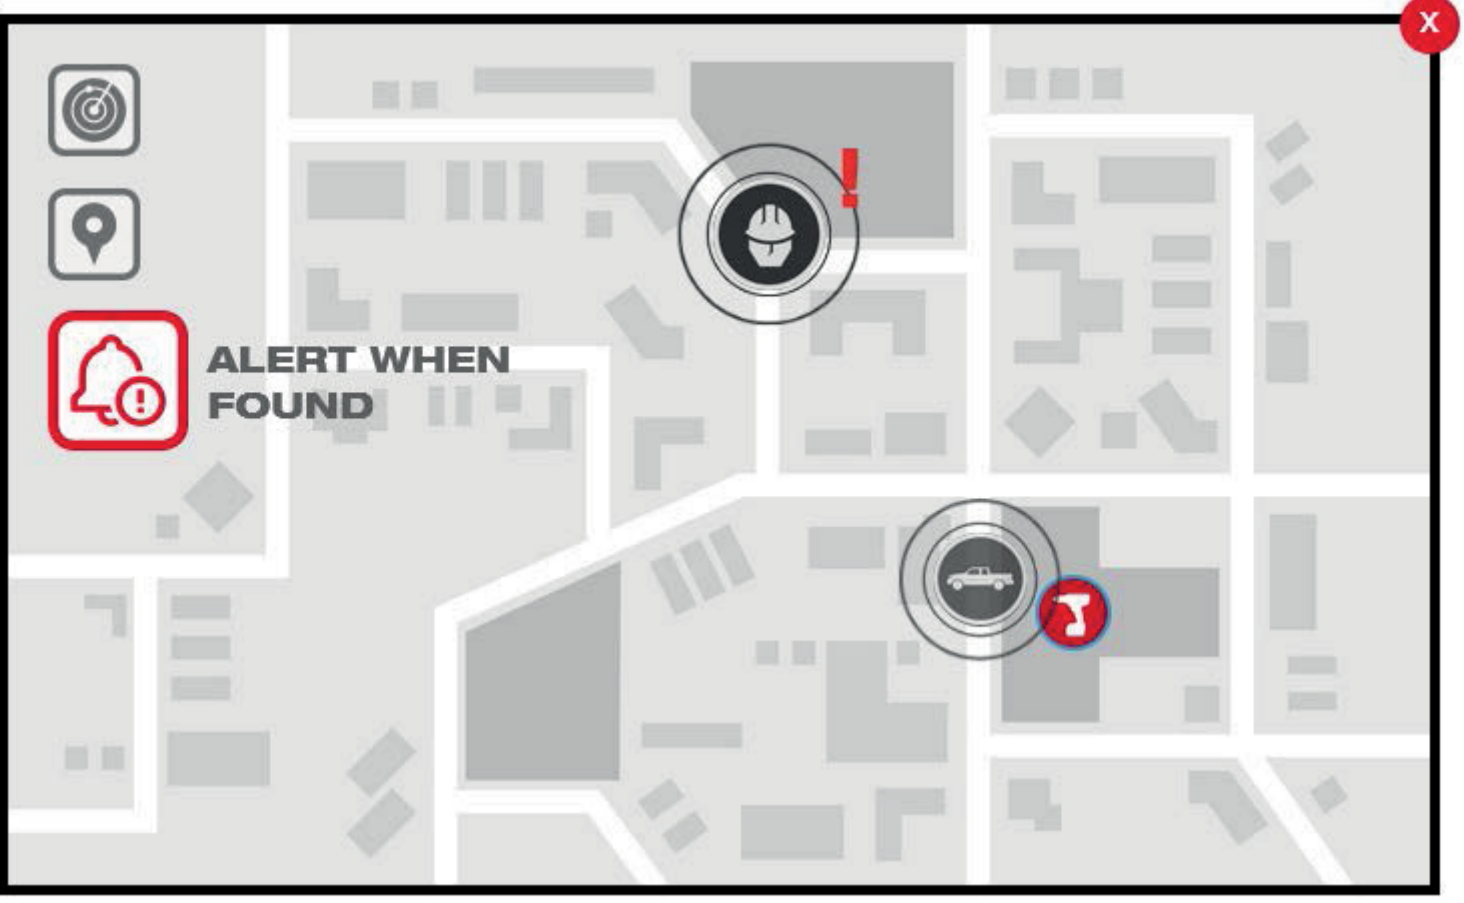

TRACK TOOLS ANYWHERE

Integrated Tool Tracking allows you to keep a virtual eye on your things when you can't. The ONE-KEY™ app will automatically keep records of the last time it was within 100ft of your tool, allowing you to pinpoint missing tools quickly and increase accountability of your crew.

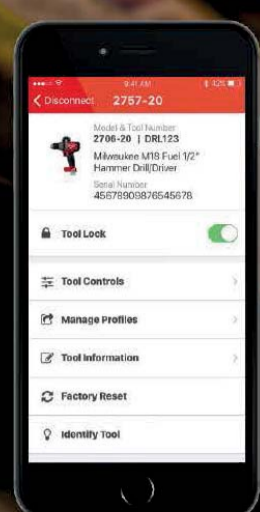

TICK
TRACKS ANYTHING.
SURVIVES EVERYTHING.

PREVENT THEFT & TAMPERING

Paired with tracking, Integrated Tool Security provides the ultimate theft protection. Protect your investment with features like tool lock-out, or hide tool from the nearby devices screen so only you can see your tool is in range. If your tool is lost or stolen, render it useless by sending a remote command to the tool to shut itself off the next time it comes within range of any ONE-KEY™ app.

UNLIMITED TOOL CUSTOMIZATION

Tool Customization allows you to optimize the tool for the work you do. Increase your productivity with consistent performance and save money by reducing damage to fasteners and materials, while increasing the life of your accessories. Save up to four customized profiles to the memory of the tool, and cycle through them when needed throughout your day.

HOW IT WORKS

1 CREATE
CREATE PROFILES BY DIALING IN SPEED & POWER

2 SAVE
SET CUSTOM PROFILES TO TOOL

Save up to 4 modes and cycle between on tool. After tool is set, you no longer need your phone.

3 OUTPERFORM
WITH UNMATCHED CONTROL & SPEED FOR THE MOST CONSISTENT RESULTS

1 OPTIMIZE BRIGHTNESS FOR YOUR WORKSPACE

2 DELIVER A CONSISTENT DRIVE THROUGH MATERIAL

3 REDUCE OVERTIGHTENING OF FASTENERS & DAMAGE TO MATERIALS

4 SMOOTHER CUT STARTS AND OPTIMAL SPEED THROUGH MATERIAL

ONE-KEY™ COMPATIBLE TOOLS

We've integrated ONE-KEY™ into several of our premium product lines: M18 FUEL™, High Performance Lighting and FORCE LOGIC™ with many more solutions to come. Experience the cutting-edge ONE-KEY™ technology without any sacrifices in durability, run-time or performance.

M18 FUEL

M18 FUEL™ is engineered for the most demanding tradesmen in the world. Delivering unrivaled performance in a compact structure, all M18 FUEL™ products feature three Milwaukee®-exclusive innovations—The POWERSTATE™ Brushless Motor, REDLITHIUM™ Battery Pack and REDLINK PLUS™ Intelligence Hardware and Software—that deliver unmatched power, run-time and durability on the jobsite. Simply put, M18 FUEL™ tools are the most powerful 18v cordless tools in their class.
