2. Click 1X for high
Click 2X for medium
Click 3X for low
Click 4X to turn off

CHARGING THE INTERNAL BATTERY

Please charge before initial use. In order to prolong the life of the battery, be sure to fully recharge the unit every 3 to 6 months, even if the unit has not been used.

1. Connect the micro-USB end of the USB cable to the spotlight's input port.
2. Plug the other end of the cable into a USB power port such as a USB wall charger, USB car charger or power bank.
3. The charge indicator LEDs will illuminate red while charging and will turn green when fully charged (about 4 hours).
