A Message from Bon Tool Co. President

C. John Bongiovanni, President

Looking Back

The publication of our annual master catalog with the introduction of our updated product line marks a new season for Bon. It is a time we take stock in the past year and look forward to the start of a new construction season.

Last year marked our 60th year in business! It is not by chance that we have been around so long. Our success is built on a solid foundation laid three generations ago by my grandfather. Since 1958, our core principles have remained the same. We work hard to provide you with the best value in our industry. We do this by maintaining the highest standards of workmanship and customer care, combined with the integrity with which we conduct our business each and every day.

We are now looking forward with optimism to the spring construction season and we are especially excited to introduce two new trowel lines. Our **Steel City Finish Trowels** will set a new standard for concrete and plaster finishers, while our **Keystone Forged Trowels** will become the standard for masons everywhere. We are very excited to tell you more about these two new product lines, and the many other new products we have launched this year. Please contact your local sales representative or our friendly customer service department to learn more.

We sincerely thank our loyal customers for your trust in Bon. Know that we work hard to earn your confidence. With a firm commitment to our core principles, the Bon team is dedicated to being the preferred tool choice for construction projects worldwide.

Sincerely,

. ft - by

Bon®

Innovation

From the invention of masonry guides over 60 years ago to the launching of our Steel City Finish Trowels and Keystone Forged Brick Trowels this year, Bon is committed to the development and improvement of tools for professional contractors.

Value

We are committed to providing you the best value in the industry! Our procurement department is busy sourcing the right materials for manufacture; and our engineers are at work designing and testing the tools in production. All this means you get our large selection of tools manufactured to the highest quality standards at a price point you can trust!

Service

Count on Bon for one day delivery to most locations from our two strategically located warehouses. Our friendly customer service team is available to answer your questions and to process your orders efficiently. We aim to ship all orders received by 2:00 pm EST the same day!

CATALOG NOTATION KEY

Box Quantity Notation is the boxed quantity and indicating the order quantity for a lower price.

New Product Symbol Week Look for the red NEW icon to indicate new products, new models, new sizes, etc. for 2019.

Shipping Asterisk - *

All Bon products coded with "C" or "T" include an asterisk. As noted at page bottom these products must ship common carrier. "T" items ship free on qualifying orders.

Proposition 65 - A

Look for the ^ symbol displayed with part number. This indicates a Bon product that may contain an element(s) known to the state of California to cause cancer and birth defects or other reproductive harm. You may contact Bon Tool Co. in regard to the specific material exposure.

Pricing shown in this catalog is current at time of print, and is subject to change without notice. Although every attempt has been made for accuracy, Bon Tool Co. is not held responsible for typographical, pictorial or pricing errors shown in this catalog.

Please note Bon Tool Co. manufactures and distributes tools and related products. None of the products sold by Bon Tool Co. are intended for human consumption, and exposure to all of the products is safe when used as intended and as instructed. It is our policy to comply with all applicable Federal, State and local laws.

<u> Product Lines</u>

Bon

Encompasses our full product line of premier contractor grade tools. We put our trusted name behind every product we sell.

Bon

These products have been identified by an overwhelming majority of contractors as the best quality and value available.

CORWON

Product line of decorative concrete tools and materials to meet demands of this popular and growing trade.

STEEL CITY TROWELS

Precision ground professional grade finish trowels made of Golden Stainless Steel, Carbon Steel, Razor Stainless Steel or Blue Steel.

KEYSTONE FORGED

Forged from a single piece of specially formulated carbon steel and heat tempered for uniform hardness that will not weaken.

Bon River Works

Bon RiverWorks[™] line of construction bars, sledges and other general jobsite tools are exclusively Made in USA.

Bon Lancer

Represents a line of imported tools that includes construction bars, sledges and other general jobsite tools.

An economical option for professional contractors at a lower price point, but having a better quality than DIY

Thrifty Bon

This line is provided specifically for the DIY trade, at a value price point for the homeowner and non-professional.

Wha Lite 14 BON

Darbies and floats constructed of lightweight aluminum or hollow extruded magnesium for easy maneuverability and less strain on the jobsite.

SPRAY SOK

Protective hood-type safety wear popular for multiple construction trades.

Bonfire

Private label products for select Bon items, such as grout bags, tool bags, line pins and line blocks.

Look for the Blue Handle . .

Introducing.

Mason's Track Platform Hoist

- Industry-proven for reliability, portability and versatility
- · Rugged enough to handle tons of material a day, with single payloads of up to 400 lbs.
- · Gas and electric driven power units are designed for safe, one-hand operation
- · High-strength aluminum extruded track provides years of service with minimum maintenance
- . Three section sizes allow assembly of up to 44 ft. (Must use ladder support)
- Track sections are joined with splice plates, bolts and lock nuts
- · No special tools required
- · 110V electric platform hoist will save labor and increase production

DVD/CD - Brick Masonry Techniques **For Architects**

· Demonstration of proper construction techniques with basic masonry that are designed to help architects evaluate construction conditions and practices in the field, as well as ensuring that designs and specifications are followed by contractors on the work site.

Masonry Skills Textbook, 7th Edition by Richard Kreh

- · Introduces core concepts such as safety, tools,
- equipment and manufacturing processes · Covers essential skills such as estimating,
- brick and block laying, building corners, chimneys and arches
- · Includes historical significance of how each material evolved
- · Practical advice on maintaining structures
- Seventh edition

			and the second second

Camper Axe

- · Hand polished, forged steel head
- · All steel construction with sharpened cutting edge
- · Shock Reduction Grip reduces impact vibration by 70% · Includes heavy duty ballistic nylon sheath

Estwing 3

- **Camper's Axe** · Molded shock reducing grip handle
- · Forged in one piece steel
- · Includes sheath

VAUGHAN

Sub Zero Michigan Axe

- · Superior balanced axe for reduced fatigue
- · Forged specially hardened hollow ground blade(s) for deep cuts and easy release
- · Stands up to temperature extremes

CONCRETE TOOLS

Bon **Mustang Power Screed** · Reliable performance and operator comfort

- All angle ergonomic handle provides 360 degree quick adjustment for less fatigue
- Handlebar throttle control
- · Tilt-up stand keeps unit upright · Equipped with an emergency shut off switch
- · Use quick change Aluminum Float Pan Blades - sold separately

PART #	ENGINE	
82-547-B6	1.6 HP Honda GX35	
50-496-B4	Replacement Throttle Cable	
2011 Color		

Bon

Pony Power Screed

- · Heavy rubber mounts to reduce the vibration level on the handle
- · Tilt-up stand keeps the engine out of concrete or off the ground obstacles
- One piece casting body easy connect to engine
- · Equipped with an emergency shut
- off switch
- Use quick change Aluminum Float Pan Blades - sold separately

PART #	ENGINE	
82-546-B6	1.6 HP Honda GX35	
50-496-B4	Replacement Throttle Cable	

Bon

- **Aluminum Float Pan Blade**
- · Cut and finish in a single pass
- · 9" center to center hole spacing
- . For use on Bon Pony Power Screed (#82-546) and Bon Mustang Power Screed (#82-547)
- . The rounded ends of the blade make it easy to go around obstacles

Bon'

Electric Speedy Screed

· Attaches guickly to your own screed board, up to 16' wood boards.

- or up to 20' aluminum or magnesium boards
- · Works faster than manual screed board and allows a drier concrete to be poured
- · Comes with 8' of electric cord and a remote switch · Runs on 120 volt AC 50/60 HZ 2 amps

PART

12-399-B3

Bon'

- **Concrete Vibrators**
- · Electric motor housing is cast aluminum, protected by a roll cage which is also a stable base
- Heads are factory sealed; doesn't need to be
- field lubricated
- · Built rugged for trouble free service
- · Choose motor, shaft length and head size

Bon **Backpack Vibrator**

- · Reliable Honda, air-cooled, 4 stroke
- engine

NEW

- · General construction applications such as footings and stem walls, decks, driveways
- and stairways
- · 1 liter fuel tank
- · Can power a flex shaft in excess of 20'
- 1-1/2" diameter shafts sold separately

Husqvama

Core Bit

- For use with Bon #22-803
- General purpose drilling of concrete and masonry
 Will drill through hard/soft concrete with
 reinforcing
- Will also drill through granite, marble and stone
 Other size bits are available
- Segment Height is .308"

Foundations & Concrete Work

- by Editors of Fine Homebuilding
- · Guide to laving a foundation that will not fail · Covers the basics of working with concrete, from forming reand pouring , to tips and advice to keep a basement dry.

SIZE

1'

PART #	DETAIL	PAGES	STYLE	
16-138-B2	Text	272	Paperback	

- · Works in feet, inches, fractions, vards and meters - including square and cubic formats · Quick linear, area and volume
- calculations · Store your measurements

blocks, bricks, paint and gravel

· Works as a standard calculator

#	
6-B5	

· Reduce waste, improve design accuracy and cut estimating time · Works in yards, feet-inch fractions, area, volume, weight and loads

Concrete Calculator

- · Instant square-up and drop for layouts · Rebar solutions including inset
- and weight
- · Find number of bags of cement required for small jobs
- · Complete stair layouts set riser height and tread width
- · Built in functions provide problem solving for: Equal sided polygons; blocks and footings; circle arc, column, cone and circumference

Bon

Concrete Chute Scraper

- · Made from aluminum
- · Use with any threaded bull float handle
- · Handle not included

Bon

Romualdi Steel Concrete Fibers

- · Meets ASTM A820-06 Type II steel fiber specifications
- · Works well with slab on grade, shotcrete, or composite metal deck constructions
- · Designed to maximize the bond between steel fibers and concrete
- · Made from low carbon steel

Veneer Stone Mold

- · Use this mold to create your own concrete veneer stones
- · Molds have five cavities to produce different sized stones
- Concrete can be colored using BonWay Ironoxx[™] Concrete Coloring Agent
- · Vary the Ironoxx dosage and color range for random stone look.
- Dust the inside of the mold with True Color™ Release for color contrast and easy release
- · Stones can be colored with acid stain or water-based stain · Produces stone sizes:
- 13" x 9" - 9" x 4-1/2"
- 13" x 4-1/2" 4-1/2" x 4-1/2"
- 9" x 9"

#32-325 Blue Stone B Sawn Edge

COLOR CHART

Colors shown are approximate of the appearance of various BonWay™ products. Variations should be

expected due to job site conditions and finishing techniques. Color samples shown appear glossier than finished concrete. A test pour should always be performed

GORMAN

True Color Concrete Hardener

· Surface applied dry shake color and surface hardener produces a hard, durable, abrasion resistant surface · Formulated to create a uniform consistent color

Application:

- · Apply using the broadcast method after concrete has been placed, screened, floated and excess bleed water has disappeared from the surface.
- Use alone or together with Bon's True Color[™] Release Agent.
- · Coverage requirements vary according to the color selected and intended use.
- · Apply at a rate of 60 lbs. per 100 sq. ft.
- · Lighter colors may require as much as 100 lbs. per 100 sq. ft.

SOILMAN

- **True Color Release Agent** · Specially formulated, colored powder that prevents
- texture mats and rollers from adhering to freshly placed concrete
- · Texture mats will not work without the use of release agent

Application:

- · Apply to concrete and the texturing tool after coloring application and while the concrete is in a plastic state
- · Generally 3.5 lbs, of material is required per 100 sq. ft.
- · 5 gallon container covers approximately

800-1000 sq. ft.

32-440 -B6 BORMAN

PART #

True Etch Concrete Acid Stain

- · Deeply penetrates, permanently coloring the surface of cured concrete
- · Creates an uneven mottled appearance common to natural stone
- · Available in 4 colors for interior or exterior applications
- Technical Bulletin (TB32350) is available by request

Application:

- · Resulting color depends on the many variables of concrete · Contains hydrochloric acid and reacts with the cement in cured concrete
- · Very old or weathered concrete may not contain the necessary chemicals to produce an acid etch
- · Coverage is approx. 150-200 sq. ft. per gallon, per application

BERMAN

- Ironoxx[™] Integral Concrete Pigment
- Pigments are manufactured to the strictest quality control standards to assure uniform and consistent coloring
- Recommended for coloring ready-mix concrete and other masonry products including concrete blocks and pavement
 Available in 10 and 25 lb. disintegrating bags

Application:

- Disintegrating bags can be added directly to the concrete
 Approximate mix ratios:
- 1 or 2 lbs. of Ironoxx[™] per 94 lb. bag of cement for light shades
- 2 or 4 lbs. of Ironoxx^m per 94 lb. bag of cement for medium shades
- 5 or more lbs. of IronoxxTM per 94 lb. bag of cement for darker shades
- Using grey cement will result in "buff" or softer color
- · Using white cement will result in "brighter" or pastel color
- To ensure consistent color, keep all variables the same from batch to batch
- Variations in the mix design, mixing time, and curing conditions, will affect the final color
- Always perform a sample batch to confirm acceptability the color result

BORMAN

Epoxy Floor Primer Kit

- · A two part water based system used to prime concrete or masonry surface for the application of a Build Coat
- · Kit consists of 2 1 gallon cans of Part A and 2 -
- 1 quart cans of Part B

Application:

- · A kit will provide 2 gallons of material with a
- coverage rate of approximately 230-320 sg. ft. per gallon · Apply with 1/4" or 3/8" nap roller

PART #	KIT SIZE	COLOR	
32-930 -B5	2 gallon	Clear	

Epoxy Floor Build Coat Kit

- · A two part 100% solids epoxy coating designed to provide a
- high build, colorfast and impact resistant floor · Build Coat is available in five colors and is suitable as a finish coat
- · Kit consists of two, 1 gallon cans of Part A and two, 1/2 gallon cans of Part B

Please note: Epoxy Build Coat is not UV stabilized and should not be used in sunlight impacted areas, unless coated with a solid color urethane sealer or 100% paint chip coverage.

Application:

- · Can be applied directly to the Epoxy Primer coat
- A kit will provide 3 gallons of material with a coverage rate of 53-130 sq.ft. per gallon depending on the required thickness
- · Optional colored paint chips can be added to Build Coat application for a more decorative appearance
- · Apply with 1/4" or 3/8" chemical resistant nap roller

GORMAN

Clear and Solid Color Urethane Sealer Kits

- These polyester/aliphatic polyurethane coatings exhibit excellent characteristics for abrasion, chemical resistance, flexibility, weathering and UV stability
- VOC compliant
- · Recommended for garages, auto service centers, warehouses, computer rooms, laboratories, aircraft hangers and other chemical exposed areas.
- · Clear Sealer is a one part, high performance, clear urethane sealer. Covers 320-800 sg. ft. per gallon
- · Solid Color Sealer Kit is a two part, abrasion resistant and UV protection for epoxy build coat. Solid Color Sealer can be coated with clear sealer for additional protection
- · Kit consists of two, 1 gallon cans of Part A and one. 1 gallon can of Part B. Covers 320-500 sq. ft. per gallon

Please note: Urethane Sealers will have a strong odor for 48 hours and should be applied in well ventilated areas only.

Application:

· Can be applied diectly to the Epoxy Build coat or paint · Apply with 1/4" or 3/8" chemical resistant nap roller

Somman

Concentrated Concrete Cleaning Detergent

- Recommended for general purpose concrete and construction site cleaning
- Ideal for power washing concrete to remove construction dirt
- Removes natural biological stains including:
- mold, algae, mulch and pollen stains
- Works well on food and automobile fluid stains
- Use with a pressure washer or
- scrub brush • Mix with water at a 4:1 ratio
- Mix of 5 gallons will clean
- approximately 1000 sq. ft.

PART #	COVERAGE	MIX RATIO	SIZE
32-305-B5	1000 sq. ft. (after mixing)	4:1	1 gal. / yields 5 gal.

Gonta

Gloss Restorer

- Gloss Restorer is a water-based product that restores and improves the original shine, gloss and luster of previously sealed concrete surfaces
- · Creates a super high-gloss appearance
- · Covers 300-400 sq. ft. per gallon
- · Meets the VOC requirements of the SCAQMD
- Allows for multiple applications without fear of 'blushing' or whitening

PART #	COVERAGE	CONTENT	VOC	SIZE
32-923-B6^	300-400 sf	<350 g/L	Low	1 gal.
32-922-B6^	1500-2000 sf	<350 g/L	Low	5 gal.

"Bio Release" Form Release

- Dual action, biodegradable, emulsified concrete form release agent suitable for use with all types of forming materials
- Contains 60% solids
- · Use on steel, fiberglass, wood, and plastic
- (including elastomeric-PVC and EPS)
- Will not stain or leave any surface finish
 Material must be clean and free of dust, dirt and bardened concrete
- Covers 800 sq.ft. per gallon

Gontation

Concentrated Evaporation Retarder • Mix with water at a 9:1 ratio

- Mix with water at a 9:1 ratio
- Reduces surface moisture loss by approximately 80% in windy conditions and 40% in direct sunlight
- Keeps surface plastic and "finishable" for a longer time
 Will not interfere with the

Cut, Sewn and Stitched in Pennsylvania!

Spray Sok[™] is the trusted name for protective hood-type apparel. Now these Sok head coverings are made in Pennsylvania with the finest materials sourced in the U.S.A.

The original Sok and longer chest length Hood Sok are made of all cotton, open mesh fabric that absorb moisture and allow skin to breath for maximum cooling and comfort. Hood Soks made of a flame resistant NOMEX fabric and permanently dyed black S.W.A.T. fabric are also available.

Can be positioned to expose just eyes, eyes & nose, or eyes, nose & mouth!

Flexible snug fit with no peripheral vision restriction!

2019 Terms & Conditions

PAYMENT TERMS:

- . For established accounts, 1% 10 days net 30 days.
- . U.S. funds only.
- · Visa, MasterCard, American Express & Discover are accepted.
- · International Orders must be paid before shipment.

TERMS OF SALE

- · Payments are due 30 days from billing date.
- Past due invoices are charged 1.5% interest per month on the unpaid balance (annual percentage rate of 18%).
- Customer agrees to pay all costs incurred by Bon Tool Co. in the enforcement of company's rights, caused by delinquent payment, including all attorney fees (minimum reasonable fee will be 15%).
- All claims for adjustment must be presented in writing no longer than 30 days from the invoice date in question, otherwise such claims are waived.

TIME OF DELIVERY

. Bon Tool Co. attempts to ship orders within 24 hours. Bon Tool Co. is not responsible for any loss or damage resulting from a delay in filling orders.

MINIMUM ORDER

• No minimum order.

QUOTATIONS

· Quotations on large quantities are prepared upon request.

FREIGHT TERMS

- . The freight code is indicated by letter in the product code.
- . For a single destination in the continental USA, orders totaling \$900 net or more of "B" or "T" items are freight prepaid.
- Product codes containing a "C" label do not qualify for prepaid freight.
- International orders will be shipped FOB Gibsonia, Pennsylvania, USA.
- . Bon Tool Co. will determine the routing. Special routing requests may cause additional shipping charges on the customer's invoice.

SHIPPING RESTRICTIONS

- · Items coded with a "B" can be shipped by UPS.
- . Items coded with a "C" or "T" must be shipped via Common Carrier.

RETURNED GOODS

- · Returns must be authorized in advance.
- Indicate on all paperwork and packages the Return Goods Authorization number (RGA) that was supplied by Bon Tool Co. Include a copy of your invoice or packing list.
- . A 10% restocking charge will be deducted from the return credit.
- · Customer is responsible for return freight charges.
- . Items must be returned in new condition, within 30 days of invoice date.
- SHORTAGE, DAMAGE OR PROOF OF DELIVERIES
- · Delivery is FOB shipping point.
- · Title of product transfers upon delivery to carrier at point of shipment.
- . In case of damage or shortage, notify the delivering transportation agent and file a claim immediately. All claims must be made within 30 days.
- . Bon Tool Co. will assist the customer in filing claims for unusual losses.

LIABILITY

- Bon Tool Co. is in no way liable for claims in incidental or consequential damages connected with the manufacture, sale, delivery or use of any of its
 products.
- · Follow all applicable ANSI and OSHA Codes and Regulations for use with all Bon Tool co. products.
- All photographs and drawings are for illustration only. Bon Tool Co. is not responsible for typographical, pictorial or pricing errors in this catalog or any Bon Tool Co. literature.

COPYRIGHT

- . The Bon Tool Co. catalog and all company literature is copyrighted.
- . No portion of the catalog or literature may be reproduced without the express written permission of Bon Tool Co.
- Violation may result in prosecution.

EXPORT SERVICES

- · A pro forma invoice showing CIF can be prepared upon request.
- Payment for international orders is accepted in US funds only via wire transfer, credit card or other specified method.
- · Bon Tool Co. has the expertise and experience to ship orders worldwide.
