DuraShield Titan XT™ provides Uncompromised Performance in a premium paint protection film. Titan XT's proprietary FlexCoat™ Crosslink Technology brings cutting-edge chemistry to paint protection film.

TITAN XT™ BENEFITS

- Exceptional stain resistance!
- Unmatched resistance to harsh environmental hazards.
- Blocks airborne & surface contaminants from discoloring the film
- Outstanding protection from rock chips & other road hazards.
- Virtually invisible protection with excellent clarity, low profile & high gloss
- Faster, easier, hassle-free installation.
- Self-healing film that can also be machine polished to remove deeper scratches
- Dirt, dust and scuff-resistant, low-friction film surface

DURASHIELD FLEX™

DuraShield Flex™ provides high-gloss, optically clear surface protection. Its low-profile construction provides maximum conformability in application environments that benefit from a highly conformable product.

STYLIZED HEADLIGHT DECOR - LensWrap™ tinted protective films add a subtle splash of color to headlights and foglights to help enhance the appearance of display or show vehicles.

CONCENTRATED DURABILITY - Sharpline's LensWrap™ tinted headlight protection film is constructed with a thick, heavy-duty film. LensWrap™ tinted protective film will also help protect expensive headlight lenses from damage which may occur during the transportation and display of show vehicles.

APPLICATION VERSATILITY - LensWrap™ tinted headlight protection film sets are offered in two sheet sizes or in 30 foot rolls, and can be easily installed and trimmed to fit modern, irregularly shaped headlight lenses. Sets include 2 film sheets, a small squeegee, Snappy™ knife and instructions.

VIRTUALLY INVISIBLE PROTECTION

Modern headlight lenses are constructed from clear plastic that is subjected to damage from rock chips, dirt and road debris experienced in day-to-day driving. Replacing headlight lenses that have been scratched, scuffed, cracked or even dulled from exposure to the sun's UV rays can cost hundreds of dollars each.

Lead Time: There is an anticipated lead time of 3 to 5 working days from the time an Express Graphics order is placed until it is ready for shipment.

Drop Shadows: Create a dimensional look through the use of drop shadows that are incorporated into your Express Graphics name. For information on availability, pricing and lead times, consult your Sharpline sales representative.

Options: A typestyle can be altered through the use of options such as an outline border or slant. Be sure that the style can be altered through the option desired. Please note that some typestyles have a natural slant to the face. These are shown in a column headed by SLANT. Any further degree of slant is added to this natural slant.

Notice: Due to differences in font styles, you must state if the image size is critical at the time of your order. If not, the letter height will be measured relative to the capital 'X' in each font. Graphic image height is measured from the lowest to the highest point of the image.

Color Availability: All Express Graphic typestyles are available in the colors shown in the standard color offering. Separate price categories exist for specialty films such as Stardust Metallics or Diamond Metallics. Prices are based on a capital letter character and vary depending on the height specified.

SUPERGRAPHICS™ SUPREMES

AVAILABLE SIZES (sizes are approximate)

- A - 5" X 48"
- B - 2 1/2" X 24"
- C - 1 1/4" X 12"

Sharpline provides six exciting two-color SuperGraphics™ designs available in three sizes. SuperGraphics Supremes™ can be used to create an unlimited selection of more conservative, yet very appealing designs for cars, pickups, crossovers and SUVs as well as compact and full-size vans.

Pick the size you want and choose from any of Sharpine's standard colors to create your own custom-made graphics. We will cut and ship them ASAP, often within 24 hours of ordering!

HOW TO ORDER

1. Choose your SuperGraphics Supreme™ design. They are produced as sets of two mirror-image graphics.
2. Choose the size you need:
 - A** - Matches up to 1/2" stripes
 - B** - Matches up to 1/4" stripes
 - C** - Matches up to 1/8" stripes
3. Choose your colors:
 - Color #1** (shown as the dark portion of graphic in the illustrations)
 - Color #2** (shown as the light portion of graphic in the illustrations)

Please be sure of your colors and sizes at the time of order. Since SuperGraphics Supremes™ are custom-made to order, they cannot be returned.

Graphic images shown are digitally created representations of the actual products. Slight variations in color and appearance may exist between the catalog and the actual product.

SIGN PRODUCTS GRAPHICUT™

Sharpline's Graphicut™ professional signage products are the best choice for all your vinyl signfilm needs. Choose from the premium quality high-performance cast vinyl colors used in the Automotive product line in addition to a select line of calendered films and specialty signfilm products.

Sharpline Graphicut™ Advantages:

- Sharpline is centrally located and provides quick shipment of products to anywhere in the world.
- Sharpline offers its 15, 16, and 24 inch signfilm for sale "by the yard" in most colors (3 yard min. purchase per color).
- Hundreds of colors are available in signfilm. Need a color not shown? Call Sharpline and we will do our best to match your special color needs. Sharpline also has colors available in custom sizes.
- Sharpline's experience and leadership in the production of vinyl-based graphic and signage products provides our customers with the service, quality, and innovation they deserve.

DIGITAL WOODGRAINS

PART	SIZE
9663	16" x 8' Digital Woodgrain Panel - print pattern is 15" x 95"
9624	24" x 8' Digital Woodgrain Panel - print pattern is 23" x 95"

Popular OEM woodgrain patterns have received a modern make-over with Sharpline's exclusive line of Digital Woodgrain Panels. These high-resolution, digitally printed panels are available in two sizes; produced with high-performance vinyl film that is clearcoated for excellent gloss and 7 year exterior durability.

Sharpline's Digital Woodgrain panels are matched to the three most popular, but no longer available, OEM woodgrain patterns/colors to create a visual effect that closely matches the appearance of OEM woodgrain vinyls.

Sharpline does not offer woodgrain panels pre-cut to fit specific vehicle models.

Graphic images shown are digitally created representations of the actual products.
Slight variations in color and appearance may exist between the catalog and the actual product.

STRIPE CONFIGURATIONS

AUTOMOTIVE RESTYLING PRODUCTS

HOW TO BUILD A PART NUMBER:

Select a style code number and color code number.

For example:

R512 (style code for 1/4" x 150' Solid Stripe) + 08 (color code for white) = R51208 (complete part number.)

SINGLE COLOR SOLID STRIPE		
	1/16" x 40'	R204

5801-01	DuraShield ScratchBlockers™ PKG #1 (4 sets in PKG)

Set Contents: 4 Door Handle Pieces (3.25" x 4" EA)
 4 Door Edge Strips (1/2" x 36" EA)
 1 Rear Bumper Panel (4.75" x 47.5" EA)

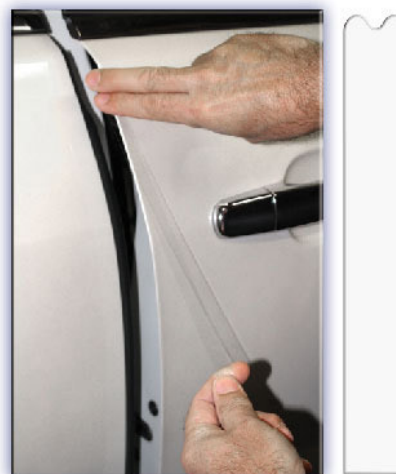

- Protects door edges from damage by contact with walls, curbs & other vehicles.
- Defends vehicle door handle pockets against unsightly scratch marks.
- Prevents scuffs, scrapes and scratches to rear bumper covers.

DuraShield ScratchBlockers™ are available with 3 different pre-cut PPF shapes that provide custom fit protection for vehicle door edges, door handle pockets and the top of rear bumpers.

For Door Handles

For Door Edges

For Rear Bumpers

PROTECTION/FILMS

AUTOMOTIVE RESTYLING PRODUCTS

DURASHIELD TITAN XT™ and DURASHIELD FLEX™ protect any vehicle from paint chips created by minor road debris, rock chips, bugs and other hazards.

PRIMARY PAINT PROTECTION FILM APPLICATION AREAS

- BUMPERS
- DOOR EDGES
- FENDERS
- HEADLIGHTS
- HOOD
- ROCKER PANELS
- SIDE VIEW MIRRORS

DURASHIELD TITAN XT™ PAINT PROTECTION FILM

PART	SIZE	PART	SIZE
1506-100	6" x 100' Titan XT™ PPF	1530-100	30" x 100' Titan XT™ PPF
1512-100	12" x 100' Titan XT™ PPF	1536-100	36" x 100' Titan XT™ PPF
1518-100	18" x 100' Titan XT™ PPF	1548-50	48" x 50' Titan XT™ PPF
1524-100	24" x 100' Titan XT™ PPF	1560-50	60" x 50' Titan XT™ PPF

DuraShield Titan XT™ provides Uncompromised Performance in a premium paint protection film. Titan XT's proprietary FlexCoat™ Crosslink Technology brings cutting-edge chemistry to paint protection film.

TITAN XT™ BENEFITS

- Exceptional stain resistance!
- Unmatched resistance to harsh environmental hazards.
- Blocks airborne & surface contaminants from discoloring the film
- Outstanding protection from rock chips & other road hazards.
- Virtually invisible protection with excellent clarity, low profile & high gloss
- Faster, easier, hassle-free installation.
- Self-healing properties that can also be machine polished to remove deeper scratches
- Dirt, dust and scuff-resistant, low-friction film surface

DURASHIELD FLEX™ PAINT PROTECTION FILM

PART	SIZE	PART	SIZE
7906-00	6" x 75' DuraShield Flex™ PPF	7930-00	30" x 75' DuraShield Flex™ PPF

SCRATCH FIGHTER

PART	SIZE	COLOR / LIGHT TRANSMISSION
T1770	20" x 10'	Darker / 20%
T1776	20" x 10'	Darkest / 5%
T1780	24" x 12'	Darker / 20%
T1786	24" x 12'	Darkest / 5%

- Variety of Applications for Your Car, Truck, Marine, RV, Business or Home
- Sizes Available to Fit Most Cars and Trucks
- Extra Durable with Scratch Fighter Protection

- 20" - Most economical, low waste
- 24" - Ideal for trucks
- 30" - Ideal for larger rear window applications

THREE EASY STEPS TO SELECTING THE RIGHT WINDOW FILM:

1. SELECT LIGHT TRANSMISSION

- Measures amount of light that passes through the window film. The higher the percentage, the lighter the film and the better the visibility inside and out. Lower percentages are for darker films and more privacy.
- Before applying any window film to a vehicle, check local ordinances.

- SMOKE:** 35% - Maximum Light Transmittance
- DARK:** 25% - For that "From the Factory" Look
- DARKER:** 20% - The Original Limo-Tint; Our Most Popular Shade
- DARKEST:** 5% - Ultra Private; Great for Show Vehicles

2. DETERMINE PRODUCT BENEFITS

	Scratch Fighter	Economy
UV PROTECTION	X	X
IMPROVES APPEARANCE	X	X
SCRATCH RESISTANT	X	

3. CHOOSE A SIZE

HEIGHT	LENGTH	
20"	5'	10'
24"	12'	
30"	5'
