FORD TRUCK BED BOLT REMOVER TOOL

New VIM Tool available for the Torx Plus® bolt on the 2017 FORD Truck beds. The beds on the FORD Truck beds have a low profile EP24 Torx Plus® fastener holding the truck bed to the frame , and you need this NEW Tool from VIM to get this done.

This EP24 Torx Plus® on 1/2" square drive is made with chromoly steel and is fully heat treated for a lifetime of use.

Limited Lifetime Warranty

Made In Taiwan Exclusively For Vim Tools
