Our Canyon line of bags come in a variety of options and are eco friendly alternative to the ballistic nylon. Each bag has been handcrafted out of premium cotton infused with Parrifin, known as wax canvas which is a waterproof breathable material. Manufactured to exacting specifications featuring reinforced stitching, heavy-duty zippers and oversized buckles; our Canyon Bag line up ranges from tool bags, first air bags, general purpose to a portable trail/trash bags and everything in between. What's great about waxed canvas, as it ages over time, scuffs & wear marks develop characteristics known as patina, which is why waxed canvas is timeless.
