

Uvex® Lifetime Frame Guarantee

We stand behind our product offering 100% – no questions asked! All Uvex styles that offer replacement lenses come with our Lifetime Frame Guarantee. What does this mean? If the frame breaks, Uvex will replace it at no cost to you. Now you can offer your workers the highest performance safety glasses very economically.

You Don't Always Have To Buy New Eyewear...You Might Only Need the Lens

Many of the most popular Uvex eyewear styles—including the Genesis® family—come with a lifetime frame guarantee AND an easy and cost-effective lens replacement system.

Because replacement lenses are a fraction of the cost of a complete set of eyewear, by using replacement lenses, you can reduce your annual safety eyewear expenditures while reaping the benefits of high quality eyewear for less money over time.

Uvex puts everything within reach.
