

## **IMPORTANT NOTICE REGARDING THIRD PARTY ATTACHMENTS TO MR. HEATER BUDDY HEATERS**

Enerco Group Inc., (“Enerco”) is the industry leader in the design and manufacture of consumer, heavy duty commercial, and construction heating products. In 2000 Enerco introduced the Portable Buddy® (Model MH9B) in to commerce. The Portable Buddy®, which is sold under the Mr. Heater brand, incorporates an Oxygen Depletion Sensor (“ODS”), which shuts off the heater if the oxygen in the room gets below a certain point. This allows for the heater to be safely used while camping, ice fishing, working in a garage or workshop, or for emergency home use in the event of a power outage.

Since 2000 Enerco has expanded its Buddy line of heaters to include the Little Buddy® (Model MH4B), Big Buddy® (Model MH18B); and Hunting Buddy® (Model MH12HB). All of the Buddy Heater models are indoor safe and certified to CSA/ANSI standards. The Consumer Product Safety Commission even endorsed the Buddy Heater as a heater that “can save campers’ lives.” Enerco is very proud of the Buddy line of heaters and is constantly striving to ensure they are used safely and properly.

**Enerco is now aware of a number of third party attachments primarily aimed at warming or cooking food on our Buddy Heaters. Enerco has reviewed these products and does not believe that they are reasonably safe. Buddy Heaters were designed and certified to a national heating standard (CSA 4.98) and have delivered decades of comfort to consumers of all kinds. Please be advised that Buddy Heaters are neither certified, nor safe to be used to warm or cook food of any kind. Buddy Heaters are not certified as a cooker and not designed to operate in this manner. Moreover, Enerco expressly prohibits the use of any type of non-approved attachments with its Buddy heaters.**

The following 2 paragraphs outline the WARNING and WARRANTY language in Buddy Heater product manuals.

### **WARNING LANGUAGE**

**WARNING!** This product is a heater. It is certified to CSA International Requirement Section 4.98, "Gas Fired Portable Heaters for Recreational or Commercial Use." This product is **NEVER** to be used for the cooking or warming of foods as doing so can interfere with the safety systems of the heater, which may result in a fire, explosion, the production of deadly carbon monoxide, and personal injury or death to you or others. **NEVER** use hand-made or third party accessories or attachments with this heater; this is extremely dangerous and may result in personal injury or death to you or others

## WARRANTY LANGUAGE

Mr. Heater, Inc. warrants its heaters and accessories to be free from defects in material and workmanship for a period of 1 year from date of purchase. Mr. Heater, Inc. will repair or replace this product free of charge if it has been proven to be defective within the 1-year period and is returned at customer expense with proof of purchase to Mr. Heater, Inc. within the warranty period. **DISCLAIMER:** This warranty does not cover any product that: a) has been subject to misuse or neglect; b) has been used in a manner inconsistent with the warnings and instructions contained in the owner's manual, including but not limited to using a heater for the cooking or warming of foods; or c) has been used with hand-made or third party accessories or attachments.

Enerco expressly prohibits its Buddy heaters from being used for the cooking or warming of foods. Third party products intended to change the intended operation of the Buddy heaters are not endorsed by Enerco and, in fact, are expressly prohibited for use as they could cause serious harm to consumers. Use of such products with Enerco heaters will immediately void the product warranty.

Enerco takes the safety of the consumers that enjoy its Buddy Heaters very seriously and we appreciate your continued trust in the Mr. Heater Brand.
