

UV-LIGHT

LED light for UV curing of medium sized paint repair areas

UV-LIGHT is a flexible, rechargeable LED hand-held work light designed for small and medium cure areas.

It is very handy and easy to carry in the pocket or in the work belt with the built-in clip. Place the lamp anywhere you want with the turnable sturdy hook or the strong built-in magnet. The flexible lamp head tilts up to 180 degrees.

The shape provides a comfortable, ergonomic grip, and has a durable construction. It is supplied with a solvent resistant, exchangeable glass lens.

UV-Light is supplied with an intelligent battery indicator at the front that keeps you informed about the battery level. Supplied with a charging base for easy charging.

No heat is produced on the panel or the paint during the curing, allowing curing of plastic parts or any heat sensitive material.

TECHNICAL SPECIFICATIONS
UV LED
Irradiance at 6cm, Minimum 6mW/cm ² , Center 10mW/cm ²
UV peak wavelenght 390-400 nm
Curing area ø10cm
3.7V 2600 mAh Li-ion
1.5 hours operation time
4 hours charging time
IP30
270g
