

SLIM

3-in-1 slim light

The ultra-thin, compact design of only $\varnothing 9\text{mm}$ allows inspection in even the most inaccessible and narrow work areas. This makes the SLIM ideal for very demanding and difficult inspection jobs.

The new SLIM light is designed with a 100% foldable body. When fully folded the lamp can be used as a traditional hand-held work light. In folded position, the SLIM is reduced to pocket size - compact and portable to take with you everywhere.

The powerful 100 lumen spot light of the SLIM provides you with a flashlight function. As a unique feature, which has never been seen before, SLIM can be used as flashlight when the lamp is folded, providing a powerful flashlight with a handy, firm grip.

- 3-in-1: inspection light, work light and flashlight in one lamp
- Extremely powerful illumination up to 500 lumen with a powerful flashlight function
- Ultra slim and compact design
- Strong built-in magnet and hook for flexible positioning
- Choose between 2 light settings (50% or 100%) for maximized operating time
