# PERFORMANCE CHEMICALS

VP's "Madditive™" line of performance chemicals for automotive & motorsports applications are engineered to improve performance and save you money at the pump and at the shop. VP's reputation for quality and performance set this line apart from the competition. VP Madditives are engineered with the same leading technology and passion for performance that VP's 'Mad Scientist™' brings to our race fuels.

## STREET-LEGAL FORMULAS (EPA registered):

### **Power Boost™**

Combustion Enhancing Additive

**Power you can feel.**

Restore the power your engine once had. Cleans fuel system and removes deposits from the combustion chamber. Power Boost gives you a "seat-of-the-pants" jolt that makes driving fun again, while reducing the need for higher-octane gasoline.

**2oz. treats up to 5 gallons (19 Liters)**

**16oz. treats up to 18 gallons (68 Liters)**

- Increases horsepower
- Improves vaporization & enhances combustion
- Restores lost power
- Reduces need for higher octane
- Cleans fuel system, removes deposits from combustion chamber
- Provides "seat-of-the-pants" power boost
- Reduces or eliminates knocking and pinging
- For use in all 4-cycle & 2-cycle gasoline engines
- 2oz containers for powersports applications

**2oz. UNIT: Part #2822**  
**CASE OF 12: Part #2828**

**16oz. UNIT: Part #2825**  
**CASE OF 9: Part #2827**

---

### **Fuel System Cleaner with RP21™**

Cleaning Additive

**Cleaner. Better.**

Clean your entire fuel system for up to 5000 miles. VP's Fuel System Cleaner increases fuel mileage, restores performance, and virtually eliminates knocks and pings. The advanced formula reduces harmful emissions in all street and off-road uses.

**16oz. treats up to 20 gallons (76 Liters)**

- Cleans entire fuel system
- Provides 5,000 mile protection
- Increases fuel mileage
- Reduces engine's need for higher octane
- Cleans pistons, rings, valves and restores performance
- Virtually eliminates knocking and pinging
- Reduces harmful emissions
- For use in all 4-cycle & 2-cycle gasoline engines

**16oz. UNIT: Part #2805**  
**CASE OF 9: Part #2807**

# MADDITIVES™

## **Diesel All-In-One Fuel Conditioner™**

Fuel Conditioning Additive

**Treat your Diesel right.**

Get more out of your diesel engine with Diesel All-In-One Fuel Conditioner. All-In-One Fuel Conditioner cleans injectors and pumps, increases cetane, and replaces lost lubrication. Increases fuel mileage and reduce smoking. Protects petroleum based (ULSD) and biodiesel applications and disperses water.

**16oz. treats up to 160 gallons (605 Liters)**

**24oz. treats up to 240 gallons (908 Liters)**

**64oz. treats up to 640 gallons (2,423 Liters)**

- Cleans injectors and pumps
- Increases cetane and replaces lost lubrication
- Reduces smoking while increasing fuel mileage
- Provides biodiesel protection
- Disperses water
- Anti-gel to -40°F
- Synthetic fuel catalyst
- Cleans sludge deposits

**16oz. UNIT: Part #2838**

**CASE OF 9: Part #2839**

**24oz. UNIT: Part #2835**

**CASE OF 6: Part #2837**

**64oz. UNIT: Part #2833**

**CASE OF 4: Part #2836**

## **Fuel Stabilizer with ETHANOL SHIELD™**

Ethanol Protection Additive

**Stability for the long road ahead.**

Eliminates the problems caused by ethanol fuel while reducing heat and extending engine life. Fuel Stabilizer with Ethanol Shield protects your engine and prevents repairs.

**2oz. treats up to 20 gallons (75 Liters)**

**8oz. treats up to 80 gallons (303 Liters)**

- 3 year fuel stabilizer\*\*
- Eliminates ethanol fuel problems
- Protects and prevents need for repairs
- Extends engine life
- Reduces heat
- For use in all 4-cycle & 2-cycle gasoline engines
- For use in every tank fill up

\*ETHANOL SHIELD™ is a registered trademark of B3C, LLC.

\*\*Up to 3 years – 1oz. per 1 gallon of fuel

**2oz. UNIT: Part #2812**

**CASE OF 12: Part #2818**

**8oz. UNIT: Part #2815**

**CASE OF 9: Part #2817**

## STREET-LEGAL FORMULAS (EPA registered):

---

### **7-In-1 Fuel Treatment**

Fuel Treatment

**Feel the difference.**

7-in-1 Fuel Treatment is designed to make driving enjoyable again by removing deposits from the combustion chamber. Users will feel the difference after a one tank treatment. Use in all 4-cycle and 2-cycle gasoline engines and feel the difference on your drive or ride.

**16oz. treats up to 20 gallons (75 Liters)**

- Increases horsepower
- Improves vaporization
- Reduces or eliminates knocking and pinging
- Increases fuel economy
- Boosts octane
- Cures ethanol problems
- Stabilizes fuel and cleans injectors
- Reduces emissions

16oz. UNIT: Part #2848  
CASE OF 9: Part #2849

---

### **Cool Down**

Coolant Performance Improver

**Runs up to 30° cooler.**

Cool Down is a coolant performance improver for high-performance radiator systems, decreasing cylinder head temperatures up to 75F°!

**16oz. treats up to 20 quarts (18 Liters)**

- Increases coolant flow for better heat transfer
- Lubricates all vital components without the crystallization of other coolant additives
- Won't harm radiators or water pumps
- Approved by most race sanctioning bodies

16oz. UNIT: Part #2085  
CASE OF 9: Part #2086

## RACING FORMULAS (for Off-Road Use **Only**):

### **Octanium™**

Octane Concentrate

**Increase your numbers, Octane numbers.**

Blended for off-road racing applications, Octanium increases gasoline octane up to 8 numbers, improves throttle response and acceleration, while eliminating knocks and pings.

**32oz. treats up to 10 gallons (38 Liters)**

- Increases octane up to 8 numbers / 80 points
- Increases horsepower
- Eliminates knocking and pinging
- Lead substitute
- Improves throttle response & acceleration
- Cleans fuel injectors
- Eliminates gum and varnish build-up

QUART UNIT: Part #2855  
CASE OF 8: Part #2857

---

### **Cetanium™**

Cetane Concentrate

**An explosion of power.**

Increase cetane for off-road racing diesel applications. Cetanium cleans injectors and pumps and will increase your fuel mileage while it replaces lost lubrication.

**32oz. treats up to 10 gallons (38 Liters)**

- Increases cetane up to 10 numbers
- Increases horsepower
- Cleans injectors and pumps
- Increases fuel mileage
- Prevents sludge and deposits
- Provides protection for biodiesel applications
- Reduces smoking
- Replaces lost lubrication

QUART UNIT: Part #2865  
CASE OF 8: Part #2867

# RACING/PERFORMANCE LUBRICANTS

## PRO GRADE RACING OILS:

VP Professional Grade Full Synthetic Racing Oil is formulated for success with cutting edge chemistry for race track applications. It is recommended for big block race engines. The oil is formulated to deliver superior durability and friction control for maximum power and protection. It is suited for professionals, semi-pro and high intensity amateur racers for on track applications. It is not designed to be compatible with top-fuel/nitro drag racing or catalytic converters found in most street cars. Do NOT mix oil additive supplements with the VP Professional Grade Full Synthetic Racing Oils.

### Product benefits include:

- Enhanced durability
- Friction Control/Wear Protection (FCW Technology)
- Full synthetic base oil protection
- Anti-wear chemistries including high levels of ZDDP providing outstanding wear protection
- Cutting edge balance of friction and viscosity modifiers to significantly reduce friction, increase horsepower and lower operating temperature
- Aggressive detergent dispersant package minimizing oxidation, soot thickening, sludge and engine deposits
- High Temperature / High Shear protection
- Anti-foam additive chemistry
- Protects flat tappet and roller cams
- Available in SAE 0W-20, SAE 5W-30, SAE 10W-40 and SAE 15W-50
- SAE 15W-50 recommended for most drag race applications (gasoline, ethanol, methanol)

PRODUCT DESCRIPTION	PART #	SIZE / QUANTITY
VP Pro Grade Full Syn 0W-20	2715	1 Quart
VP Pro Grade Full Syn 0W-20	2717	1 Quart X 12
VP Pro Grade Full Syn 5W-30	2725	1 Quart
VP Pro Grade Full Syn 5W-30	2727	1 Quart X 12
VP Pro Grade Full Syn 10W-40	2745	1 Quart
VP Pro Grade Full Syn 10W-40	2747	1 Quart X 12
VP Pro Grade Full Syn 15W-50	2755	1 Quart
VP Pro Grade Full Syn 15W-50	2757	1 Quart X 12

# HI-PERFORMANCE MOTOR OIL:

VP Hi-Performance Synthetic Blend Motor Oil is designed to deliver increased power and wear protection on and off road, highly stressed, high performance gasoline engines. It is suited for small block race engines and classic, historic, vintage, hot rod, street rod, muscle and other enthusiast applications. It is not designed for drag racing, professional racing or to be compatible with catalytic converters found in most street cars. Do NOT mix oil additive supplements with the VP Hi-Performance Synthetic Blend Motor Oil.

## Product benefits include:

- All synthetic blend protection
- Enhanced levels of ZDDP and other anti-wear chemistries
- Cutting edge viscosity modifiers that control sludge, soot and deposits, reduce wear and improve low temperature operation
- Protects flat tappet and roller cams
- Exceptional rust and corrosion protection while running, not operating or being stored
- High Temperature/High Shear protection
- Meets the performance requirements of API SN (SAE 10W-40, SAE 20W-50) API SL (SAE 10W-30)
- Available in SAE 10W-30, SAE 10W-40, and SAE 20W-50

PRODUCT DESCRIPTION	PART #	SIZE / QUANTITY
VP Hi-Performance Syn Blend Motor Oil 10W-30	2955	1 Quart
VP Hi-Performance Syn Blend Motor Oil 10W-30	2957	1 Quart X 12
VP Hi-Performance Syn Blend Motor Oil 10W-40	2965	1 Quart
VP Hi-Performance Syn Blend Motor Oil 10W-40	2967	1 Quart X 12
VP Hi-Performance Syn Blend Motor Oil 20W-50	2975	1 Quart
VP Hi-Performance Syn Blend Motor Oil 20W-50	2977	1 Quart X 12

# RACING/PERFORMANCE LUBRICANTS

## Engine Break-in Oil

### 10W-40

VP Break-In Engine Oil is a unique, multi-viscosity break-in oil formulated with a blend of high quality conventional base stocks, ZDDP, Moly and other additive chemistry to allow a newly machined engine to properly finish seating and mating of machine engine parts. It is recommended for use when breaking in newly assembled engines.

#### The product benefits include:

- Conventional base stocks for enhanced film strength
- Shear stable viscosity index improver
- Will not impede ring sealing
- Formulated with ZDDP and Moly to aid wear control
- Provides ultimate protection for flat tappet, roller cam, push rods, cylinder walls, cam gears, pistons and other critical engine components during break-in process
- Use for initial 15-20 pulls/50-100 road miles
- Available in SAE 10W-40

QUART: Part #2415  
CASE OF 12: Part #2417

---

## Engine Assembly Lube

VP Engine Assembly Lube is a premium high viscosity lubricant providing superior protection against scuffing, galling and metal transfer during the assembly and critical break-in process.

#### The product benefits include:

- Superior load carrying ability
- Excellent film strength preventing wear
- Zinc, phosphorus and moly anti-wear additives providing protection from excessive wear
- Miscible with synthetic and conventional oils
- Pre-lube protection for engines including cylinder walls, piston skirts, bearings, camshafts, cam lobes, lifters, wrist pins and other valve train components
- Non-drip or run formula due to its tacky nature
- Outstanding rust and corrosion protection during assembly and shipment

12 OZ: Part #2251  
CASE OF 12: Part #2257

## Gear Oil

VP Hi-Performance Gear Oil SAE 80W-90LS is a multi-purpose hypoid gear oil formulated to meet the latest manufacturers' requirements requiring an API GL-5 lubricant. The product is formulated with high quality base stocks and unique extreme pressure additives that minimize wear under high speed, high load and low speed, high torque conditions.

### The product benefits include:

- Outstanding load carrying capability
- Excellent anti-scuff, anti-weld and anti-wear protection
- Non corrosive formula that provides excellent rust and corrosion protection
- Minimizes sludge, varnish and foaming
- Outstanding protection in low ambient temperatures
- Limited slip performance reducing chatter with improved traction

QUART: Part #2895  
CASE OF 12: Part #2897

*Meets the requirements of most differential and manual transmissions requiring an API GL-5 gear oil and for the following specifications: API GL-5, API MT-1, MIL-PRF-2105E, Mack GO-J and PG-2 Limited Slip. Always consult your engine builder or owner's manual for the correct service category and/or viscosity grade.*

# RACING/PERFORMANCE LUBRICANTS

## Full Synthetic Gear Oil

VP Full Synthetic Hi-Performance Gear Oil SAE 75W-90LS is a superior full synthetic, extreme pressure, multi-purpose GL-5 gear oil designed to exceed the needs of automotive gear applications and race cars under high speed, high shock load and low speed, high torque conditions. The product is formulated with exceptional frictional properties to reduce friction resulting in increased power, lower operating temperatures, reduced start-up wear and improved fuel economy.

### The product benefits include:

- Full synthetic formulation
- Outstanding thermal stability that resists high temperature oxidation and deposits
- Superior shear stability minimizing viscosity loss while retaining solid film strength and wear protection under severe service
- Excellent rust and corrosion protection as well as resistance to foaming
- Limited slip performance reducing chatter with improved traction
- Compatible with conventional and synthetic gear oils and most limited slip differentials

*Meets the requirements of most differential and manual transmissions requiring an API GL-5 gear oil and for the following specifications: API GL-5, API MT-1, MIL-PRF-2105E, Mack GO-J and PG-2 Limited Slip. Always consult your engine builder or owner's manual for the correct service category and/or viscosity grade.*

QUART: Part #2885  
CASE OF 12: Part #2887

## M2 - Upper Lube and Performance Additive

M2™ protects the investment in your methanol or ethanol powered engine and will more than pay off at rebuild time.

### The product benefits include:

- Protects Valves & Guides
- Protects Aluminum fuel system parts
- Protects Cylinder Walls
- Rated for Superchargers

16 OZ: Part #2016  
CASE OF 12: Part #2019

16 OZ (scented): Part #2076  
CASE OF 12: Part #2079

# TRACTION COMPOUNDS

## LC5 TRACTION COMPOUND GALLONS NOW AVAILABLE

GALLON: Part #2885  
CASE OF 12: Part #2887

VP's highly regarded Lane Choice 5 traction compound is now available in 1-Gallon containers. LC5 improves track performance in all weather conditions, maximizing traction for high performance cars regardless of weight or horsepower. It works effectively on all hard surfaces and the new 1GL container now makes application more convenient.

### LC5 Improves Traction and Performance in All Weather Conditions

- Maximizes traction for high performance cars regardless of weight or horsepower
- Does not soften tires
- Resists water
- Works effectively on all hard surfaces

## ***VP PowerWash™***

VP PowerWash is a powerful cleaner specifically formulated for the unique demands of powersports, R/C hobby vehicles and other applications. Engineered with the same type of leading technology and passion for performance that the “Mad Scientist” brings to VP’s race fuels, the concentrated dual-action detergent in VP PowerWash rapidly dissolves caked up dirt and mud, suspends and floats away dirt and grease, without leaving streaks or spots. It’s safe on all surfaces, won’t dull aluminum and leaves a brilliant finish every time. VP PowerWash is available in three formulas:

### **GALLON CONCENTRATE:**

**GALLON UNIT:** Part #M10011  
**CASE OF 4:** Part #M10018

### ***VP PowerWash™ Super Concentrate Formula***

Packaged in gallons that can be used alone for extremely dirty, muddy and/or large applications such as off-road vehicles or dirt track cars, as well as to refill Moto or R/C spray bottles when diluted with water.

---

### **QUART SPRAYERS:**

**QUART UNIT:** Part #M10025  
**CASE OF 12:** Part #M10027

### ***VP PowerWash™ Moto Formula***

Designed for powersports applications such as dirt bikes, ATVs and UTVs, as well as bicycles, including road, mountain and BMX.

---

### **QUART SPRAYERS:**

**QUART UNIT:** Part #M10035  
**CASE OF 12:** Part #M10037

### ***VP PowerWash™ R/C Formula***

Uses a less concentrated blend specifically formulated for all R/C vehicles including: off-road buggies, trucks, helicopters, planes, on-road cars and many more!

#### **Both sprayer formulas:**

- Remove tough stains other cleaners leave behind
- Won't streak or spot
- Remove exhaust residue & stains other cleaners leave behind

VP Power™ is a revolutionary collection of automobile cleaning products. They are environmentally friendly, safe on vehicle surfaces and safe on the user. Keep your car's interior and exterior looking its best. Easy applications and long lasting results, performance guaranteed.

## QUART CONCENTRATE:

**QUART UNIT:** Part #2119  
**CASE OF 12:** Part #2120

### ***VP Power No Rinse Wash & Shine - Cleans & Protects***

No rinsing required, leaves a slick, glossy finish, reduces water usage. Use on all vehicle surfaces. Great quick detailer & clay bar lube.

## 17 OZ SPRAYERS:

### ***VP Power Clean***

#### **All Purpose Cleaner**

Cleans tires and wheels, dissolves bugs, brake dust and oily residue. Safe for interior surfaces.

**17oz UNIT:** Part #2117  
**CASE OF 12:** Part #2118

### ***VP Power Wax***

#### **Patented UV Formula**

Lasts 4-5 months, applies in 15 minutes or less, no buffing and no residue.

**17oz UNIT:** Part #2112  
**CASE OF 12:** Part #2113

### ***VP Power Instant Detailer & Gloss Enhancer***

Repels dust, dirt and oil, fluoropolymer formula, adds maximum gloss and shine, for paint, metal, glass and plastic, apply on wet or dry surfaces.

**17oz UNIT:** Part #2110  
**CASE OF 12:** Part #2111

### ***VP Power Leather & Interior Detailer***

Restores and protects, no oily or slick residue, restores color in leather, vinyl and plastic, long-lasting uv protection, hides scratches.

**17oz UNIT:** Part #2115  
**CASE OF 12:** Part #2116

# VP SMALL ENGINE FUELS™

## *The Perfect Fuels for Gas-Powered Tools™*

By protecting the fuel system, VP Small Engine Fuel extends the engine life of gas-powered tools. This also avoids extra cost of repairs and downtime while achieving optimum performance and long-term durability with small engines. VP Small Engine Fuels are ethanol-free and engineered by the experts at VP Racing Fuels to:

- *Provide easier, more dependable starts.*
  - *Remain stable through the off-season and beyond in equipment fuel cells (at least 2 years); 5 years in a sealed container.*
  - *Prevent ethanol-related issues that fuel stabilizers can't fix.*
  - *Include the highest quality components ensuring better throttle response and increased power.*
  - *Eliminate the guess-work of measuring and mixing.*
- With VP-SEF, just pour it in and start it up!*

## **2-Cycle:**

VP-SEF 2-cycle blends use the highest quality, cleanest burning synthetic oil on the market. It's virtually smoke-free and substantially reduces engine wear and carbon deposits.

VP-SEF's lubricants package is **JASO FD** certified and meets or exceeds **ISO-EGD** and **API TC** standards, as well as all manufactures' specs, including the brands listed below:

### **40:1 Part #: 629(X)\***

- Craftsman
- Troy-Bilt
- Poulan
- McCulloch

### **50:1 Part #: 623(X)\***

- Stihl
- Husqvarna
- Echo
- Maruyama
- Shindaiwa
- ...and many more!

## **Multi-Mix:**

### **Part #: 681(X)\***

For consumers, VP-SEF Multi-Mix™ contains the highest quality broad spectrum synthetic lube on the market, making this the perfect blend for both 40:1 and 50:1 applications. VP's proprietary lube exceeds industry standards for lubrication - both **JASO FD & ISO-L-EGD**. For retailers, this revolutionary product can replace two SKUs with one, ultimately freeing up more shelf space for store owners.

## **4-Cycle:**

### **Part #: 620(X)\***

VP-SEF 4-cycle fuel contains no oil and passes the warranty requirements of all 4-cycle engine manufacturers, including:

- Briggs & Stratton
- Kawasaki
- Kohler
- Honda
- ... and many more!

## PRO-MAX™ Hi-Performance Professional Grade 2-Cycle Fuel

Part #: 683(X)\*

Pro-Max is specifically designed for the unique demands of high-load, high rpm professional chainsaws operating in high temperature and other extreme conditions. Its **97 octane rating** provides maximum detonation protection, especially when air cooling systems are restricted by wood chips, sawdust or sap-pitch, and during jobs requiring many starts and stops which can rapidly build heat within the engine.

Available in quarts, 5-gallon pails and 54-gallon drums.

- NO ETHANOL
- Significantly extends engine life
- **97 Octane** formula for extreme demands
- Unrivaled detonation protection

## Fix-It Fuel™ Fuel System Treatment

Part #: 663(X)\*

Fix-It Fuel is designed as a single use treatment for poor/non-running small engines damaged by ethanol-blended street gas. It cleans and rejuvenates the fuel system to start more easily and operate in top condition. Fix-It Fuel is a pre-mixed ETHANOL-FREE 89-octane gas + oil blend. Although mixed with oil at 50:1, it works in any 2- and 4-cycle small engine application. Fortified with Mechanic in a Bottle™\*, Fix-It Fuel cleans and repairs the fuel system without having to remove the carburetor or injectors, avoiding costly repairs and downtime. It's best used as a pre-treatment before introducing ETHANOL-FREE VP Small Engine Fuel which is designed for ongoing use to prevent ethanol-related problems from occurring in the first place.

- Cleans carburetors & injectors without removal
- Removes water that causes corrosion
- Rejuvenates rubber & plastic
- Reduces costly repairs & downtime
- Perfect pre-treatment before using Small Engine Fuel.

\*"Mechanic in a Bottle™" is a registered trademark of B3C Fuel Solutions, LLC.

\* = Part #'s: Replace "X" with...

"5" for single quarts, "8" for quart 8 packs, "1" for single gallon containers, "6" for gallon 6 packs, "2" for 5 gallon pails, and "4" for 54 gallon drums.

# VP SMALL ENGINE FUELS™ LUBRICANTS

## 2-Cycle Synthetic Oil

Offers industry-leading performance in your small engine with a high detergency formula, advanced fuel stabilizers added and a superb CRC test rating (8.85) that makes this lubricant the best in its class!

*Options: 1 Gallon Mix: 2.6oz, 2.5 Gallon Mix: 5.2oz, 5 Gallon Mix: 12.8oz*

- Reduces Carbon build-up & cleans piston rings
- Easier starting and low smoke
- Formulated with multiple anti-oxidants to keep fuel fresh up to 12 months
- Metal Deactivator protects from corrosive Ethanol
- Uses full synthetic base stocks for wear protection
- Multi-Mix formula for 50:1 and 40:1 applications
- Meets or exceeds **API TC, JASO FD, ISO-L-EGD**

Part #:*	Product:	Container Size:	Qty:
290(1)	2 Cycle Synthetic Oil - Mix for 1 Gal	2.6 Oz	Single
290(2)	2 Cycle Synthetic Oil - Mix for 1 Gal	2.6 Oz	24 Pack
290(3)	2 Cycle Synthetic Oil - Mix for 2 Gal	5.2 Oz	Single
290(4)	2 Cycle Synthetic Oil - Mix for 2 Gal	5.2 Oz	24 Pack
290(5)	2 Cycle Synthetic Oil - Mix for 5 Gal	12.8 Oz	Single
290(6)	2 Cycle Synthetic Oil - Mix for 5 Gal	12.8 Oz	12 Pack

---

## 4-Cycle SAE 30W Engine Oil

Formulated specifically for air-cooled 4-cycle engines, this oil was built to handle heat and abuse from small engines that traditional automotive oils weren't designed for.

*Available in 18oz or quart bottles*

- Proprietary additives offer extended protection vs. automotive oils
- 100% shear-stable formula for hot, air-cooled applications
- Exceeds requirements for all 4-cycle outdoor power equipment engines including Briggs & Stratton
- Package size is optimum for 4-cycle oil changes
- Meets or exceeds **API SJ**

Part #:*	Product:	Container Size:	Qty:
291(1)	4 Cycle 30wt Small Engine Oil	18 Oz	Single
291(2)	4 Cycle 30wt Small Engine Oil	18 Oz	12 Pack
291(3)	4 Cycle 30wt Small Engine Oil	1 Quart	Single
291(4)	4 Cycle 30wt Small Engine Oil	1 Quart	12 Pack

## Full Synthetic SAE 30/10W30 Engine Oil

A true flagship oil! This full-synthetic was designed for ALL 4-cycle outdoor power equipment engines - air cooled, liquid cooled, or diesel. Its dual grade viscosity spec means that it meets the standards for both 10W-30 and SAE 30.

- Exceeds standard 10W-30 and SAE 30 performance
  - 100% more shear stable vs. 10W-30 (longer life)
  - 30% wider VI range vs. SAE 30 (easier starting)
- Synthetic base stocks significantly reduce oil consumption
- Inherently biodegradable
- Meets viscosity specs for Kawasaki, Honda, Briggs & Stratton, Kohler & more
- Exceeds **API SJ** standards

18oz. UNIT: Part #2927  
CASE OF 12: Part #2928

QUART UNIT: Part #2921  
CASE OF 12: Part #2922

## Bar & Chain Oil

Not your average B&C oil! Formulated for greater performance within a wider temperature range than other's, this lubricant works optimally in both extreme heat as well as freezing temperatures.

Available in quart or gallon sizes

- Provides better protection for metal surfaces with anti-wear additives
- Rust & corrosion inhibitors protect your investment
- Contains elevated levels of tacifier
  - Reduces fling-off and maintains optimal lubrication

Part #.*	Product:	Container Size:	Qty:
293(1)	Bar and Chain Oil	1 Quart	Single
293(2)	Bar and Chain Oil	1 Quart	12 Pack
293(3)	Bar and Chain Oil	1 Gal	Single
293(4)	Bar and Chain Oil	1 Gal	4 Pack

## Hydraulic Oil

This Multi-Purpose AW46 hydraulic fluid was built to protect your outdoor power equipment with anti-wear additives, oxidation resistance additives and more!

Available in 2.5 gal bottles

- Optimized for log splitters, trenchers, tractors, etc.
- Formulated with premium base stocks and anti-wear additives
- Shear resistant & oxidation resistant

2.5 GALLON UNITS: Part #2942  
CASE OF 2: Part #2943

# VP FUEL HANDLING

---

## VP Power Spout

The Power Spout screws directly on to the pull out spouts found on VP Racing Fuels' 5 Gallon Pails making the transfer of liquids much easier. The ¼" vent tube allows air to flow in to the bottom of the container releasing the internal pressure resulting in a smooth and quick pour.

*NOTE: VP Power Spouts are designed to ONLY fit VP Racing Fuels 5 Gallon Pails, not 5 Gallon Motorsport or Sportsman's Containers.*

# VP CONTAINERS

---

## VP SureCan®

VP SureCan® is the most innovative gas can out there today! With the patented spill free technology, you will never have to bend over and tip your can or get gas on your hands ever again! The can features a rotating nozzle and thumb release trigger that allows the flow of the fuel to dispense from the bottom so you can let gravity do all the work! Other features include self-ventilation, comfortable grip, and durable design.

- EPA, CARB, DOT, Canada UL Certified
- Thumb trigger and locking system
- Self-venting
- Comfortable grip
- Child-proof fill cap and spout cap
- Durable design
- Flexible rotating spout (no more tipping!)
- Available in 2.2 Gallon and 5 Gallon

## VP Motorsportsman Containers®

VP's 5-GL Motorsportsman Containers® are made with only the highest quality virgin high-density polyethylene, including 30% more material than standard containers to withstand the roughest treatment. The containers are subjected to a 15-point quality test and carry a 3-year limited warranty against cracks, leaks or splitting. They feature an ergonomically contoured handle, bottom grip for easy pouring and a non-breakable multipurpose cap with rubber gaskets. Hose not included.

For Motorsports applications, The VP Motorsportsman Container® is intended only for use as a rapid refueling device for racing vehicles used in professional off road and closed course competition racing events. It is NOT a portable fuel container as described by ASTM, EPA, ARB or other state or federal agencies. Intended for racing fuel only; not to be used for street legal fuels.

**Note:** VP's new **Digital Tactical Container** is now available!

# VP CONTAINERS

---

For Sportsman applications, the VP Motorsportsman Container® is excellent for storage & transport of:

- Water
- Automotive & industrial fluid
- Deer corn, milo & oats
- Feed pellets, bird seed
- Rock salt
- Oil & liquid absorbents

Also great for mixing and dispensing:

- Animal attractants & feed
- Herbicides, insecticides and more

# VP POWERMASTER®

---

**VP PowerMaster® R/C Hobby Fuel:** With nearly 40 years of proven full-scale racing dominance, VP has transformed the time-tested formulation of VP PowerMaster into a premium fuel using its world-class facility and nothing less than the best ingredients. PowerMaster is blended to the tightest tolerances possible; tolerances that cannot be matched by other hobby fuel brands. It only makes sense that the “World Leader in Race Fuel Technology™” now produces the world’s best R/C fuel.

# VP POP

---

## *VP POP Displays*

In addition to all the great merchandise available from VP, we proudly offer the most convenient way to merchandise or display your assortment of VP branded accessories and apparel or even all that track day memorabilia. With 4-tiers of storage and a prominent header card to drive the brand home, this sturdy, compact and convenient rack offers anyone from consumer to dealer or distributor to make the most of your branded experience.

# WHAT'S BEHIND THE VP RACING FUELS® BRAND?

---

For over 40 years, VP Racing Fuels has developed the best racing fuels on the planet using world-leading technology.

VP has powered thousands of winners in every form of motorsport from drag racing, road racing and circle track cars to motorcycles, boats, snowmobiles ... even airplane racing.

Everything we do is born of the Mad Scientist's genius and passion for winning, which we achieve through our customer's success.

Besides race fuel VP now offers a variety of new products for which our mission is still the same - to help our customers and their equipment perform like champions!

## WHO IS THE "MAD SCIENTIST"™?

---

The "Mad Scientist" is the alter ego of VP's founder, a self-taught genius in chemistry and virtual maniac in his passion for performance and winning. In formulating fuels, the Mad Scientist stops at nothing to make more horsepower, enabling VP's customers to achieve their best performance.

## THE WORLD'S LEADER IN RACE FUEL TECHNOLOGY™

---

VP is now recognized by many as The World Leader in Race Fuel Technology™, with a catalog of over 70 fuel blends and a growing roster of VP-fueled champions across the entire spectrum of motorsports. VP's reputation for product quality, along with superior service and technical support, helped secure its position as the Official Racing Fuel of WeatherTech SportsCar Championship, AMA Supercross, World of Outlaws Sprint Cars, Pirelli World Challenge and Rally America, among more than 60 VP-sponsored series and sanctioning bodies.

# VP BRANDED FUEL STATIONS

---

With over 40 years of experience fueling cars on the track, the “Mad Scientist™” is taking the VP brand to the streets. Keep an eye out for a VP Fuel Station coming to a corner near you!

# VP FASTLUBE™

---

Most quick lube franchisors make it difficult for franchisees to be profitable and compete in the market. They require long-term contracts, excessive franchise, royalty and advertising fees as well as high prices for bulk lubricants. In addition, independent or company owned quick lube outlets may not benefit from the purchasing power or advertising of a recognized national brand. Branding with VP Racing FASTLUBE provides independence in operating your own outlet, increased traffic, reduced expenses, increased profits and the benefit of branding with a recognized national brand without paying excessive fees.
