CSA SAFETY CERTIFIED

The Tera Pump TRFA01 is officially certified and rigorously tested by the CSA Group.

This assures that our product's handling of electronics and gasoline are absolutely safe to use according to the high standards of ANSI, UL, CSA, and NSF.

QUALITY BUILD & MATERIAL

NO
LEAKS

TERA PUMP

LEAKS

OTHER PUMPS

NO-LEAK TRANSFER

Our advanced build prevents leaking from the pump head during fuel & liquid transfer.

This enables liquid transfer without the need to securely attach to a container spout!

Transfer with no worry!

HOW TO USE

1 INSERT x4
AA BATTERIES

2 INSERT OUTTAKE
& INTAKE HOSE

3 TURN ON AND
LET IT FLOW
