If it moves, grease it.

Keep it moving, smoothly

Grease Guns, Barrel/Bucket Pumps and Accessories

From ball joints to control arms and tie rods, the grease fitting has made a comeback, meaning more opportunity for failure. Keep your customer's car moving smoothly with OTC's new line of lubrication service products. Universal adapters, flexible hoses and even a mini gun get the grease where it's needed, while a 3-jaw locking coupler helps prevent getting it where it's not.

A series of drum, bucket and transfer pumps makes easy work of transporting various oils and other shop and vehicle fluids.
