### You Have Additional OEM Warranty Protection

If an original equipment manufacturer (OEM) declines to honor their written warranty solely because you purchased and used Oregon replacement parts in the OEMs product, please read on. Oregon will allow you to substitute the rights and remedies provided to you under the OEMs written warranty for this express limited warranty. Here's how it works: Send us a written confirmation — from the OEM — that states that the OEM has refused to honor the OEM written warranty solely because you purchased and used Oregon replacement parts in the OEMs product.
