180° DOWNWARD ROTATION

- UTILIZES MULTIPLE BEAMS – CREATING A POWERFUL 1750 LUMENS
- LIGHTWEIGHT
- PIVOT HEAD PROVIDES ENDLESS VERSATILITY
- INCLUDES AN EASY-TO-USE SNAP-IN CHARGER

NIGHTSTICK®
Life Depends on Light™

BAYCO PRODUCTS INC. — 30+ YEARS SINCE 1984

Life Depends on Light™

PROUDLY DESIGNED AND ENGINEERED IN USA

FIRE SAFETY | LIGHTING

NIGHTSTICK®
Life Depends on Light™

PERFORMANCE, QUALITY AND VALUE

CHAMPION PERFORMANCE | Nightstick products are built not only with lumen ratings that exceed most competitor products, but also with optimized performance characteristics such as; candela, beam distance and run-times. Throughout the design process we take into consideration all of these factors for the best efficiency and performance. Our products are also designed and manufactured using the best quality housing materials, precision engineered reflectors, real-world switch functionality, state-of-the-art electronics and the latest generation battery technology. Innovations like our exclusive Dual-Light™ design, combining a flashlight and a floodlight into a single light with the ability to turn both on simultaneously, is altering the idea of what a flashlight is capable of. Innovative thinking is reflected across the complete line of products.

COMMITMENT TO QUALITY | All products produced at our dedicated ISO 9001 Certified Factories undergo rigorous quality control inspections conducted by independent 3rd party inspectors at multiple points during the manufacturing process. Additional quality control inspections take place as products arrive and leave the distribution facility. Each product is backed with a warranty and a 100% customer service satisfaction experience.

EXCEPTIONAL VALUE | All of our products are designed to out perform with a higher quality standard than any other product in its class. Even with the highest quality standards, the Nightstick line costs less compared to competitors. We remain committed to delivering the industry's best performing and highest quality products at the lowest cost possible.

NIGHTSTICK®
Life Depends on Light™

SAFETY FIRST

THE SCREW
This locking screw is required to ensure the ultimate user safety by deterring intentional or accidental battery exposure in a hazardous environment.

THE MATERIAL
Glass nylon polymer material withstands extreme conditions.

THE LENS
The polycarbonate lens is specifically designed and sealed to withstand virtually any environment.

THE MAGNET
Limitless hands-free use in any critical situation

THE DUAL-LIGHT™
Lights up the immediate walking area along with a distance beam for maximum safety

NIGHTSTICK®
Life Depends on Light™

PERFORMANCE, QUALITY AND VALUE

CHAMPION PERFORMANCE | Nightstick products are built not only with lumen ratings that exceed most competitor products, but also with optimized performance characteristics such as; candela, beam distance and run-times. Throughout the design process we take into consideration all of these factors for the best efficiency and performance. Nightstick uses CREE® LEDs, the #1 LED manufacturer in the world. Our products are also designed and manufactured using the best quality housing materials, precision engineered reflectors, real-world switch functionality, state-of-the-art electronics and the latest generation battery technology. Innovations like our exclusive Dual-Light™ design, combining a flashlight and a floodlight into a single light with the ability to turn both on simultaneously, is altering the idea of what a flashlight is capable of. Innovative thinking is reflected across the complete line of products.

COMMITMENT TO QUALITY | All products produced at our dedicated ISO 9001 Certified Factories undergo rigorous quality control inspections conducted by independent 3rd party inspectors at multiple points during the manufacturing process. Additional quality control inspections take place as products arrive and leave the distribution facility. Each product is backed with a warranty and a 100% customer service satisfaction experience.

EXCEPTIONAL VALUE | All of our products are designed to out perform with a higher quality standard than any other product in its class. Even with the highest quality standards, the Nightstick line costs less compared to competitors. We remain committed to delivering the industry's best performing and highest quality products at the lowest cost possible.

Nightstick products are designed and manufactured by Bayco Products, Inc., is a global brand of professional lighting products including flashlights, headlamps and Intrinsically Safe lighting solutions that exceed the industry standards in performance, quality, user-safety and value. Since 1984, Bayco Products, Inc. has been the preferred choice of professionals and discriminating consumers. The Nightstick and Bayco brands are recognized world-wide as high-performance, high-quality, high-value lighting solutions across virtually every industry. Headquartered in North Texas, Bayco Products' 110,000sf facility is the international headquarters for R&D, engineering, marketing, sales and distribution. Bayco Products has dedicated ISO 9001 Certified factories both in the US and abroad.

Nightstick – Performance, Quality, and Value

Real-world Product Performance: Nightstick products are built not only with lumen ratings that exceed most competitor products, but also with optimized performance characteristics such as candela, beam distance and run-times. The design must take into consideration all of these factors to impact a light's efficiency and performance. Nightstick products are also designed and manufactured using the best quality housing materials, precision engineered reflectors, reliable real-world switch functionality, state-of-the-art electronics and latest generation battery technology. Innovations such as Nightstick's exclusive Dual-Light™ design, combining a flashlight and a floodlight into a single light the ability to turn both on simultaneously for added versatility and safety, is altering the idea of what a flashlight is. Further evidence of this innovative thinking is shown by our complete line of Intrinsically Safe lights that have the highest safety ratings in the world.

TECHNOLOGY
Featuring *Dual-Light*

Unwavering Commitment to Quality: All products produced in Bayco Products' dedicated ISO 9001 Certified Factories undergo rigorous quality control inspections conducted by independent 3rd party inspectors at multiple points during the manufacturing process. Additional quality control inspections take place as products arrive and leave Bayco Products' distribution facility. Quality is also demonstrated in the customer service experience...with a target of nothing less than 100% customer satisfaction. Our quality is also backed by a Limited Lifetime Warranty.

Exceptional Value: Quite simply, the Nightstick product line is designed and manufactured to outperform and be of a higher quality standard than any other product in its class. Even with the highest quality standards, Nightstick products cost less as compared to competitor offerings. We remain committed to delivering the industry's best performing, highest-quality products at the lowest cost possible.

PERFORMANCE, QUALITY AND VALUE

CHAMPION PERFORMANCE | Nightstick products are built not only with lumen ratings that exceed most competitor products, but also with optimized performance characteristics such as; candela, beam distance and run-times. Throughout the design process we take into consideration all of these factors for the best efficiency and performance. Nightstick uses CREE® LEDs, the #1 LED manufacturer in the world. Our products are also designed and manufactured using the best quality housing materials, precision engineered reflectors, real-world switch functionality, state-of-the-art e ctronics and the latest generation battery technology. Innovations like our exclusive Dual-Light™ design, combining a flashlight and a floodlight into a single light with the ability to turn both on simultaneously, is altering the idea of what a flashlight is capable of. Innovative thinking is reflected across the complete line of products.

COMMITMENT TO QUALITY | All products produced at our dedicated ISO 9001 Certified Factories undergo rigorous quality control inspections conducted by independent 3rd party inspectors at multiple points during the manufacturing process. Additional quality control inspections take place as products arrive and leave the distribution facility. Each product is backed with a warranty and a 100% customer service satisfaction experience.

EXCEPTIONAL VALUE | All of our products are designed to out perform with a higher quality standard than any other product in its class. Even with the highest quality standards, the Nightstick line costs less compared to competitors. We remain committed to delivering the industry's best performing and highest quality products at the lowest cost possible.
