

**SHRINKFAST**  
Innovators In Heat Shrink Tools

**Arm  
Assist  
Clip**

### Arm Assist Clip Fits 998 Extensions

The Arm Assist Clip provides the additional strength and support needed for those difficult shrink wrap projects requiring the 4' or 6' extensions. With a lightweight ergonomic design and easy installation, the Arm Assist Clip fits firmly and securely over your model 998 heat tool. The additional forearm support provides the stability needed when you can't afford to have the heat come in contact with the shrink film.

#### Features & Benefits:

- Reduces the stress on your forearm during shrink wrapping
- Allows for one-handed shrink wrapping with extension installed
- Lightweight aluminum design
- Rugged powder coat finish
- Fits over any model 998 heat tool
- Compatible with any model 998 extension
- Made in the USA

#### Specifications:

- Color: Yellow
- Part # 19810C
- Shipping Weight: 1lb.
