

Advanced COB LED Rechargeable FLOOD LIGHTS

AREA FLOOD SITE

A/F/S (Flood) Lighting Solutions

LNC2251 and LNC2551 are an ideal answer when it comes to the tasks of Area/Flood/Site light illumination. Whether on a building site, in an industrial environment or in an automotive garage, **Light-N-Carry** A/F/S lighting solutions provide bright illumination, long run times and easy recharging.

Portable, Powerful, Versatile – **Light-N-Carry**.

The Convenience of Two Batteries.

Both models come equipped with two removable batteries, which adds convenience and doubles your effective working time. Similar to a power tool configuration, this allows the operator to have one battery in use and one battery on charge at any given time. Plus, each battery also serves as a power supply, with a 1A USB outlet to charge small electronic devices.

Advanced COB Technology

Both models utilize CITED LED light engines from CITIZEN for high intensity illumination, ideal color temperature, long service life and low energy consumption. With our advanced COB technology, work spaces are illuminated efficiently, hard edges are eliminated and run times are expanded.

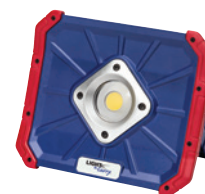

Both units provide USB Power Supply and easy Magnet Mounting.

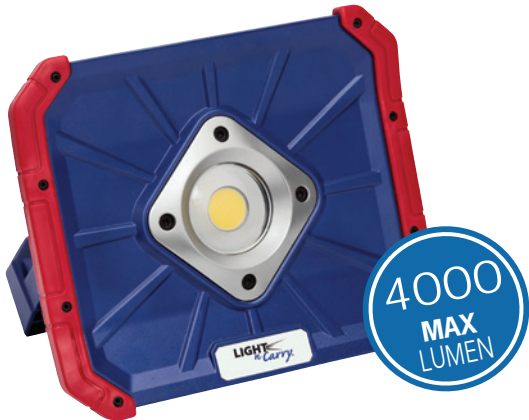

Display Cartons

Each unit comes delivered inside a bright, eye-catching, professional Display Carton.

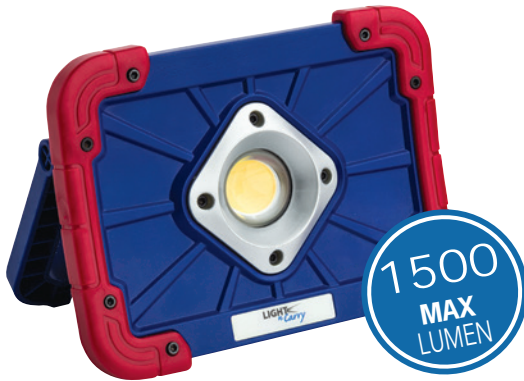

Advanced COB LED Rechargeable FLOOD LIGHTS

Model No. LNC2551

- Wall Charger

Quad Pod

Also available is our new quad pod accessory to our A/F/S lights.

This stand provides exceptional stability, with its four legs and tubular steel construction, and is adjustable for height.

In addition, it features a quick clamping claw attachment to allow fast, secure attachment of a single light or the included bar attachment, which can support 2-4 lights (depending on light size).

Model No. LNCPOD

Comes with a Repair Service Coupon

Use it...abuse it. Heck, run it over with a semi truck. No problem, we'll take care of the unit. It doesn't even have to be assembled. Simply return your Work Light (or all of its parts, properly and safely packaged), along with this coupon and a check for the amount stated. We will either recondition the unit or replace it with a refurbished unit and return it, all for the coupons designated value!
